NEW PROCESS IN DENTISTRY

CHEOPASTIC PROCESS of mounting
ARTIFICIAL TRETH.

recently patented by Dr. BLANDY, formerly
Professor in the Baltimore College of Dental Surgery, is certainly one of the greatest discoveries of the present ace and destined to work a great thance in Mechanical Dentistry.

The undersigned being the first in the State to introduce this process into practice, and which has been attended with great success, feels ao hesitation in recommending it as superior to any other method of mounting Artificial Teeth heretofore known—the easting of the plates having great advantage over the common custom of "swaging." The same accuracy in fitting, perfect cleanliness, and durability connot be obtained by any other process.

45 The didersigned is alone authorized to dispose of office rights for the counts of Lancaster, Chester, Berks, Dauphin and York.

DATENT AMBROTYPES.—The sub-

PATENT AMBROTYPES.--The subscribers having purchased the exclusive right of Lancaster city, are enabled to offer to the public a new style of Pictures, far exceeding, in beauty and durability, any ever before made. These pictures are not reversed, as dazu-rreotypes are and may be seen in anylight. They also possess the rare property of being intentionally sealed between glass plates, which is secured by Letters Patent, in the United States, Great Britain and France, and practised in Lancaster city by T. & W. CHMINGS, only, over Sprecher & Bro.'s New Store, North Queen st., Lancaster.

EXPLANATION.

The term AMBROTYPE, by which these Pictures are designated; is derived from the Greek word Ambrolos, spenifying indestructibility, permanency, &c. The Picture is taken upon plate glass, to which another plate of corpresponding size is secured with an indestructible cement, by by which the picture will retain its original brilliancy for ages; it will not corrode by acids, nor be injured by water or climate. It is bold in its effect heautiful in tone, surpasses any thing in the gradations of light and shade, and may be seen in any light. The public are cuttioned against installations made on single plates of glass, with the Slack varnish in immediate contact with the Picture.—buch are not permanent, as the varnish must crack and destroy the Picture.

AMBROTYPE STERESCOPES MUST BE SEEN, to be appreciated—the relief being fully as perfect as lite. Citizens and Strangers are invited to call at the Ambrotype Gallery of the undersigned, and examine specimens before they procure Pictures elsewhere, as they are assured of polite attention.

a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every cisse.—
So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some pipees quite plentful. and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor. In order to rive some idea of the sudden rise, and great popularity of the disc every, I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854. I sold over one thousand bottles per day—in April, 1854. Some of the wholesale Druggists who have been in the business twenty and thirty years, asy that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a centeral family medicine. Chest and wonderful virtues have been found in it that I creat and wonderful virtues have been found in it that i never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles.—

O, what a mercy if it prove effectual in all cases of that a wrill install,—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Heads he. Dyspepsia. Asthma, Fever and Agus, pain in the side, Diseases of the Spine, and particularly in diseases of the Kidneys, &., the discovery has done more good than any medicine ever known. great and wonderful virtues have been found in it that i
