N OHEOPASTIO PROCESS IN DENTISTRY.--OHEOPASTIO PROOESS IN DERTISTRY.

TOHEOPASTIO PROOESS of mounting

ABTIFICIAL TETH,
recently patented by Dr. BLANDY. formerly
Professor in the Baltimore College of Dental Surgery, is certainly one of the greatest discoveries of the present sage and destined to work a great change in Mechanical Dentistry.

The undersigned being the first in the State to introduce this process into practice, and which has been attended with great success, feels no hesitation in recommending it as superior to any other method, of mounting Artificial Teeth herstofore known—the casting of the plates having great advantage, over the common custom of "swaging." The same accuracy in fitting, perfect cleanliness, and durability connot be obtained by any other process.

ATT The undersigned is alone authorized to dispose of office rights for the counters of Lancaster, Chester, Berks, Dauphin and York.

M. N. AMER, DENTIST, respectfully informs his friends and the citizens of Lancuster city and county in general, that he still continues to practice the various branches of Operative and Mechanical Dentistry, at the office lately occupied by J. G. Moore, on the SOUTH EAST CORNER of N. QUEEN and OBANGE sts.

Having been for the last eight yeers, engaged in the study and practice of Dentistry, five years of which time was spent under the instruction and in the employ of Dr. Waylan, of this city, will, he thinks, be a sufficient guarantee of his abitist to perform all operations connected with the practice of his profession, in such a manner, as will render entire satisfaction to all who may favor him with a call.

DR. WAYLAN'S NEW DRUG STORE.

No. 60 North Queen street. The undersigned respectfully announces that he has openee his NEW DRUG STORE ESTABLISHMENT, with a very extensive and complete stock of Drugs, Medicines, Chemicals, Perfumery and Fancy Articles—all fresh and pure—which will be sold at the lowest market prices. This stock embraces every article usually kept in a first class Drug Store, and neither labor nor expense has been spared in fitting up the establishment, to insure the preservation of the Drugs in the best condition, as well as to secure the convenience and comfort of the customers.

A complete assortment of materials used by the Dental Profession can also be had at the store of the subscriber. An improved Soda, or Mineral Water Apparatus has been introduced, the fountains of which are made of Iron, with Porcelain lining on their interior surface, freeling them from all liability to taint the water with any matelic poison, which has heretofore been so great an objection to the copper fountains. Those who wish to enjoy these refreshing beverages can do so at this establishment without fear of being poisoned with deleterious matter. The entire establishment has been placed under the superintendence of a most competent and careful Druggist, who has had many years of experience in the Drug and Prescription business, in first class houses in Philadelphi and Cincinnati.

The undersigned feels confident that he is in every way prepared to give entire satisfaction to his customers, therefore a share of public patronage is solicited.

**New City on Apr.—SPLENDIDLY ILLUSTRATED With LARGE COLORED MAPS.—The subscriber being about to publish a beautifully Illustrated Map of the city of Lancaster, respectfully solicits the patronage of the citizens to the new outerprise.

The Map will be very minute in its details, being a complete plot of the city with all the new and contemplated streets and alleys, and all the original town lots, numbered as recorded, together with a ground plan of all the buildings as they stand on their respective lots, the Schools, Collegos, with all Churches, Rotels, Stores, Manufacturing Establishments and all the offices of professional men in the city, distinctly named and colored, and the names of all the subscribers duly inserted on the margit, making it not only a complete map of the city, but also a business directory; and, in connection with all this, there will be from fifteen to twenty-five original views of Residences, Churches, Colleges, and Manufacturing Establishments in the city and vicinity beautifully colored, the natural color, as I make all my own sketches and color them on the spot, and have them lithographied in the highest style of the art. Samples of which can be shown that were published in West Chester and Chester county, which have never been equalled by any views published on any map in the United States. Having had considerable experience in map publishing, and having devoted a great deal of time to the art of perspective drawing, I flatter myself that I am able to produce beautiful life-like pictures that cannot be excelled, and in fact defy all competition in this style of Map publishing, and having devoted a great deal of time to the art of perspective drawing, I flatter myself that I am able to produce beautiful life-like pictures that cannot be excelled, and in fact defy all competition in this style of Map publishing, all persons wishing views published on the city map, or having property they wish plated in, will please leave

