REPUBLICANS AND THE TARIFF.

In 1824 the following resolution was adopted in the House of Representatives of Pennsylvania:

Resolved, That the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, that the Senators of this State, in the Senate of the United States, be and they are hereby instructed...

Resolved, That the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met...

Resolved, That the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met...

Resolved, That the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met...

THE SCOTCH WATER PIPE.

We understand that the contract for water pipes for the city of Lancaster, Pa., has been awarded to the firm of Messrs. Miller & Co., of Philadelphia.

The contract was given to Mr. Myers, though not the lowest bidder, because he was the only one who offered to supply the pipes within the time specified—viz: the first of October.

The contract was given to Mr. Myers, though not the lowest bidder, because he was the only one who offered to supply the pipes within the time specified—viz: the first of October.

We may also say that, as the pipes are required for the service of the aqueduct as soon as possible, we presume that they will be purchased from our own makers, who may be able to deliver them sooner; and thus this matter, which has been a sore trouble to some of our friends in Pennsylvania, will be settled in a manner satisfactory to all parties except the defaulting contractor.—Wash. Union, 6th.

The readers of Republican journals do not need to be told that the Scotch water pipes have figured very extensively during this campaign, as one of the accusations against the Administration. We would not undertake to estimate how much this unfortunate contract has been howled and denounced.

The above announcement that the government has promptly declared it forfeited, upon the failure of the contractor to come up to time, ought to have been calculated to turn joy into gladness and cause our Opposition friends to experience a sensation of profound gratification; especially as the pipes will now, no doubt, be manufactured in this country.

This, however, is putting too high an estimate upon Opposition candor. They not only refuse to be pacified, but actually denounce the Administration for abrogating the contract.

First the government was to blame in making the contract, and now is equally culpable in breaking it after the failure of the contractor to comply with the terms. The Opposition are uneasy and fretful, and want a good whipping to quiet them down.

The California Congressional Election. A question will likely be brought forward during the next session of Congress, the merits of which it is well every one should understand beforehand, in order that no one may be misled by the misrepresentations which will no doubt be attempted by the Opposition journals. The Legislature of California passed, at its last session, an act postponing the time of the Congressional election, which had been a regular and constitutional right to do.

The regular Democracy abided by the law and made no nominations, but the Opposition ran Messrs. McKibbin and Stewart, who, not being legal, could not be elected. The Opposition were successful, as they elected their Judge and Controller; but being law abiding and law-abiding, they were defeated.

Kept it before the People, that Lewis D. Campbell, the first choice of the Republicans for the Speakership in the House of Representatives, WAS THE MAN who reported the bill for the REDUCTION OF THE TARIFF of 45.

Kept it before the People, that David Wilmot, their candidate for Governor last fall, was a Free Trade man; and that JOHN M. READ, their present nominee for Supreme Judge, is also a Free Trade man.
