CONGRESSIONAL PROCEEDINGS.

MONDAY, Jan. 18. The proceedings of Congress to day were interesting. The Senate passed a bill allowing the officers and men engaged in the Arctic searching expeditions to receive medals from the British government. A call was made on the War Department for a statement showing the number of troops stationed in Kansas for

each quarter of the year from the let of Janu ary, 1855. Mr. Hale, of New Hampshire, deliv ered a speech on the Kansas question, of course in opposition to the Lecompton Constitution, but before concluding yielded to a motion for an adjournment.

In executive session the Senate confirmed the appointment of Mr. Lamar as Minister to Nicaragua, and that of Gen. Denver as Governor of Kansas. A treaty with the Nether-lands, for the extradition of criminals, fugitives from justice and deserting sailors, was The motion to reconsider the vote confirming the appointment of certain naval officers whose cases had been before the Courts of Inquiry was taken up, when Gen. Houston roundly denounced the entire proceedings o the naval tribunals, and was particularly severe in condemnation of the conduct of the Retiring Board. The session ended without the question being taken.

In the House the Special Committee to death resulting from the same cause, in this city, among investigate the charges connected with the \$87,000 tariff fund was announced. It consists of Messre. A Select Commit-tee of five was ordered to investigate the accounts and conduct of the late Doorkeeper of the House. The Judiciary Committee were directed to inquire into the expediency of a law restraining the introduction of foreign states that "all is quiet in the Territory." We have not sufficient or reliable returns enough to announce positively paupers and criminals into the United States. the result of the election-rumors are conflicting-one says The House refused to consider a resolution the pro-slavery ticket has been successful, whilst anothe proposing an amendment to the constitution providing that only native born citizens, the election of the free State ticket. The President was requested to communicate all such impositions, but in nearly all Democratic papers we find these "horrible accounts." We see by a late number correspondence between our government and France upon the abolition of privateering and of the Philadelphia Pennsylvanian, an account of the sur-'render of the Government troops—with the loss of three men, and the trlumph of Gen. Jim Lane! whilst the same the exemption of private property from seizure number contains an article from the St. Louis Republican stating " that all was quiet in the Territory." We tell you on the high seas in time of war. A bill was introduced providing for the apportionment of the patronage of the executive departments again, that when you hear of the notorious Jim Lane being agaged in bottle, and his triumph-with the "surrender nong the States and Territories.

In the House a petition was presented for the appropriation of the public lands, in Spall quantities, to actual settlers, and remonstrating against the further traffic in or monordly of said lands. all that the Blacks desire—not one out of a hundred ever carrie's what they previously inserted in their columns... When the Kansas wires for Black Republican papers have good grounds for an out-cry, the telegraph is daily loaded with it, but when they only spend the prize of one dispatch, place it down as a coorback most foul. We think it would be policy in Democratic editors to refose to pay telegraphic tariffs on dispatches manufactured for the injury of the party. If the Black Republican editors had to for the telegraph bill themselves, there would be less dispatches of that description sent East. Affairs in Kansas were never mere quiet than at the iteefwine—all dispatches to the contrary notwithstanding. In New Orleans, the city of Fillbasterism, a proposition has been made to present a sword to Commodore Paulding.

The eyes of the nation all scena turned to the President —all are anxious to know what will be the result of his administration. He certainly occupies a position which no other President, from the days of Washington down to the present time, has ever occupied. Mr. Buchanan is in power, and has found himself in the midst of a render age. "Justly remarks the Louisville Courier, "over which

THURSDAY, Jan. 21 In the Senate to-day a bill providing for an increase of the army was reported from the Military Committee, and made the special order for Monday next. The bill proposes to increase the number of men of the various regi ments, and not the organization of new regiments as recommended by the War Depart-ment. The Homestead bill was reported by

the Committee on Public Lands, with a recom mendation that it be passed. It was made the special order for the second Monday in February. Mr. Doolittle's resolution authorizing the *Leening Argus* of that date: presentation of a medal to Com. Brown and Pugh condemned it. Mr Brown offered a substitute of Mr. Doolitlle's resolution, disavowing and condemning the action of Paulding. Without taking the question, the Senate adjourned till Monday. In the House the civil, judicial, legislative, naval and fortifica tion appropriation bills were reported. A bill was also reported appropriating \$790,000 supply deficience appropriating articles to release the prisoner. A SAD AFFAIR.

Brooklyn, N. Y., on Tuesday last. The public school, situated on the corner of Navy and Concord streets, was utterly destroyed by fire, and as there were about seven hundred children in it at the time, and the fire was not discovered till it had made considerable progress, such confusion and terror spread among them that the stairways leading from the male department were completely choked and rendered impassable. The consequence was that several of the younger children got badly trampled, and as the windows were now the him from the Court House. only means of escape, several of the boys who leaped from them were severely and some fatally injured, while others were sufficated by the volumes of smoke. In all, seven boys have died from one cause or the other, and three others are more or less injured. The fire broke out in the lower part of the building, and was first discovered in the female department, which was located on the second r, and it is owing to this fact that nearly all the girls escaped uninjured. Jury has been universally approved.

In the case of the Commonwealth rs. Thomas W. Smith, indicted for the murder of Richard Carter, in Philadelphia, the Jury came into Court, on Tuesday morning, with a

verdict of acquittal on the ground of insanity. An application was thereupon made by the Counsel for the Commonwealth to have him confined in the Insane Asylum, or at least to have him placed under bonds to keep the peace. The Court appointed Thursday for the

They thought that by giving him into the custody of his sister he would soon recover, and thought that if he was placed in a lunatic

asylum it would result in his death. Miss Smith was called to the stand, and stated that she desired to take him to New Castle county, Delaware, among his friends, A heart-rending calamity occurred in and there she thought she would be able to divert his mind in such a manner that would be beneficial to his health.

Mr. Townsend was called, and stated he had seen the wife of the defendant and her father, and it was their intention to remove to Wilkesbarre either to day or to-morrow.

Both District Attorneys consented to the prayer of the petition, thinking that was the better mode. The Court stated they would release the prisoner on his entering security in the sum of \$5000.
