banditti have been the cause of so much trouble in Kan. sas? Will sensible men of the North longer believe the black stories hatched and brought forth in Kansas for political ends? Can they be longer duped and deceive about this Kansas embroglio? Will they now contend that all this disturbance has not been brought about by designing politicians, whose pockets have suffered to no small degree in keeping up the agitation of the Kansas question by the Black Republican aspirants of the North, and whose purpose is to keep Kansas bleeding until after the campaign of 1860. Will the people of Pennsylvania support and sustain such a party at home, when by it they encourage, inflame and inspire new life in the rapidly decaying carcass of Black Republicanism in Kansas?— Lane and all his assassins are paid for their murderous work, and the money comes from Presidential aspirants of the Northern States-the Emigrant Aid Society is about among the assassins of Kansas. We have told our readers thme and again, that all this excitement about Kansas was kept alive with money from the Northern States. Give Jim Lane and his band of assassins their price, and they will undertake anything, no matter how damnable it may be. We do hope that this expose by Redpath may have good effect upon the law-abiding and peaceable citizens wh have and are still contributing, either by money, their sanction, or their vote, to keep up these troubles on our

THE CATHOLICS AND SLAVERY .- The Archbishop and Bishops of the Catholic church, who recently assembled in provincial council in Baltimore, have issued a pastoral letter to the clergy and laity of that denomination. Among other subjects to which it refers is the extract:

the apostles, the Church has always taught | servants with humanity and justice, reminding them that they also have a Master in Heaven. We have not, therefore, found it necessary to modify our teachings with a view adopting them to local circumstances. Among us there has been no agitation on this subject. Our clergy have wisely abstained from all interference with the judgment of the faithful, which should be free on all questions of polity and social order, within the limits of the doctrine and law of Christ. Weexhort you, venerable brethren, to pursue this course, so becoming 'the ministers of Christ and dispensers of mysteries of God.' Let the dead bury their dead. Leave to worldlings the cares and anxieties of political partizanship, the struggles for ascendency, and the mortifications of disappointed ambition. Do not, in any way, identify the interests of our holy faith with the fortunes of any party: but, preaching peace and good will to all mankind, study only to win to truth the deluded children of error, and to merit the confidence of your flocks, so that, becoming all to all, you may gain all to Christ."

THE MONSTER GOLD NUGGET.—The immense nugget of gold discovered about a year ago in Australia, weighing 1,743 ounces, said to be the largest mass of pure gold ever discovered, and worth from thirty to forty thousand at Sydenham for exhibition. A London paper, in giving the following account of the dis "as a geological curiosity," much more than the intrinsic value of the metal. Few persons, however, could afford to preserve so expensive chines for old, or second hand ones—the latter of which a specimen of native gold for the mere purpose of stocking a mineralogical cabinet:

"It was discovered at the 'Kingower diggings,' about 120 miles from Melbourne, by a party of four diggers, and, what is more extraordinary, in a neighborhood in which very little gold was subsequently found. It was found embedded in sand and pipe clay, at a depth of thirteen feet from the surface. One of the most remarkable features respecting this auriferous mass is its freedom from quar toze impurities, it consisting of a solid and almost chemically pure mass of gold. In form it is an irregular slab, about 2 feet 4 inches long. 10 inches broad, and from 11 to 2 inches in thickness. It rings like a bell when struck and is extremely brilliant on the surface, in which respect it differs considerably from many of the celebrated auriforous masses which have been from time to time discovered. The largest mass of gold hitherto found was the famous Siberian nugget, which is now in the museum of the Academy of Sciences at St. Petersburg. It weighs 1,200 ounces. It is to be hoped that the government will, for the honor of science, save this wonderful geologicalcuriosity from the melting pot, and purchase it for the British Museum."

ALLEGED GREAT RAILROAD FRAUD.—The New York Herald has a report of proceedings before one of the Courts in relation to an alleged railroad fraud, involving millions of dollars, and the most stupendous transaction of the kind yet revealed, notwithstanding the times have been rather prolific of such dischours. The parties charged with the fraud are Henry Dwight, Henry Hotchkiss, and Hamilton Spencer, directors and chief managers of the Chicago, Alton, and St. Louis Railroad Company. They are accused of perjury, fraudulent issue of coupons, fraudulent issue of cancelled bonds, embezzlement, and issue of cancelled bonds, embezzlement, and conspiracy, by which the stockholders, bond-export at \$4.25 ? bbl., atswhich rate a few hundred bbls. holders, and creditors generally of the comand New York merchants, were sufferers .-Dwight is accused of perjury in swearing to possessing an amount of stock in the road after be had disposed of it. The troops were expected to move towards the valley by the end of May. Nothing servants to obey their masters, not serving to the eye merely, but as to Christ, and in His name she commands masters to treat their going came by mail to the fort. The expressionance with householders and the commands of man who brought it supplies the following additional particulars:

He left Fort Laramie on the 18th May. At Fort Kearney the commanding officer directed him to inform Col. Monroe that he had infor mation that Gov. Cumming had been extelled from Salt Lake City, and that the Mormons were in arms, determined to resist the army to the last, and requesting Col. Monroe to push on as speedily as possible. This communication, it is understood, was received at Fort Kearney through the mail brought by this messenger, to whom it was committed probably for lack of time.

