THE DINING ROOM COOK,
THE STOVE FOR THE FARMER.

The undersigned would ask the attention of Farmers and others to his newly patented WOOD AND COOL STOVES, called the 'Dining Room Cook," which possesses advantages not found in any other. The over is perhaps larger than that of any other stove, being 16 by 26 inches in the clear, while its peculiar construction is such as to emit an unusual degree of heat in a large room, with a trifling consumption of fuel. For the Dining Room of the Farmer it supplies a want long felt, and for this purpose it was constructed under the personal supervision of the undersigned. dec 1 trif 6. B. SPRECHER & BRO.

The Map will be very minute in its details, being a complete plot of the city with all the new and contemplated streets and sileys, and all the original town lots, numbered as recorded, together with a ground plan of all the buildins as they stand on their respective lots the Schools, Colleges, with all Churches, Hotels, Stores, Manufacturing Establishments and all the offices of professional men in the city, distinctly named and colored, and the names of all the subscribers duly inserted on the margin, making it not only a complete map of the city, but also a business directory; and, in connection with all this, there will be from fifteen to twenty-five original views of Residences, Churches, Colleges, and Manufacturing Establishments in the city and vicinity beautifully colored, the natural color, as I make all my own sketches and color them on the spot, and have them ithographed in the highest style of the art. Samples of which can be shown that were published in West Chester and Chester county, which have never been equalled by any views published on any map in the United States. Having, had considerable experience in map publishing, and having devoted a great deal of time to the art of perspective drawing.
