CHROCASTIC PROCESS of mounting:

AR TIFICIAL TEETH,

recently patented by Dr. BLANDY, formerly

Professor in the Baltimore College of Dental Surgary, is certainly one of the greatest discoveries of the present age and
destined to work a great change in Mechanical Dentistry.

The undersigned being the first in the State to introduce
this process into practice, and which has been attended with
great success, feels no hesitation in recommanding it as superior to any other method of mounting Artificial Teeth
heretofore known—the casting of the plates having great
advantage over the common custom of "awaging." The
same accuracy in fitting, perfect cleanliness, and durability
connot be obtained by any other process.

The undersigned is alone authorized to dispose of
office rights for the counties of Lancaster, Chester, Berks,

D-No. 60 North Queen street. The undersigned respectfully announces that he has openee his NEW DRUG STORE ESTABLISHIMENT, with a very extensive and complete stock of Drugs, Medicines, Chemicals, Perfumery and Fancy Articles—all fresh and pure—which will be sold at the lowest market prices. This stock subraces every article usually kept in a first class Drug Store, and neither labor nor expense has been spared in fitting up the establishment, to insure the preservation of the Drugs in the best condition, as well as to secure the convenience and comfort of the customors. A complete assortment of materials used by the Dental Profession can also be had at the store of the subscriber. An improved Soda, or Mineral Water Apparatus has been introduced, the fountains of which are made of Iron, with Porcelain lining on their interior surface, freeling them from all liability to taint the water with any metalic poison, which has heretofore been so great an objection to the copper fountains. Those who wish to anjoy these refreshing beverages can do so at this establishment without fear of being poisoned with deleterious matter. The entire establishment has been placed under the superintendence of a most competent and careful Druggist, who has had many years' of experience in the Drug and Prescription business, in first class houses in Philadelphi and Cincinnati.

The undersigned feels confident that he is in every way prepared to give entire satisfaction to his customers, therefore a share of public patronage is solicited.

PATENT AMBROTYPES.--The subacribers having purchased the exclusive right of Lancaster city, are enabled to offer to the public a new style of
Pictures, far exceeding, in beauty and durability, any ever
before made. These pictures are not reversed, as daguerreotypes areand may be seen in 'anylight. They also possess the
rare property of being inversibility, is being hermetically
sealed between glass plates, which is secured by Letters
Patent, in the United States, Great Britain and France,
and practised in Lancaster city by T. & W. CUMMINGS,
only, over Sprecher & Bro.'s New Store, North Queen st.,
Lancaster.

EXPLANATION.

The term AMBROTYPE, by which these Pictures are designated; is derived from the Greek word Ambrodos, sunifying indestructibility, permanency, &c. The Picture is taken upon plate glass, to which another plate of corresponding size is secured with an indestructible cement, by by which the picture will retain its original brilliancy for ages, it will not corrode by acids, nor be injured by water or climate. It is bold in its effect, beautiful in tone, surpasses any thing in the gradations of light and shade, and may be seen in any light. The public are cautioned against imitations made on single plates of glass, with the Slack varish in immediate contact with the Picture—buch are not permanent, as the varnish must crack and destroy the Picture.

AMBROTYPE STERESCOPES MUST BE SEEN.

to be appreciated—the relief being fully as perfect as life. Citizens and Strangers are invited to call at the Ambrotype Gallery of the undersigned, and examine specimens before they procure Pictures elsawhere, as they are assured of points attention.

NEW CITY MAP.--SPLENDIDLY ILLUSTRATED WITH LARGE COLORED MAPS.—
The subscriber being about to publish a beautifully illustrated Map of the city of Lancaster, respectfully solicits the patronage of the citizens to the new enterprise.

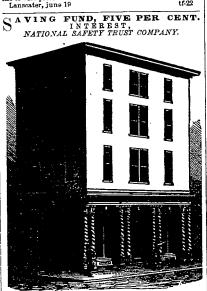

The Map will be very minute in its details, being a complete plot of the city with all the new and contemplated streets and alleys, and all the original town lots, numbered as recorded, together with a ground plan of all the buildings as they stand on their respective lots, the Schools, Colleges, with all Churches, Hotols, Stores, Manufacturing Establishments and all the offices of professional men in the city, distinctly named and colored, and the names of all the subscribers duly inserted on the margin, making it not only a complete map of the city, but also a business directory; and, in connection with all this, there will be from fifteen to twenty-five original views of Residences, Churches, Colleges, and Manufacturing Establishments in the city and vicinity beautifully colored, the natural coler, as I make all my own sketches and color them on the spot, and have them lithographed in the highest style of the art. Samples of which can be shown that were published in West Chester and Chester county, which have never been candled by any views published on any map in the United States. Having had considerable experience in map publishing, and having devoted a great deal of time to the art of perspective drawing. I faster myselt that I am able to produce beautiful life-like pictures that cannot be excelled and in fact defy all competition in this style of Map publishing. All persons wishing views published in, will please leave orders at J. Franklin Reizurt's office, Fulton Buildings, which will be promptly attended to by the subscriber.

This Machine was also awarded the first premium at Rochester and Skeneateles in July, 1857, for Combined Machine.

