This is to certify that I have purchased one of McCormick's Reapers and Mowers, from John B. MR. JOHN B. ERS, DEAR SIR:—

After having used the McCormick Resper and Mower for a season we must unhesitatingly say that it is a very good Mower, and as a Resper, it is not equalled by any other Resper that has come under our observation. Its construction is simple and it is easily kept in repair; we, therefore, take Pleasare in strongly recommending it to the farmer of our country, who desire a Mower and Resper combined in one Machine, as the very best that can be obtained.

lictures, far exceeding, in beauty and durability, any ever
before made. These pictures are not reversed, as day uerreotypes areand may be seen in anylight. They also possess the
rare property of being MPERISHALE, being hermetically

only, over Sprecher & Brö.'s New Store, North Queen st.,
Lancaster.

EXPLANATION.

The term AMBROTYPE, by which these Pictures are designated; is derived from the Greek word Ambrotos, signifying indestructibility, permanency, &c. The Picture is taken upon plate glass, to which another plate of corresponding size is secured with an indestructible cement, by by which the picture will retain its original brilliancy for ages, it will not corrode by acids, nor be injured by water or climate. It is bod in its effect beautiful in tone, surpasses any thing in the gradations of light and shade and may be seen in any light. The public are cautioned against imitations made on single plates of glass, with the Slack varnish in immediate contact with the Picture—buch are not permanent, as the varnish must crack and destroy the Ficture.

AMBROTYPE STERESCOPES MUST BE SEEN, to be appreciated—the relief being fully as perfect as life. Citizens and Strangers are invited to call at the Ambro type Gallery of the undersigned, and examine specimens before they procure Pictures elsewhere, as they are assured of polite attention.

WILLIAM COX.

THE GREATEST MEDICAL DISCOV-I SRY OF THE AGE.—Dr. Kerner, of Robbury, has discovered, in one of our common pasture weeds, a remedy that cures EVERY KIND OF HUMOR,

FORMY KIND OF HUMOR, from the worst Scrotins down to a common pimple. He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth. One to three bottles will cure the worst kind of Pimples on the face. One to three bottles will cure the worst kind of Pimples on the face.

Two to three bottles will clear the system of Biles.

Two bottles are warranted to cure the worst canker the mouth or stomach.

Three to five bottles are warranted to cure the worst case of Erystipels.

One or two bottles are warranted to cure all humor in the Eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

unning ulcers.
One buttle will cure scaly eruption of the skiu.
Two to three bottles are warranted to cure the worst Two to three bottles are warranted to cure the worst caves of ringworm.

Two to three bottles are warranted to cure the most desperate case of rhenma ism.

Three to four bottles are warranted to cure the sal rheum.

Two to three bottles are warranted to cure the most dosperate case of rhemma ism.

Three to four bottles are warranted to cure the sal rheum.

Five to eight bottles will cure the worst ease of secrofula. A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.—So sure as water will extinguish fire, so sure will first cure humor. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pasters. In some places quite plentiful, and yet its value has never been known until I discovered it in 1846—see and, that it should cure all kinds of humor. In order to give some idea of the sudden rise, and great popularily of the discovery, it will state that in April. 1853, I peddled it and sold about six bottles per day—in April, 1864, I sold over one thou and bottles per day—in April, 1864, I sold over one thou and bottles per day of it.

Some of the wholesale Druggists who have been in the business twenty and thirty years, say that nothing to the annias of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general faulty medicine, are at and wonderful virtues have been found in that I never anspected.

Several cases of epileptic fits—a disease which was always considered incursible, have been cured by a few bottles—of the side. Diseases of the Spine, and particularly in decas a of the Kitheeya & ..., the discovery has done more good than away medicine ever known.

No change of dict ever necessary—eat the best you get and enough of it.

Directions for the control works and have been more of it than I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the vari us dis

8ux 4 by 29 TONICS WON'T DO! -- They never did

TONICS WON'T DO!--They never did
more than give temporary rolled and over will. It is
because they dou't touch the cause of the disease. The
cause of all saue and billious diseases is the atmospheric
poison called Missima or Maharia. Neutralize this poison by,
its Natural Antidote, and all disease caused by it diseapears at once. Rhodes' Fever and Ague Cure is this Antidote to Maharia. and moreover it is a perfectly harmless
medicine. The certificate of the celebrated chemist, J. R.
Chilton, of New York, to this effect, is attached to every
bottle: therefore if it does no good it can do no harm.
This is more than oan be said of Quinine. A reanic, or any
tonic in existence, as their use is ruinous to the constitution and brings on Dumb Ague, which never allows a person to feel perfectly well for a single moment. In Illustration of these truths I annex as one extracts from a lotter
just received from a Physician's Yours of 2d inst. is
at hand. The Cure arrived late last year and the difficulty
in getting any one to rry it was greatly increased from the
the fact that a remody had been introduced which was
growing in favor with the public, as being better than using
Quinine,—not knowing I presume that the remedy they
used to secape taking Quinine, contained the Drug Itself!
This remedy, (known as "Smith's Tonic,") would invariby broak an Agne, but of did not careft, as it would oftenreturn with renewed vigor. This one circumstance I deemed in your favor, if I could institute a test compathich between it and your cure. The following is the result:
Three persons took your "Cure," all of with h were cases
of "Quotidian Intermittent Fevor," of many weekastanding
They had tried Quinine and other rounedies, occasionally
missing a chill, but it was, (as in all such cases,) slowly
wearing them out, and laying the foundation for other and
severer maladies. I did succeed in effecting a radical cure
of all three of these cases the
wond return.

I think there will be no difficulty now in giving to your
"Cure"

Think there will be no uniterity now to great to your "Cure" the advantage ground of any other remedy new in use here, &., &c. WILLIAM BUCKNEK, M. D. Rhode's Fever and Ague Cure, or Antidote to Malerla, the only harmless remedy in existence, is equally certain as a preventive, as a "Cure." Take it when you feel the chills coming, and you will never have a single one.
