Smith, of Leavenworth City, Mr. Patterson, of Nebraska, formerly of Indiana, Mr. Sears, of Lincoln county, Indiana, and a gentleman, a resident of Manhattan, Kansas, name unknown, from Belfast, Maine, on his way east to bring his family to the Territory, when about twenty miles from Kansas City, between Wayne City and Liberty struck a snag and was capsized, throwing the entire party into the river. Mr. Smith and Mr. Sears, succeeded in retaining their hold upon the hoat until she drifted on a sand-bar. The balance of the party named, with all the baggage wore lost. The bodies had not been recovered though

wanty lives were lost. No names have been given. The boat and cargo, consisting of 1000-bales of cutton, and a large number of cattle, are a total loss.

Legislature as regards the election of a U. S. Senator .-They have finally passed a resolution by 95 against 2, fixing the day of election of a Senator, on the 5th day of Jan uary next. From present indications either Mr. Guthric or ex-Governor Powell will be the man-we are inclined to think the latter gentleman will be the choice.

To-day the election in Kansas will take place, as ordered

by the Lecompton Convention. What the result will be is not for us to say, but we think, whother the woolly-heads vote or not, there will be Democrats enough in the Territory to vote down the slavery clause, and with it carry the Constitution-which Constitution amounts to nothing, for the first Legislature elected, after Kansas becomes a State, may so alter, amend and remodle it as to suit the views of the actual residents-at which time they will cut loose rom all outside influences, and conduct their own domestic affairs to suit themselves. If the Lecompton Constitution, with or without slavery, goes before Congress, and under it asks for admission, and Congress sees fit to receive it, we hope to find Mr. Buchanan acting according to his views of this question in the message—putting the bill through, and at once, and we hope forever, settling this Kansas squabble for political honors. The adoption of the Lecompton or any other Constitution will be the death blow to Black Republicanism; but let the matter be deferred, and just so long will Black Republicanism held up its head. It is very apparent that their only aim is to keep up a con-stant fire against the Administration, and defer from time to time the final settlement of this question, until they can manage to drag its carcase into the next Presidential cam-They seem determined to keep Kansas "bleeding" When Kansas is admitted-no matter what her Constitution may be—(which would soon be changed to suit the views of the majority of the people of the Ter-ritory)—we will hear no more of this grand pelitical humbug, and six months would find the country at rest on this score. Texas was another grand humbug for the opponents of Democracy to manufacture capital out of, and like it "bleeding" Kansas will become healed; and like those who opposed its admission, will slide down the political ladder to the lowest round. We say again admit Kansas at the first opportunity offered—she can never with the out-side influences at work, better her condition until she is one of the States of the Union, when her own citizens will take the reins of Government in their hands, and form such laws as will best conform to their views. The admission of Kansas will not only secure peace to the unfortunate Territory, but it will give peace to the entire country. We say let her in

VALUE OF PROPERTY IN St. PAUL, MINNESO- had to make his escape, if really guily, ren-TA.—Some idea of the value of property (or what it sells for) in St. Paul, Minnesota, may be formed from the fact that on the 6th of the present month R. M. Spencer, of that city, sold a lot on the corner of Sibley and Third streets, for \$200 per foot, the terms being\$8,-200 in cash, and the balance on time, bearing ten per cent interest. The price seems incredout so says the Minnesotion. Only a few years ago, the present site of St. Paul was a wilderness. This is an indication of the growth

THREE YEARS AFTER A PAIL OF WATER The Auburn (N. Y.) Advertiser tells the following. A well to do farmer of Springport, three years ago, had a litile altercation with his wife, and while conversing with her took up a pail to go after some water. His long absence awakened the fears of his wife, suspected at once that he had made an end\_of his life by throwing himself into the The well was accordingly searched, but the husband was not found. The friendly neighbors industriously sought for, but found no traces of him. Last week, while his family were at tea, the missing husband walked into the room with the pail of water in his hand, and sat down to the table as if nothing had happened. He had been gone just three years after his pail of water, had visited California and Australa, and had "turned up" again with a handsome little fortune in his pocket.