THE DINING ROOM COOK,
THE STOVE FOR THE FARMER.
The undersigned would ask the attention of Farmers and others to his newly patented WOOD AND COAL STOVES, called the "Dining Room Cook," which possesses advantages not found in any other. The oven is perhaps larger than that of any other stove, being 16 by 26 inches in the dear, while its peculiar construction is such as to emit an unusual degree of heat in a large room with a trifling consumption of fuel. For the Dining Room of the Farmer it supplies a want long felt, and for this purpose it was constructed under the personal supervision of the undersigned.

FLORA TEMPLE ON THE LANC'R

COURSE.

GREAT RACE AGAINST TIME FOR \$10,000.

It has been suggested that if the committee could prevail upon the owner of FLORA TEMPLE, to bring her to Lancaster, to the Agricultural Fair, it would add much to the character and interest of that occasion. Should she come, in all probability, she will run against time for a purse, say \$10,000, which, no doubt, the good people of Lancaster county will have no difficulty in raising. Flora is now the greatest trotter in the world, and that anxiety to see her whenever she appears on the turf, is equal to that manifested by the people to see the new and splendin stock of READY MADE MEN'S AND BOYS CLOTHING recently received by ROMAN & BAERE, at their Clothing Stors, opposite Shenck's National House, where they keep constantly on hand a large assortment of DRESS COATS, FROCKS, SACKS, RAGUANS AND OVERGOATS of every quality and texture. quality and texture.

Also, Pantahous, Vests, Shirts, Shirt Collars, Suspenders, Pocket and neek Handkerchiefs and a large supply of gentleman's FURNISHING GOODS, which they are prepared to sell at least FIFTEN 'PER CENT. CHEAPER than they can be purchased any where else in the city. In reference to the quality, make, texture, durability and cheapness of any of the articles they offer to the public, competition is defied.

WHY LABOR SO HARD WHEN
WASHING? I have a chemical process for cleaning
clothing by the use of which the clothes can be washed
very clean without bolling, and with very little rubbing.
By this method much hard labor can be saved; the washing
can be done in kaif the time, and the clothes are very white
and clean, and last much longer, for they are not worn by
rubbing as by the old way of washing by machines &c.—
The articles used cost but little, and are easy to obtain. I
mail the receipt to order, postage paid, upon receipt of 50
cents; three cent postage stamps good as money. Address,

PHILADRIPHIA, Nov. 27th, 1856.

Mr. Joseph E. Hover:—A trial of your LIQUID HAIR DYE will convince the most skeptleal, that, it is a tage, edge and and efficacious preparation. Unlike many others, it has in several instances proved serviceable in the cure of some cutaneous eruptions on the head, and I have no hesitation in commending it to those requiring such an application.

Reader, I peddled over a thousand bottles of this in the richilty of Boston. I know the effect of it in every case.—So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor. In order to give some idea of the sudden rise, and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—In April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in the business twenty and thirty years, say hat nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Sweral cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles.—O, what a morey if it prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma. Fever and Ague, pain in the side. Diseases of the Spine, and particularly in diseases of the Kidneys, &., the discovery has done more good than any medicine ever known.

A. Heinitsh and John F. Long.

TONICS WON'T DOI--They never did
more than give temporary rolled and never will. It is
because they don't touch the cause of the disease. The
cause of all ague and billious diseases is the atmospheric
poison called Minoma or Maharia. Neutralize this poison by
its Natural Antibote, and all disease caused by it disappears at once. Rhodes' Fever and Ague Cure is this Antidote to Maksria. and minorover it is a perfectly harmless
medicine. The certificate of the celebrated chemist, J. R.
Chilton, of New York to this effect, is attached to every
bottle: therefors it it does no good it can do no harm.

