Monday, Jan. 11. But little of importance transpired in Congress. In the Senate propositions were presented for the establishment of mail lines United States and the north of Europe and South America. A resolution was adopted calling on the Secretary of the Treasury to report the amount of revenue collected in each collection district from 1852 to 1857, also the amount expended and the number of persons employed in collecting the revenue. General Houston introduced a resolution to give the President power to allow the fifteen officers who comprised the Naval Retiring Board to be tried as to their fitness for the naval service. A joint resolution was adopted extending the power of the President with reference to the naval officers reported on by the Court of Inquiry. The further considera tion of the Kansas question was postponed till Monday next, by which time the result of the recent election in that Territory will be known. The President's message on Nicaragua affairs was referred o the Committee on Foreign Relations. The debate on this subject will not be resumed until the committee report. The House refused to receive a bill providing for five additional regiments for the army, and after a speech from an Ohio member, sustaining the President's views on Central American affairs, adjourned.

Mr. Pickens, of South Carolina, was confirmed by the Senate as Minister to Russia.

Tuesday, Jan. 12. The proceedings of Congress were rather dull. The Senate passed a bill authorizing the change of the names of vessels in certain cases. The joint resolution extending the time for the restoration of naval officers affected by the Retiring Board to next April, was adopted. In the House the documents relative to the eapture of Walker were referred, the part concerning Commodore Paulding to the Committee, and the other portion to the Committee on Foreign Affairs. The President sent in the constitution recently adopted by the people of Minnesota; also a message stating, in effect, that Nicaragua had not made any complaint as yet of the invasion of her oil by the United States in capturing the The session terminated with a filibusters. debate on Central American affairs. Mormon question.

The appointment of Mr. Clifford, of Maine, as Associate Justice of the Supreme Court, in place of Mr. Curtis, resigned, was confirmed by the Senate by a vote of twenty-six to twenty-three.

WEDNESDAY, Jan. 13. Another dull day in Congress. The Senate reconsidered the vote adopting the amend ment to the joint resolution extending and defining the power of the President in regard to the nomination of officers who are affected by the action of the Naval Retiring Board hich amendment prescribed that there shall he no such construction as will allow an indebate the amendment was rejected, and a joint resolution passed, with another amendment, limiting the power of the President to nominate to six months after the passage of this act. Mr. Doolittle introduced a joint resolution directing the presentation of a medal to Com. Paulding. Mr. Brown announced his intention of offering an amendment, when the proper time arrived, condemnatory of the action of the Commodore in invading Nicaragua and seizing General Walker. The House was engaged in discussing the topics embraced in the President's annual message, particularly the filibuster and Kansas questions.

THURSDAY, Jan. 14. SENATE.—Mr. Houston gave notice of his intention on some early day to ask leave to introduce a bill to provide for the admission of Kansas into the Union as a State.

The joint resolution directing the presenta-tion of a medal to Commodere Hiram Paulding was taken up and read a second time; when it was made the special order for Wednesday next at one o'clock.

Mr. Chandler gave notice of his intention, on some early day, to ask leave to introduce a hill making additional appropriations for deep-ening the channel of the St. Clair flats. Several private bills were considered and

passed; and, after the consideration of executive business, the Senate adjourned until Mon-

message to the standing committees. Mr. Phelps, of Missonri, in the chair, when Mr. Stephens addressed the committee on the neutrality laws, urging that amendments were required to render them effectual to accomplish the objects intended. Mr. Blair, of Missouri, followed, advocating the acquisition of territory southward, on which to colonize the free negroes of the United States and the slaves may be liberated hereafter. The remainder of the day was taken up in five-minute speeches upon amendments, of which a number were offered. Without final action the committee rose, and the House adjourned until to-morrow.

## PUBLIC OPINION.

The Easton Argus of Thursday last says: The Democracy of the old 10th Legion which gave our noble old President over 7,000 majority, and which has always stood by him in days gone by, now stands by HIS ADMINSTRA-TION and will continue to sustain him, as long as he continues to do right. On the Kansas question, every democratic paper in the district NINE in number, approve his policy and support his measures, and the same unanimity exists among the rank and file, the bone and sinew of the party.