Col. Hoffman's command was met seventy five miles beyond Fort Laramie. They had encountered snow two or three feet deep, and had lost many animals. All the streams were very high. The Peace Commissioners had passed Fort Laramie. They were obliged to swim the Platte at that post. It is reported that the troops at Camp Scott were living on mule meat. This Machine was awarded by the United States Agricultural Society, at the Grand National Trial of Reapers and Mowers, at Syracuse, in July 1877, the First Premium for Combined Resper and Mower—A GRAND GOLD MEDAL OF HONOR AND DIPLOMA.

Second Premium for Reoper—A SILVER MEDAL.
This Machine was awarded by the Maryland State Agricultural Society, at the tilal of Reapers and Mowers at Chesterown, July, 1857, for Combined Reaper and Mowers to First Premium of ONE HONDRED DOLLARS.
This Machine was also awarded the first premium at Rochester and Skeneateles in July, 1857, for Combined Machine, and Skeneateles in July, 1857, for Combined Machine.

Rechester and Skeneateles in July, 1857, for Combined Machine.

The mass of voluntary testimonists on hand, which have accumulated within the last month, plainly indicate the points in which this Machine excels all others, viz.:

Its easy convertibility from Allower to a Reaper, and vice yersa; its construction for adapt vion to uneven surfaces; the case with which it can be raised or lowered for cutting from two inches to eight inches from the ground, which is done by means of a lever controlled by the driver while in his seat; its ease of draft, portability and cleanness, and ease of cut; its simple and easy apparatus for throwing in and out of gear while in motion; its freeness from side drafts; its perfect adaptation for cutting all kinds of grass, grain and cloversecal; its carrying its own weight upon its wheels, thereby relieving the horse from all weight upon his neck, &c. Many of these points are patented and cannot be embodied in any other Machine, and all will admit bow essential and indispensable they are to a complete combined Machine.

ETTER FROM MISS LUCY.

DEAR JANE.—

I received your letter of the 2d inst., and as requested, attended to "your shopping." Do you remember our "shopping expedition" last summer—during your visit to Lancaster:—Well, now as then WENTZ'S stands unrivalled for valent of, shawls, Mantillas, Parasols, (new and beautiful designs,) &c. Believe me, dear Jane, the ladies of the City and County of Lancaster and vicinity fully understand their own, husband's and papa's interest, in giving to Wentz so large a share of their patronage—as they have been doing for years—and their honest advice to their friends is, now as ever, "for the choice of the market at the lowest price, go to Wentz's, where they receive new Goods every day."

Enclosed, please find bill and receipt of Goods purchased for you—they are much handsomer, and prices at least 20 per cent, less than I could find elsewhere. Hoping all will be satisfactory, I remain your friend, truly, LUCY.

SEALED PROPOSALS to furnish naval supplies for the fiscal year ending 30th June, 1859, will be received at this Bureau until 3 o'clock, p. m., of the lefth June next. These proposals must be endorsed "Proposals for Naval Supplies, Bureau of Construction, de." that they may be distinguished from other business lettera.

The materials and articles embraced in the classes named are particularly described in printed schedules, any of which will be furnished to such as desire to offer, on application to the commandants of the respective yards, or to the navy agent nearest thereto, and those of all the yards upon application to this bureau. This division into classes being for the convenience of dealers in each, such portions will be furnished as are actually required for bids. The commandant and navy agent of each station will have a copy of the schedules of the other yards, for examination only, from which it may be judged whether it will be desirable to make application for them.

Offers must be made for the whole of a class at any yard upon one of the printed schedules, or in strict conformity therewith, or they will not be considered.

THE NEW JERSEY IMPROVED

REAPING AND MOWING MACHINE.

The subscriber now offers to the farmers of Lancaster and sdjoining counties one of the best combined Machines in use. It has stood the test for five years—giving entire satisfaction to all who have used it. It is capable of cutting from ten to fifteen acres of grass or grain per day, with one pair of horses. Lewis Curts, of Salem, is willing to qualify that he cut twenty one acres of grass with one team of horses in one day. Hundreds of other names could be got if it were necessary. This mechine was sold last year in this and other counties, and extensively in New York aid New Jersey, and was preferred above all other machines wherever used, both for reaping and moving.—It has been used from year to year with less repatrs than any other machine. Owing to the scarcity of money the price has been reduced from last year, so that any farmer can now secure one of the best machines that can be produced.

The agents who soil these machines are persons who have used them and are willing to recommend them to other farmers who are the best judges of the machines—not mere agents selling for a per centure, and willing to cram anything down the throats of farmers.

These machines are made at my shop in Bound Brock. New Jersey, where I have constantly on hand Horse Powers, Corn Shellers, Cultivators and all kinds of farming implements.