The mass of voluntary testimonisls on hand, which have accumulated within the last month, plainly indicate the points in which this Machine excells all others, viz. Its easy convertibility from a Mower to a Reaper, and vice nersa; its construction for adaptation to unevensurfaces; the ease with which it can be raised or lowered for cutting from two in thes to cight inches from the ground, which is done by means of a lever cantrolled by the driver while in his seat; its ease of draft, portability and cleanness, and ease of cut; its simple and easy apparatus for throwing in and out of gear while in motion; its freeness from side drafts; its perfect adaptation for cutting all kinds of grass, grain and cloverseed; its carrying its own weight upon its meek, &c. Many of these points are patented and caunot be embodied in any other Machine, and all will admit how essential and indispensable they are to a complete combined Machine.

EFFERENCES.

This is to certify that we the subscribers having each purchased, during the months of June and July, 1857, one of Manny's Combined Reaping and Mowing Machines with Wood's Improvement, and having iniabled our grass and grain harvest, take pleasure in recommending them to the farmers as the most simple in construction, the most durable and reliable Machine now in use, possessing many advantages over all others used in this county: Joseph Ernbardt, Fulton, David Brubaker, Lancaster, John Lendis Lancaster, John Lendi

CERTIFICATE OF AGENCY.

PHILADELPHIA, May 13, 1858.

I hereby appoint Messrs. Spreager & Westhaeffer, my Sole Agents for selling my "Patent Lever Pen," in the county of Lancaster, State of Pennsylvania.

Attest, John F. Reeves, Patentee.

Robert Taylor, Manufacturers.

Thomas Reed, Manufacturers.

The undersigned under the above arrangements are prepared to sell the Pitent Lever Pen at the Manufacturer's wholesale prices, to retailers, and earnestic solicit orders for the same. The undersigned take great pleasure in adding the certificates of two of our citizens who have tried the Pen. Hear them.

I have for some time past been using one of "Rexyes' Patent Lever Pens," and consider it much better than any Metalic Pen I have ever used. It possesses more elasticity, and will produce a stroke of almost any thick ness, with greater regularity and without danger of atraining or getting out of order, than any Gold Pen I ever saw. Signed.

Lancaster, May 14, 1858.

Lancaster, May 14, 1850.

Having used one of "Reeves Parent Lever Pens" I am free to say it is far superior to anything in the Pen line I have ever used. With the same Pen the heaviest dash and the finest hair-stroke can be made at the will of the Pensman, and being constructed of such heavy material, the nib thereby being more firmly secured, it will wear longer and better than any other Pen now in use. Of Pens it is the Ultimatum.

GENERAL INFORMATION.

The proprietors of these Colleges design perfecting a chain of Schools throughout the Principal Cities of the East and West that shall afford to Young Men opportunity to qualify themselves in the various modes of doing business not only in Great Commercial centres of the East, but in the great and growing West also. The establishment of such schools is believed to be indispensable to this result. The Schools at the above points are all in a prosperous condition. Over 800 Students were in attendance upon them during last Winter's Session.

There are no terms and no vacations. Students may therefore enter and prosecute the studies without reference to classes.

THE NEW JERSEY IMPROVED
REAPING AND MOWING MACHINE.
The subscriber now offers to the farmers of Lancaster and adjoining counties one of the best combined Machines in use. It has stood the test for five years—giving outier satisfaction to all who have used it. It is capable of cutting from ten to fifteen acres of grass or grain per day, with one pair of horses. Lewis Curts, of Salem, is willing to qualify that he cut twenty one acres of grass with one team of horses in one day. Hundreds of other names could be got if it were necessary. This machine was sold last year in this and other counties, and extensively in New York and New Jersey, and was preferred above all other machines wherever used, both for reaping and mowing.—It has been used from year to year with less repairs than any other machine. Owing to the scarcity of money the price has been reduced from last year, so that any farmer can now secure one of the best machines that can be produced.

The agents who soil these machines are persons who have used them and are willing to recommend them to other farmers who are the best judges of the machines—not mere agents selling for a per centice, and willing to cram anything down the throats of farmers.

These machines are made at any shop in Bound Brook, New Jersey, where I have constantly on hand Horse Powers, Corn Shellers, Cultivators and all kinds of farming implements.

J.W. Cottrell, Columbia, and Wm. T. Fiells, Parkesburg, are Agents for the sale of the Machines, to whom application may be made, or directly to the subscriber.

The above machines can be had at A. F. BAIR's SHOP, in East King street, Lancaster, half a square east of Sprecher's tavern.

DISSOLUTION OF PARTNERSHIP.—
The Partnership heretofore existing between WILLAM MURRAY, HIRAM YOUNG & JOHN SHEAFFER, trading under the firm of Murray, Young & Co., is this day dissolved by mutual consent.

The Book and Stationery business will be continued in all its various branches, by John Sheffer & Hiram Young, under the firm of SHÆFFER & YOUNG, at the old stand, who ask a continuation of patronage so liberally bestowed to the old firm. All those having claims will please present them properly authenticated for sattlement, and all those knowing themselves to be indebted to the firm of Murray, Young & Co., or old firm, will please call and set tile their accounts.

RAPSON'S, apr 13 3m 13 Cor. 8th and Cherry streets, Philada. ATIONAL POLICE GAZETTE.—This Great Journal of Crime and Criminals is in its Thirteenth year, and is widely circulated throughout the country. It is the first paper of the kind published in the United States, and is distinctive in its charactor. It has lately passed into the hands of Geo. W. Mutsell & Co., by whom it will hereafter be conducted. Mr. Matsell was formerly Chief of Police of New York City, and he will no doubt render it one of the most interesting papers in the country. Its editorials are forcibly written, and of a character that should command for the paper universal support.
