"Travis bets Sydam $1,000 that he will find a boy who will stand at the distance of ten paces, and place an orange, not to exceed two and a half inches in diameter, in each hand and upon his head, which he (Travis) will shoot from their respective localities. No object to intervene. If Travis fails to find the boy who will stand, or fails to hit the oranges in the three shots, or at any shot touches the boy, he loses the bet."

It is said that Travis has accomplished this feat before in New Orleans. Travis is now residing in this city, and a boy now in his pistol gallery, it is said, is willing to support the oranges! Rather he than ourself.

There are two distilleries in our neighboring city of Belleville, Illinois. The two together consume about 240,000 bushels of grain per annum, and both manufacture about 750,000 gallons of whiskey, worth, in the neighborhood of $240,000. The whiskey is all brought to this market for sale—*but not all used or consumed here* in the manner some might be led to suppose!

Yours, OLD GUARD.

WASHINGTON CORRESPONDENCE.

WASHINGTON, D. C., March 4, 1858.

This day is the anniversary of the inauguration of an administration which saved the country from four years of Black Republican misrule; and to those who contributed to that result, 'twill ever be the source of gratification and pride.

We have an administration, which, amid all the vexed questions that have arisen, has reflected the spirit which rendered so famous the administration of "Old Hickory."

The Army Bill has, for the present, been defeated in the Senate, and will not again be brought before that body, until reported from the House. It is generally conceded that a bill for the increase of the Army, in some shape will pass the House. The President has however relieved himself from all responsibility, and the fate of our little army in Utah, rests now with Congress.

Minnesota has been fastened to the Senate bill for the admission of Kansas. Mr. Pugh's amendment or proviso, conceding the right of the people of Kansas—after admission, to alter their Constitution, will, I think be rejected. Messrs. Green, Collamer, Seward, Thompson of N. J., and Doolittle have made speeches upon the question, and the 20th of the present month is predicted as the probable time when a final vote will be taken.

The Matteson resolution in the House has been referred to a select committee, and should a report be submitted approving the same, a constitutional majority "to expel" can hardly be mustered.

To-day the resolution asking the appointment of a select committee to investigate the charge against Hon. Mr. Burns, of Ohio, for corrupt collusion with the President, in improper influence having been used to bias the said member's vote upon the Kansas resolutions of Mr. Harris, were tabled by a handsome majority; the good sense of the House, seeing that 'twas only intended as a set off against certain investigations pending, wherein the honor of the opposition is somewhat attainted.

From all parts of the country are coming the response of the Democracy, rallying around the banner upon which is inscribed the true Democratic doctrine, and the policy marked out by the administration, and that a triumph will be achieved by Mr. Buchanan is as certain as that he is President.

Some of the members of your State, who have placed themselves upon the record against the administration, have reconsidered their determination to continue in that course since the almost unanimous expression of the Democracy of the "Keystone State" and are ready now to vote for and with the administration in the summing up.

Dr. Jones of this district has been nominated for Postmaster of this city. This selection give general satisfaction.

Among the applicants for the Marshalship are Flinn of Pa., Lennox, Seldon and Old of the district. Rumor has given the appointment to each of these gentlemen, but as yet no bulletin has announced the successful aspirant.

March has opened upon us in good old fashioned style, high winds with freezing temperature, and in this good city, with wife and dry avenues, the clouds of dust render promenading anything but agreeable.

Yours, CAP.

SHOCKING SUICIDE—Between 9 and 10 o'clock this morning, a Mrs. Barns, residing on Eighth street, near Federal, shot herself through the heart with a revolver. She and her husband, James Barnes, had only been married about four or five months. The parties did not live very happily for the last two or three weeks, in consequence of a rumor being circulated that she and a former lover had an intrigue previous to her marriage to Mr. Barnes. This seemed to weigh so heavily on her mind that she resolved on self destruction.

At the hour above named this morning, she got a revolver from a closet down stairs, and went up to the bed room where her husband was sleeping and informed him that a man was down stairs awaiting to see him. The husband got up and went down stairs. He had scarcely reached the lower apartment, before the report of a pistol startled all in the house. He and the visitor ran up stairs, and found Mrs. Barnes lying on the floor, the pistol still grasped in her right hand. The ball had penetrated her heart. She was dead.

The husband, on beholding her lifeless form, became frantic, and great fears were entertained by his friends that he would also commit the work of self destruction. Until recently, Mr. B. was employed in the blacksmith shop of Messrs. Merrick&Son's foundry. A short time since he started a liquor store, in Eighth street near Federal, the scene of the terrible tragedy this morning. Coroner Fenner will hold an inquest on the body this afternoon.—*Philadelphia Argus of Thursday.*

NEWS FROM THE PLAINS.

ST. LOUIS, March 4.—A correspondent of the Westport *Republican* states that Mr. Kitchen, from New Mexico, brings intelligence of a desperate fight between the Pawnee and Nerafahoe Indians, on Pawnee Fork; ten of the former were killed and many wounded. Mr. Kitchen reports meeting a large number of Camanches and Kiowas, who expressed the best feelings toward the whites, and that the trains would not be molested. The Indians in New Mexico are quiet.