The Democrats of Carbon county had a glo rious meeting in Mauch Chunk on Monday the 4th inst., which was attended by every prominent democrat in the county. Hon. Asa. PACKER presided, assisted by Dennis Bauman, Conrad Kocher, Andrew Grover, W. D. Tombler, and Francis Reed, Esqs., Vice Presidents, and Enos Tolan, and P. Speersnyder, Esqs., Secretaries. The following resolutions were reported from the Committee appointed for that purpose, of which Maj. Shortz was Chair.

Resolved, That the Democracy of Carbon county have, and ever had, full confidence in the firmness, integrity, statesmanship, and Democracy of James Buchanan; and that confidence has steadily increased with the progress of his Administration; and looking to his recent message to Congress as the expose to save the vessel. Merely the shell remained ition of the principles upon which he proposes to administer the government, we desire to express our cordial and unqualified approval of the principles therein enunciated

Resolved, That the Democracy of Carbon county stand on the platform where they have always stood. They maintain that the principles of the organic law of Kansas and Nebrasks are right and Democratic; that we support the doctrine of non-intervention, and therefore shall not dictate to the people of Kansas, or any other Territory or State, how or in what they shall make their own laws, provided such laws, rules and regulations are republican in form, and not repugnant to the Constitution of the United States.

The Resolutions were unanimously adopted showing that the Democrats of Carbon are sound and true to the Constitution. Huzza for old Buck! We are proud of the Democracy of this District in the unyielding attachment displayed for the Chief Magistrate of the Union, and for their firm adherance to the principles and platform of the party.

The following resolution was unanimously adopted at a recent meeting of the democrats of Allegheny county:

Resolved. That the admistration of President Buchanan has thus far, met the highest expectations of the Democracy of Allegheny county we confidently rely upon his character, exper ience and integrity, which led us to victory in 1856, for an honest and faithful administration of our national affairs, and for a fair and impartial settlement of all public questions entrusted to his care.

POLITICAL.—The Democrats of Allegheny county have nominated James Salisbury, Esq., as a candidate for the State Legislature at a special election to be held to supply the vacancy caused by the death of James B Backhouse. Mr. Salisbury was a member of the Legislature in 1856, and is a very capable 28th December, and remained closed one

gentleman. Allegheny county has elected delegates to the next Democratic State Convention with instructions to support Major David Lynch as a candidate for Canal Commissioner.

Sr. Louis, Jan. 11, 1858. The weather has continued mild and pleasant, and on Saturday night and yesterday considerable rain fell. We have thus far a most remarkable winter, but it seems to be the general opinion of the wise-acres that February will pay us off with interest. The rivers all continue open, but very little is done, and the consequence is very light receipts of produce during the week. We have very little change to note in the prices of our market. Saturday's quotations were as follows—Flour duli at \$5 50@\$3 75@. \$4 25 per bbl. A day or two since a lot of 2000 bbls. city a 25 per 101. and of the mine white superfine Flour sold at \$3 50 per bbl, Missouri funds.— Wheat dull at \$2½@95c; Corn 35c; Oats 39@41½; Lard 7½@8c; Whiskey 15½; Beans, white, \$1 15; Flaxseed 80c; Onions 80c; Hay \$1 per 100 lbs. Hogs have again declined, and are now quoted at \$3 50@\$3 75@\$4. The number out to this date, in this city, is 81,000 head. The health of our city remains most excellent.

