EW PROCESS IN DENTISTRY .--NORPOREST IN DENTISTRY

ORPORATIO PROCESS OF mounting recently patented by PD. BLANDY, formerly

Profesor in the Baltimore College of Dental Surgery, is certainly one of the greatest discoveries of the present are and destined to work a great change in Mechanical Dentistry.

The undersigned being the first in the State to introduce this process into practice, and which has been attended with great success, feels no hesitation in recommending it a single property of the common custom of "swaping." The detailed benefit of the process of the p serior to any other method of the plates haven a serior to known—the easting of the plates haven a serior to known—the easting of the plates haven. The same accuracy in fitting, perfect cleanliness, and durability connot be obtained by any other process.

I take great pleasure in stating that Mr. S. T. PATENT AMBROTYPES.--The subscribers having purchased the exclusive right of Lancaster city, are enabled to offer to the public a new style of Pictures, far exceeding, in beauty and durability, any ever before made. These pictures are not reversed, as da. uterro types areand may be seen in anylight. They also possess the rare property of being intensinally, being hermetically sealed between glass plates, which is secured by Letters Patont, in the United States, Great Britain and France, and practised in Lancaster city by T. & W. CUMMINGS, only, over Sprecher & Bro.'s New Store, North Queen st. Lancaster.

EXPLANATION.

The term AMBROTYPE, by which these Pictures are designated; is derived from the Greek word **Londradus**, signifying indestructibility, permanency, &c. The Picture is taken upon plate glass, to which another plate of corresponding size is secured with an indestructible cement, by by which the picture will retain its original brilliancy for ages; it will not corrode by acids, nor be injured by water or climate. It is bold in its effect, beautiful in tone, surpasses any thing in the gradations of light and shade. water or climate. It is bold in its effect, beautiful in tone, surpasses any thing in the gradations of light and shade, and may be seen in any light. The public are cautioned against imitations made on single plates of glass, with the Slack varnish in immediate contact with the Picture.—buch are not permanent, as the varnish must crack and dostroy the Picture.

AMBROTYPE STERESCOPES MUST BE SEEN, to be appreciated—the relief being fully as perfect as life. Citizens and Strangers are invited to call at the Ambritype Gallery of the undersigned, and examine specimens before they procure Pictures elsewhere, as they are assured of polite attention.

TABLE AND EXTENTIBELY

DEAPNESS, TOTALOR PARTIAL, ENTIRELY

DR. H. ENWOOD, SR., begs leave to call the attention of those suffering under a partial or total loss of the rense of hearing to the following facts: He treats diseases of the middle and internal ear with medicated douches, such as is practised in the Infirmaries of Berlin, Lepisic, Brussels, Hamburg and Petersburg, and lately by the most distinguished London aurists with the most wonderful success; indeed, it is the only method that has been universally successful.

The best proof of the efficacy of this treatment will be a reference to nearly nine bundred names, residents of the United States, Canada. New Brunswick and Nova Scotia, who have been restored to acute hearing, and not a single solitary case, to our knowledge, did we fail to effect either a, partial or total restoration of the hearing, when our advice and instructions were faithfully and punctually adhered to. Many who could not hear the report of a platol at arm's length, can now hear a watch beat at the distance of four feet. In casses of mucus accumulation in the Eustchian Tube and Tympanum, inflammation of the mucus membrane, nervous affections, diseases of the membrana tympani, called the "Drum," or when the disease can be treased to the effects of fevers, or colds, the use of quintue or mecurial medicines, gatherings in the ears in chidbool, &c., 'this treatment stands pre eminent. When the auditory canal is dry and scaly, with little or no secretion, when the designs as essention is felt as if a rush of blood to the bead had taken place; when the hearing is less acute in dull, cloudy weather, or when a cold has been taken, this method of treating the disease is infailible. In deaf and dumb cases, my experience warrants me in earlies accumplished. In the doaf and dumb schools at Lepsic, out of a class of fourteen, I succeeded in restoring four to accumplate and cause hearing.

When the hearing is restored, it is expected that those in easy circumstances will contribute liberally.

THE DINING ROOM COOK,
THE STOVE FOR THE FARMER.
The undersigned would ask the attention of Farmers and others to his newly patented WOOD AND COAL STOVES, called the "Dining Room Cook," which possesses advantages not found in any other. The oven is perhaps larger than that of any other stove, being 16 by 26 inches in the clear, while its peculiar construction is such as to emit an unusual degree of heat in a large room with a trifling consumption of fuel. For the Dining Room of the Farmer it supplies a want long felt, and for this purpose it was constructed under the personal supervision of the undersigned. dec 1 tf 46

So sure as water will extinguish fire, so sure will this cure humor. I never sold a bettle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quito plentful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor. In order to give some idea of the sudden rise, and great popularity of the discovery. I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day—in April, 1850 ore one thousand bottles per day—in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. OOD NEWS ANDGOOD LUCK
TFOR ALL.

AS CAUTION!—ASTROLOGY!—Look Out! Good News for Al!!—The news-tailing MRS VAN HORN is the very best; sho is sure to succeed when all others have failed.—All who are in trouble, all who have been unfortunate, deceived and trifled with; all who see found hopes have been crushed and blasted by false promises; all who have been crushed and blasted by false promises; all who have been crushed and blasted by false promises; all who have hed had the k, from whatever cause, fly to her for advice and comfort. In love affairs she was never known to fail. She has the secret of winning the affections of the opposite sex. It is this fact which induces illiterate pretenders to try to imitate her. She shows you the likeness of your fature wife, husband, or absent friend. It is well known to the public at large that she is the first and only person in this country who can show the likeness in reality, and can give orders satisfaction on all the concerns of life, which can be tested and proved by thousands, both married and single, who daily and eagerly visit her. She also calculates lucky days and lucky numbers. Come one come all! to No. 1336 LOMBARD STREET, between Juniper and Broad.

ATIONAL POLICE GAZETTE.—This Great Journal of Crime and Criminals is in its Thirteenth year, and is widely circulated throughout the country. It is the first paper of the kind published in the United States, and is distinctive in its character. It has lately passed into the hands of Geo. W. Matsell & Co. by whom it will hereafter be conducted. Mr. Matsell was formerly Chief of Police of New York City, and he will no doubt reader it one of the most interesting papers in the country. Its editorials are forcibly written, and of a character that should command for the paper universal support.