The Utah Expedition.

St. Louis, Dec. 23, 1857.

An express just arrived at Leavenworth from the Utah expedition, brings information that the whole force, with the exception o Col. The animals were giving out hourly, and it was thought that all would perish this Winter

The supply trains were all up with the military, and provisions were abundant. The report that two companies of infantry met with reverses on the route to Utah is without foundation. Five companies of Sumner's regiment (the First Cavalry) had recently taken up Winter quarters at Fort Riley.

It is the first paper of the kind published in the United States, and is distinctive in its character. It has lately passed into the hands of Geo. W. Matsell & Co., by whom it will hereafter be conducted. Mr. Matsell was formerly Chief of Police of New York City, and he will no doubt render it one of the most interesting papers in the country. Its editorials are forcibly written, and of a character that should command for the paper universal support.

CATHARTIC PILLS

OPERATE by their powerful influence on the internal viscera to purify the blood and stimu-late it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other Internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give Directions for their use in the complaints which they have been found to cure. For Costiveness.— Take one or two Fills, or such quantity as to gently move the bowels. Costiveness is frequently the aggravating cause of PILES, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved.

FOR OYSEPERIA, which is sometimes the cause of Costiveness, and always uncomfortable, take mild doses—from one to four—to stimulate the stomach and liver into healthy action. They will do it, and the hearthurn, bodyburn, and soulburn of dyspepsia will rapidly disappear. When it has gone, don't forget what cured you.

For a Fort, Stomach, or Morbid Inaction of the Boicels, which produces general depression of the spirits and had health, take from four to eight Pills at first, and smaller doses afterwards, until activity and strength is restored to the system.

For Nervoreness, Sick Headache, Nausa, Pain in the Stomach, Back, or Side, take from four to eight pills on going to bed. If they do not operate sufficiently, take more the next day until they don't because your stomach is foul.

For Schopula, Ervarellas, and all Diseases for the system. Don't wear these and their kindred disorders because your stomach is foul.

system. Don't wear these and their kindred disorders because your stomach is foul.

For Schopula, Euraspelas, and all Diseases of the Skin, take the Pills freely and frequently, to keep the bowels open. The cruptions will generally soon begin to diminish and disappear. Many dreadful ulcers and sores have been healed up by the purging and purifying effect of these Pills, and some disgusting discases which seemed to saturate the whole system have completely yielded to their influence, leaving the sufferer in perfect health Patients! your duty to society forbids that you should parade yourself around the world covered with pimples, blotches, ulcers, sores, and all or any of the unclean diseases of the skin, because your system wants cleansing.

of the unclean diseases of the skin, occause your lystem wants cleansing.

To Punify this Blood, they are the best medicine ever discovered. They should be taken freely and frequently, and the impurities which sow the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by

they do as much good in preventing sickness as by the remarkable cures which they are making every where.

Liver Complaint, Jaundice, and all Bilious Affections, arise from some derangement—either torpidity, congestion, or obstructions of the Liver. Torpidity and congestion vitiate the bile and render it unfit for digestion. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrhæa, prevails. Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes inability to sleep, and sometimes great drowsiness; sometimes there is severe pain in the side; the skin and the white of the eyes become a greenish yellow; the stomach acid; the bowels sore to the touch; the whole system irritable, with a tendency to fever, which may turn to bilious fever, bilious colic, bilious diarrhæa, dysentery, &c. A medium dose of three or four Pills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents.

Rightmatism, Gout, and all Infammatory Fecon, are rapidly cured by the purifying effects of these Pills upon the blood and the stimulus which they afford to the vital principal of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but freely.

As a Dinner Pill, this is both agreeable and useful. No Pill can be made more pleasant to take, and certainly none has oeen made more effectual to the purpose for which a dinner pill is employed.