Up to a late hour on and it will be another week before we can state positively now the election terminated; but let it suffice no quarreling or disturbance whatever took place. It is said that a large number of Missourians went over to look on, but took no part in the election. A man by the name of Henry Koontz a pro-slavery man, was murdered at Black Jack Point, on

Our latest intelligence from the Utah expedition is to the 20th of November. A letter dated Fort Kearny, U. T., Dec. 23, 1857, says:—

"On the 26th November, Col. Johnston was at Fort Bridger, at which place he had established his bead-quarters. Col. Cook, with six companies Second Dragoons, arrived that morning, having lost many of his animals, and rived that morning, having lost many of his animals, and the remainder were unfit for service. From Laranie to Sait Lake there is no grass, (the Mormoons having burnt if in advance of the troops.) consequently all the animals belonging to the expedition were very poor when the windter set in, and it is reported that they are dying at the rate of some one hundred daily. There can be no doubt that when spring opens Col. Johnson will be so much crippled that he will be compelled to await the arrival of fresh any imals, and other supplies, before he will be able to commonce operations. That the expedition for this year, cannot be questioned; and when we reflect upon the matter and see what an immense amount of public property must be lost, as well as the condition of the troops, on short rations, and living in tents in a country where the snow is usually very deep, (in November it was two feet deep.) it would seem that your predictions were well grounded. That the Mormons intend to resist there can be no doubt; they are fortifying the passes that lead to the city. They have released Jesse Jones, agent of Majors & Russell, who was taken prisoner by them some time since, and have sont him to Col. Johnston's camp.—In passing through the different cannot they blindfolded him, to prevent him from obtaining any knowledge of their movements. It is reported that Bill Hickman, who is one of the Danites, and a noveline and a special colone. Alaxander's camp, as report says he was released a short the words.

time before.

"Mr. Magraw, of the Wagon Road Expedition, has volunteered under Col. Johnston—those of his party who would not do so were discharged. So this expedition is broken up without accomplishing anything, save what has been done by Lander, Chief Engineer, and his assistants. Mr. Magraw having had some difficulty with the Engineers, they, as well as the Disbursing Agent, left him, and have gone to the States."

The 8th of January, the Anniversary of the Battle o New Orleans, was appropriately celebrated in this city.—
All the military companies were out on parade, and several Anniversary Balls were given in the evening. As is usus crease of the number of officers on active service with the Democracy of this city, a mass meeting was held list, as now authorized by law. After a long on the evening of the 8th, and speeches were made and resolutions adopted endorsing President Buchanan, and particularly that portion relative to Kansas affairs. little excitement ensued upon the adoption of the Predent's Kansas policy, and a counter resolution was offered, but was finally laid upon the table. It is no doubt well remembered that the delegation from Missouri, (nearly the whole of which was from this city, composed of office-holders and office seekers) to the Cincinnati Convention, votel 14 consecutive times for Judge Douglas, and even now notwithstanding they are seeking office under Mr. Bu an's administration, use every means at their command to stab him in the dark. The President cannot help but a

The opposition, so called Benton Abolition. Free Soil Black Republican faction, also held a meeting on the evening of the 8th, and as might be expected passed resolu tions denouncing everything tending towards Democracy, but at the same time assumed the responsibility of nothing and as nothing new originated at either of the meetings There has been nothing locally startling or slarming t

report. The usual number of robberles, knocks-down and arrests have taken place. The Printers' Ball and Banquet promises to be a grand affair. Some 600 invitations have been sent out.

The recent census taken at Evansville, Ind., shows the

total population of that city 10,126 souls—suburbs 2,136 naking a total of 12,262. Ex-Governor Powell, has been elected U. S. Senator by the Kentucky Legislature—the first Democratic Senator from that State for a quarter of a century.

We find the following tit-bit in the Springfield (Illus)

Journal, and insert it for the benefit of those whom it may concern: day next.

House —The House went into Committee of the Whole on the reference of the President's evening last, on which occasion Dr. Leib, of Illinois, plodged his section of the country to the support of the Demosracy as represented by the Administration. Rumor states that this Dr. Leib is to be the editor of the new Administration paper about to be started at Chicago."

