discovered, in one of our common pastnew weeds, a remedy that curves *BYERY KIND OF HUMOR*, from the worst Scrolula down to a common pimples. He has tried it in over 1100 cases, and never failed axcept in two cases, (both thunder humor). He has now in his possession over two humdred certificates of its virtue, all within twenty miles of Beston. Two bottles are warranted to curve a nursing sore mouth. A benefit is always experienced from the first bottle, and a perfact cure is warranted when the above quantity is taken. Reader, I peddled over a thousand bottles of this In the vicinity of Boston. I know the effect of it in avery case. So sure as water will estimusible fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this bott hat appear surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known nutil I discovered it in 1846-ascond, that it should cure all kinds of humor. In order to give some idea of the sudden rise, and great popularity of the discovery, I will state that In April, 1850, i sold over one thousand bottles per day of it. Some of the wholesale Druggits who have been in the business twenty and thirty years, say that nothing in the atuerers al praise of it from all quarters.
