THE STOVE FOR THE FARMER.
The undersigned would ask the attention of Farmers and others to his newly patented WOOD AND COAL STOVES, called the "Dining Room Cook," which possesses advantages not found in any other. For the Dining Room of the Farmer it supplies a want long felt, and for this purpose it was constructed under the personal supervision of the undersigned.

COURSE.

GREAT RACE AGAINST TIME FOR \$10,000.

It has been suggested that if the committee could prevail upon the owner of FLORA TEMPLE, to bring her to Laucaster, to the Agricultural Fair, it would add much to the character and interest of that occasion. Should she come, in all probability, she will run against time for a purse, say \$40,000, which, no doubt, the good people of Lancaster county will have no difficulty in raising. Flora is now the greatest rotter in the world, and that anxiety to see her whenever she appears on the turf, is equal to that manifested by the people to see the new and splendid stock of READY MADE MEN'S AND BOYS CLOTHING recently received by ROMAN & BAERE, at their Clothing Store, opposite Shenck's National House, where they keep constantly on hand a large assortment of DRESS COATS, FROCKS, SACKS, RAGLANS AND OVERCOATS of every quality and texture. FRUCENS, SACKS, RAGLANS AND OVERCOATS of every quality and texture.

Also, Pantaloons, Vests, Shirts, Shirt Collars, Suspenders, Pocket and neck Handkerchiefs and a large supply of gentleman's FURNISHING GOODS, which they are prepared to sell at least FIFTEEN PER CENT. CHEAPER than they can be purchased anywhere less in the city. In reference to the quality, make, texture, durability and cheapness of any of the articles they offer to the public, compession is defied.

DATENT AMBROTYPES.—The sub-acribers having purchased the exclusive right of Lan-caster city, are enabled to offer to the public anew style of Pictures, far exceeding, in beauty and durability, any ever before made. These pictures are not reversed, as daguerroo-types areand may be seen in anylight. They also possess the rare property of being MPKHSHARLE, being hermetically sealed between glass plates, which is secured by Lotters Patent, in the United States, Great Britain and France, and practised in Lancaster city by T. & W. CUMMINGS, only, over Sprecher & Bro.'s New Store. North Queen st., Lancaster.

EXPLANATION.

The term AMBROTYPE, by which these Pictures are designated; is derived from the Greek word Ambrotos, signifying indestructibility, permanency, &c. The Picture is taken upon plate glass, to which another plate of corresponding size is secured with an indestructible cement, by by which the picture will retain its original brilliancy for ages; it will not corrode by acids, nor be injured by water or climate. It is bold in its effect, beautiful in tone, surpasses any thing in the gradations of light and shade, and may be seen in any light. The public are cautioned against imitations made on single plates of plats, with the Slack varnish in immediate contact with the Picture—buch are not permanent, as the varnish must crack and destroy the Picture.

AMBROTYPE STERESCOPES MUST BE SEEN, to be appreciated—the relief being fully as perfect as life. Citizens and Strangers are invited to call at the Ambrotype Gallery of the undersigned, and examine specimens before they procure Pictures elsewhere, as they are assured of polite attention.

Reader, I peddled over a thousand bottlee of this in the vicinity of Boston. I know the effect of it in every case.—So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it slaway speaks for itself. There are two things about this herl: thatappear surprising; first, that it grows in our pactures. In some places quite plentiful, and yet its value has never been known until I discovered it in 1840—second, that it should cure all kinds of humor. In order to give some idea of the oudden rise, and great popularity of the discovery, I will state that in April, 1854, I soid over one thousand bottless per day of it.

Some of the wholesale Druccists who have been in the business twenty and thirty years, say that nothing in the anuals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its latroduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.