## FOUR DAYS LATER FROM EUROPE

Relief of Lucknow Confirmed. By the arrival at Portland of the steamship North America, we have four days later news from Europe. The London money market was easier, and there was a prospect of a further decrease in the rates of discount. The Cotton market was firm with a slight advance, while flour was dull with a declining tenden-

The relief of Lucknow is fully confirmed by the details of the Indian mail. The slaughter of the rebels has been great. It was reported that the King of Delhi's son and two nephews had been shot. The correspondent of the London Daily News states that the rebels had placed a boy on the throne, and keep him in in state at Fyzahad, a large walled gity defended by a fort and round towers. Here their last stand of resistance may be expected. and they had concentrated all their available force at that point. The Thirty-fourth Native Infantry had mutinied at Chittagong, ånd marched to Decca. A force of one hundred Europeans had gone to intercept them. The large force from Oude. Serious disturbances were expected to occur at Rajpootre, and

GOVERNOR WISE ON THE KANSAS CONSTITU TION .- Governor Wise having been invited to celebrate the 8th of January, at Tammany Hall, N. Y., wrote a letter in which he speaks at considerable length of the Kansas trouble. It seems he agrees neither with Mr. Douglas nor the President, in his views, but inclines rather to the policy propounded by Mr. Pugh in the bill proposed to the Senate, and proceeds to argue that the President cannot go behind the fact of the adoption of the constitution. At the same time he proposes to solve

the difficulty in this way: a fair and legal vote of the people of Kansas, according to a law to be proscribed by their territorial legislature; and to admit the under its constitution whenever the Territory shall proclaim its approval and adoption by nle. If they adopt it, to admit her into the Union ipso facto, and if they reject it, to leave the people of Kansas in their own way to organize another, and to submit another

## MILD WINTER WEATHER. The Doylestown Democrat has a correspondent from Bristol, Bucks county, who writes under date of January 5 as follows:

constitution to Congress for approval.

"What charming weather for January "
is an exclamation that greets you from almost
every one you meet. Truly it is charming.— The streets are as free from snow or from ice as in mid-summer, and the steamboats are making their daily trips without let or hindrance from King Frost. In 1856, the river closed on the 18th of December and opened on the 15th of February 1857. In 1855, on the hundred days; and now we are in 1858 without the appearance of ice in the Delaware.

A SENSIBLE SPEECH

It is known that there was a regular split in the Free State party of Kansas, in reference to the propriety of voting for State officers, under the provisions of the Lecompton Constihad been controlled by the impracticables under the advice of Jim Lane and his cronies, but a mass Convention had been holden, which was under the influence of the conservative portion of the party, and was addressed by Thomas Ewing, jr., Judge Conway, Judge M'Kay, Ex-Governor Robinson and others, all of whom advocated voting under the Lecomp practical means of settling the difficulties in from it, will be interesting to many of our readers: the Territory. We make the following extracts from the speech of Mr. Ewing, and invite special attention to the very remarkable and startling admissions it containsthe day of the election.) Everything was quiet there, admissions which must triumphantly vindicate and no disturbance whatever occurred around the polls in the course of the Administration, and the that day nothing was known as to the result of the election, policy recommended by the Democratic press

generally: Thomas Ewing, Jr., of Leavenworth, said he was not a delegate, but a looker on. He had differed radically with the free-State party in the spring, and had been for voting then, and did vote. He was for voting now. He was for action and opposed to inaction. The policy of inaction will destroy us. It will lose us our cause, and the respect friends in the States. They will tell us we should have fought through the ballot box. He was apprehensive we should be admitted under the Lecompton constitution. days of General Jackson, the federal executive has, almost universally, carried through

Congress any measure it adopted.

The only policy is to go into the election for State officers. Every resident can vote.

The opponents of the Lecompton party are in a majority of at least 12,000. we cannot have a fair election is pusillanimous. The territorial officers, aided by a civil posse. can arrest and punish fraudulent voters; and, if the people are determined, the laws cannot be overridden. If we carry the State officers, and Congress admits us, the government can at once assemble the Legislature, which will call a new convention to frame and submit to the people a new constitution; and no power outside the State can call in question the validity of the constitution when so framed, submitted and ratified.

There is but one course suggested other than that of voting. It is to set up an inde-pendent government. That is rebellion. That man is mad who advises this as a mode of redress for grievances which can be redressed at the ballot-box. It would inevitably fail, and involve us in ruin. Look at the past attempts at rebellion in this country-and remember how the nullifiers went down, and how the whiskey insurrectionists were put We may profit by their example down. The only mode of opposing this Lecompton constitution from which we can or ought to ope anything, is the lawful mode. Let us go into the election for State officers.

