Are you in favor of a Protective tariff? Not if the Democratic party is. Are you in favor of the re-establishment of the United States Bank? Logisan has done well to form an opinion, but the probability is that the Democrats have carried both branches. Indiana has done well. From Iowa, we have but few scattering returns-Curtis, Black Republican, is thought to be re-elected by a decreased majority, and Liffingwell, Dem., is claimed in the other district. This year will no doubt settle their family quarrels, and Kessler, of the Adler, has been favored with political parties will be formed, and political lines laid down, when the Democracy will sweep that terrritory as it has all new States in the past.

In Illinois, we have nothing new to report ; the canvass is progressing, and the war is waxing warmer. Frank Biair and all the other Black Republican itinerant speak ers are turned loose in that State. The battle in Illinois will be savagely fought. If Judge Douglas succeeds in securing a majority of the Legislature, it will be by the skin of his teeth-the opposition are bringing everything . to bear against him, and the recent elections, we think, will prove disastrous to the "Little Giant." They give encouragement, vigor and life to the party, called "Oppo" sition." Missouri has kept out of the Illinois canvass, with the exception of the Republican, which we think imprudently entered into a family quarrel, and will do about as much good as a fish out of water.