This is more than can be said of Quinine. Arsenic, or any
touic in existence, as their use is ruinous to the constitution and brings on Dumb Ague, which never allows a person te feel perfectly well for a single moment. In illustration of these truths I annex some extracts from a letter
just received from a Physician;

Georgetown, Ohio, March 18, 1856.

JAS. A. RHODES, Esq.—Dear Sir: Yours of 2d inst. is
at hand. The Cure arrived late hast year and the difficulty
in getting any one to try it was greatly increased from the
the fact that a remedy had been introduced which was
growing in favor with the public, as being better than using
Quinine,—not knowing i presume that the romedy they
used to escape taking Quinine, contained the Drug Itself!

This remedy, (known as "Smith's Tonic,") would invaribly break an Ague, but it did not cure it, as it would often
return with ornewed vigor. This one circumstance I deemed in your favor, if I could institute a test comparison between it and your cure.—The following is the result:

Three persons took your "Cure," all of which were cases
of "Quotidian Intermittent Fever," of many weeks standing
They had tried Quinine, and other remedies, occasionally
missing a chill, but it was, tas in all such cases,) slowly
wearing them out, and laying the foundation for other and
severer makadies.—I did succeed in effecting a radical cure
of all three ted, break the chit, but area a porces of giving to your would return.

I think there will be no difficulty now in giving to your "Cure" the advantage ground of any other remedy now in use here, &, &c.

Rhode's Fever and Ague Cone, or Antidote to Malaria, the only harmless remedy in existence, is equally certain as a preventive, as a "Cure." Take it when you feel the chills coming, and you will never have a single one.

The Author of the above volume is a graduate of one of the first medical schools in the United States, and having deviced a quarter of a century to the treatment of Sphills and kindred disorders as a speciality, he has become possessed of most invaluable information in regard to the same, and is able to compress into vade mecun compass, the very quintessence of medical science on this important subject; as the result of the experience of the most eminent physicians in Europe and America is thoroughly demonstrated in his own highly successful practice in the treatment of secret diseases in many thousands of cases in the City of Philadelphia alone.

The practice of Dr. Hunter has long been, and still is, literally unbounded, but at the carnest solicitation of numerous persons, he has been induced to extend the sphero of his professional usefulness to the community at large, through the medium of his "Modical Manual and Hand Book for the Afflicted."

It is a volume that has received the unqualified recommendation of the first physicians in the land, while many clergymen, fathers, mothers, philantropists and humanitarians, have most freely extended its circulation in all quarters where its powerful teachings would be likely to be instrumental in the moral purification and physical healing of multitudes otour people, among the young, volation and undiscreet, otherwise the pride and flower of the nation.

The author argues particularly, most strongly against every species of self defilement, and warms parents and guardians, in searching terms, to guard the young of both sexes from the terrible consequences concomitant of their known has terrible consequences concomitant of their known has terrible consequences concomitant of their known to the terrible consequences concomitant of their known to the terrible consequences concomitant of their known that thousands of victims are annually saccificed at the shrine of quarkery—specially those suffering from Venereal

It is now clearly demonstrated that the lancet, mercury, and all other internal "drug medication" may be laid aside with perfect safety to the patient and abiding benefit to posterity. Wherever these machines have been introduced, they excite the highest wonder and praise. The apparatus is adapted to powent, relieve and cure every disease incident to humanity—rore particularly all those painful and formidable diseases which have for centuries beaffled the profoundest learning and skill of Physicians. From whatever cause there may be an excess or deficiency of the acids and alkaline secretions—the magnetic principles of the system are doranged, and can only be safely restored to their normal condition by an application of magneto-electricty, by means of Dit.