ATTEMPT AT HIGHWAY ROBBERY.—The Carlisle American gives the following statement Ame of an affair near Fairview, Cumberland county :

"A correspondent, writing to us from Shiremanstown, states that a young man by the name of Martin Rupp, residing in the lower end of the county, was returning home late on the night of the 2d inst., and while crossing the bridge at Fairview, was attacked by two colored men, who attempted to rob him. One of them caught the horse by the bridle rein, and commenced an assault upon him. Mr. Rupp was fortunately provided Cashraceived for Assessment No. 9 him. Mr. Rupp was fortunately provided with a revolver, which he instantly brought into requisition, but was for some time prevented from firing, on account of his horse being in the way. In the course of the melee, however, his assailant was forced round to his right side, when Mr. Rupp let drive at him with one of his barrels, which, not seeming to have taken effect, was followed immediately by another fire, when the darky gave a yell and made his escape. Nothing has been since heard of the parties. No injury was done to the person of Mr. Rupp. A slight rent in his the person of Mr. Rupp. A slight rent in his pantaloons, and the partial dismemberment the person of Mr. Rupp. A slight rent in his pantaloons, and the partial dismemberment of his bridle rein, done by means of a knife, were the only evidences of violence visible after the encounter."

The whole amount of insurance, as above stated, represents three-fourths the estimated value of insured property. The amount of Premium Notes represents the rates chargeable on three-fourths of the estimated value of property. The amount of losses to the Company for the year, is nice thousand, two hundred and seventy-one dollars and twenty cents (\$8,2712.0), which includes the recent losses of John Sigle on his Cabinetmaker Shop and Contents, insured for \$400.00, and Christian Overholtzer on his Barn and Contents, insured for \$252.00, and Wagon Shed and Contents insured for \$250.00, and wagon Shed and Contents insured for \$250.00, a full account of other losses to the Company during the year, was published in the weekly papers of the County, in the month of November.

It is cause for gratulation to the members of the Company that the losses for this year are \$5,500 less than last year, and when it is considered that the estimated value of property insured in this Company is about eight millions of dollars. (\$8,000,000), the losses to the Company have been comparatively small. It is, however, a source of regretand alarm, that nearly three-fourths of the amount of losses for the year, are supposed to have been occasioned by incendiaries, and that in every instance without being able to discover the guilty ones. The whole amount of insurance, as above stated, repre

for the year, are supposed to have been occasioned by incendiaries, and that in every instance without being able to discover the guilty ones.

A few years ago, when a large amount of property had been unmistakably destroyed by incendiaries, a great deal of alarm and anxiety prevailed in the neighborhood, and meetings were called to device some plan that would lead to their detection. Among other things done, it was recommended to the Board of Directors to offer a large reward. squal in amount to one-half of the property destroyed, which was done, but failed in its purpose.

The last avessment of 3½ per cent, made in November, and the only one for the year, will be sufficient to pay for all losses during the year. The Board availed themselves of the opportunity to borrow money from individuals, to pay for losses, as they occurred, in order to avoid the necessity of making more than one assessment for the year; the interest of the money borrowed, being less than the expenses incurred in making an assessment. The Board avould take this opportunity to again notify members of the Company, who may have neglected to pay their assessments, that the time for the payment of the same will be extended until the 15th of Fobruary, after which time, delinquents will be called upon by a Collector, duly authorized to collect the same, and they will be subject to the payment of mileage as usual. All of which is most respectfully submitted.

"Senate Chamber, Ohio, April 5th, 1854.

"Dr. J. C. Arks.—Honored Sir: I have made a thorough trial of the Carmaric Pills, left me by your agent, and have been cured by them of the dreadful Rheumatism under which he found me suffering. The first done relieved me, and a few subsequent dones have switerly removed the disease. I feel in better health now than for some years before, which I stribute entirely to the effects of your Carmaric Pills. Yours with great respect, LUCIUS E. METCALF."
