It has been the aim of the inventor to combine the stiff point of the pencil with the elasticity of the goose quill, and the sunced certificates, by parties who have used the Pen, will show that he has succeeded. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has merer been known until I discovered it in 1846-second, that it should cure all kinds of humor I here to give some idea of the sudden use, and great popularity of the discovery, I will stat that in April, 1854.
