**PATENT ANBROTYPES.--The sub-**acribers having purchased the exclusive right of Lan-caster city, are enabled to offer to the public a new style of Pictures, far exceeding, in beauty and durability, any ever before made. These pictures are not reversed, as daguerroc-types areand may be seen in anylght. They also possess the rare property of being IMPEMENALL, being hermetically sealed between giass pittes, which is secured by Jectors Patent, in the United States, Great Britain and France, and practised in Lancaster city by T. & W. CUMMINGS only, over Sprecher & Bro.'s New Store, North Queen st., Lancaster.

EXPLANATION. The term AMBROTYPE, by which these Picture's are designated; is derived from the Greek word Ambroice, sig-nifying indestructibility, permanency, &c. The Picture is taken upon plate glass, to which another plate of corres-ponding size is secured with an indestructible cement, by by which the picture will retain its original brilliancy for ages; it will not corrode by acids, nor be injured by water or climate. It is bold in its effect, beautiful in tone, surpasses any thing in the gradations of light and shade, and may be seen in any light. The public are cautioned against imitations made on single plates of glass, with the Slack variab in immediate contact with the Picture. MIBROTYPE STERESCOPES MUST BE SEEN, to be appreciated—the relief being fully as perfect as life. Citizens and Strangers are invited to call at the Ambro-type Gallery of the undersigned, and examine specimons before they procure Pictures elsewhere, as they are assured of polite attention. sep 25 tr36 **DENNSYLVANIA PATENT AGENCY.**

on the most liberal terms. apr 14 1y 13 **TONICS WON'T DO !--They never did** more then give temps ary core fund averer will. It is because they don't totch the cause of the diverse. The cause of all agree and billious disenses is the stimospheric polson called Minama er Malaria. Neutralize this poison by its Natural Antidote, and all disease caused by it disap-paras atome. Rheles Fever and Ague Care is this Anti-dote to Malaria, and moreover it is a perfectly harmless medicine. The certificate of the celebrated chemist, J. R. Chilton, of New York, to this effect, is attached to every bottle; therefore if it does no good it can do no harm.

A at hand. The Curo arrived late last year and the difficulty ln getting any one to try it was greatly increased from the the fact that a remedy had been introduced which was growing in favor with the public. as being better than using quinina,—not knowing J presenue that the remedy they used to escape taking Quinine, contained the Drug Itself! This remedy, (known as "Smith's Tonle,") would invaribly break an Ague, but it did not cure it, as it would often return with renewed vigor. This one dreumstance J deemed in your favor, if I could institute a test comparison bedrown it and your cure. The following is the result: Three persons took your "Cure," all of which were cases of "QuotidianIntermittent Fover," of may weeks standing they had tried Quinine, and other remedies, occasionally missing them out, and laying the foundation for other and a chill since. In all three of these cases the test, the dreit. But further speriod or two had elapaed would return. I think there will be no difficulty now in giving to your "Gure" the advantage ground of any other remedy now had a prevent weak the chill, but after a period or two had elapaed would return.
I think there will be no difficulty now in giving to your "Gure" the advantage ground of any other remedy now had is a preventive, as a "Cure." Take it when you feel the chills coming, and you will never have a single one. JAS. A. RHODES, Providence, R. I.