A FAMILY POISONED.—*A Warning to All Families.*—The family of Philip Crouse, six in number, have for several days past, been in a critical condition from being poisoned, and one of the, a boy, died on Tuesday morning from its effects. The family resides in Marion township, on the Tiffin road, some four and a half miles east of town. About six weeks ago the family commenced using apple butter that had been placed last fall in earthen crocks, the glazing on the inside of which is pronounced to be poisonous, and shortly after commencing to use apple butter from the crocks, the family were taken ill.—*Hancock Courier.*

PENNSYLVANIA TRAINING SCHOOL FOR FEEBLE-MINDED CHILDREN.—The fifth annual report of this Institution has just been issued, and we learn that 17 children were placed under its care during the year 1857, and fifteen were removed during the same period. The present number of inmates is 35, of whom 22 are males, 13 females. The recipients of the State fund are 20, private cases are 15. Out of the 35 inmates, 30 belong to Pennsylvania, 2 to New Jersey, 1 New York, 1 Virginia, 1 Louisiana. There are among them 4 deformed, 1 insane, 6 mutes, 11 semi-mutes, and 12 with defective articulation. Several are the victims of epileptic and scrofulous diseases. The total expenses of the last year were—for maintenance, $6,194 55; rent and salaries, $2,113 21; incidentals, $374 46; furniture, $25 46; expended for the Media estate, $61 50; balance, $326 91. The report notices, in terms of high commendation, the efforts of Miss Dix, in obtaining aid from the Legislature of Pennsylvania towards the erection of buildings on a new site, and refers to the site selected in the following words: "It embraces nearly sixty acres of land, in groves and arable fields, sloping down to the West Chester Railroad, which bounds it on one side, being distant about half a mile from the village of Media, and commanding a prospect of unsurpassed beauty." Of the building, it is said that it will be sufficient to accommodate 150 pupils; and that a contract for the erection of the main edifice and one wing has been made. The whole building, with both wings, accessories and furniture, will cost $80,000.—*Phila. Argus.*

A TERRIBLE ACCIDENT.—A terrible accident occurred at a public school in New York city, on Wednesday afternoon, by which a young lady, named Sarah L. Lewis, one of the teachers, was nearly burned to death. Miss Lewis had been down in the yard looking at the children playing, and upon returning to the class-room, went to the stove for the purpose of getting warm. Some of the girls speaking to her she turned suddenly round, and the lower part of her skirt sweeping into the coals, ignited. Two or three of the children instantly discovered the fact, and said: Oh, Miss Lewis your dress is on fire." Looking about she saw her dress in a blaze, and tried to get at the fire, but was prevented from doing so by her hoop skirts. Becoming frightened, she ran up and down the aisle between the children's desks, the fire meantime making headway. Miss Crowell, the Principal, ran after her and attempted to tear off the burning dress, but was unsuccessful. Other teachers in the school soon came into the room, and by means of shawls succeeded in extinguishing the flames and tearing off the burning dress. Fortunately none of the children were injured. Miss Crowell was taken with fainting fits, in which she remained some time. Miss Lewis is but 19 years of age, and her injuries, though severe, are not considered dangerous.

DISTRESSING CASE OF HYDROPHOBIA.—Miss Mahala Witman, an amiable young lady, daughter of Peter Witman, who resides in Chester county Pa., died from the effects of the distressing malady, hydrophobia, on Wednesday morning, 16th ult. The Reading Gazette says:

About nine weeks ago Miss Witman was bitten by a dog belonging to her father. It was not supposed at the time, that the dog was mad; but the family, being apprehensive that such might be the case, tied him fast in the stable, where, during the night he strangled himself with the rope by which he was secured. Two physicians of the neighborhood examined the dog and pronounced him not mad. Notwithstanding this positive opinion, however, on Monday, the 14th inst., the young lady was taken ill, and afterwards was seized with violent convulsions, having all the symptoms of hydrophobia, and on Wednesday, the 16th, she died, in the greatest agony. Miss Witman had been living with Miss Margaret Burker as a mantua maker until within the last eight or ten months and was well known and highly esteemed in this city.

A FIRST CLASS LITERARY WEEKLY PAPER, WITH A BEAUTIFUL PRESENT TO EACH SUBSCRIBER!

THE "NEW YORK EXCELSIOR," is a first class Family Journal, beautifully illustrated, of the largest size—eight pages, or forty columns, imperial quarto, and is devoted to Literature, News, Morals, and General Miscellany.

The editorial department will be under the immediate supervision of ALEXANDER D. MUNSON, who is widely known to the public as having been connected with several of the most popular journals of the day.

Although giving a handsome present to each subscriber, intending to surpass all in our liberality, we are determined that the "EXCELSIOR" shall not resemble those journals usually known as "gift papers," in any particular. Its contents shall be suitable for HOME, as our aim is to secure it a welcome in every family. We shall fill our columns weekly with interesting and thrilling Tales, Romances of Real Life, and Sketches of Travels, Men and Character, besides a full digest of the news of the week, and all events of general interest.

ONE OF THE FOLLOWING NAMED PRESENTS is sent free of postage to each subscriber IMMEDIATELY ON RECEIPT OF THE SUBSCRIPTION MONEY.
