THE GREATEST

OF THE AGE.

THE GREATEST MEDICAL DISCOV

discovered, in one of our common pastnre weeds, a remedy that curves *EVERY KIND OF HUMOR*, from the worst Scrofuls down to a common pimple. It has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, al within twenty miles of Boston. Two bottles are warranted to curve a nursing sore mouth One to three hottles will curve the worst kind of Pimples on the fice.

One to three bottles will cure the worst kind of Pimples on the face. Two to three bottles will clear the system of Biles. Two bottles are warranted to cure the worst canker the mouth or stomach. Three to five bottles are warranted to cure the worst case of Brysjeles. One or two bottles are warranted to cure all humor in the Byes. Two bottles are warranted to cure running of the ears and blotches among the bair. Four to six bottles are warranted to cure corrupt and running ucers.

One bottle will cure scaly eruption of the skin. Two to three bottles are warranted to cure the worst

cases of ringworm. Two to three bottles are warranted to cure the most des

Five to eight bottles will cure the worst case of scrofula A benefit is always experienced from the first bottle, and a porfect cure is warranted when the above quantity is taken.

A benefit is always experienced from the first bottle, and a porfect cure is warrantod when the above quantity is taken. Reader, I peddled over a thousand bottles of this in the richity of Boston. I know the effect of it in every case.— So arre as water will extinguish fire, so sure will this curo humor. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quite pientiful, and yet its value has nover boos known until I discovered it in 1846—second, that it should cure all kinds of humor In order to give some idea of the sudden rise, and great popularity of the discovery, I will state that in April, 1854, I sold over one thousand bottles per day of it. Bom of the wholesale Druggists who have been in the business twenty and thirty years, say that nothing in the annis of patent medicines was ever like it. There is a universal prise of it from all quarters. In my own practice I always kept it strictly for humors —but sines its introduction as a general family medicine, great and wonderful virtues have been found in it that I never subspected. Swereal cases of epileptic fits—a discass which was always considered in curable, have been cured by a few bottles.— 0, what a mercy fit prove effectual in all cases of this then is have. I know faveveral cuses of Dropsy, all of them ag-d peo-ple, cured by it. For the various diseases of the Liver, Sick Hendarche, Dyspeptia, Asthma, Fever and Acue, pain in the side, Diseases of the Spine, and particularly in diseases of the Kineys, & the discovery has done more good than any medicine over known. No change of dist ever necessary—ent the best you get and enough of it. Directrons rou USE—Aduits one table sponful her day —Obliften over the years deserds reponful. All foreign wolches are made by hand, the American watches being the only ones made by machinery upon a uniform system throughout. Nearly all hand-made watches are defective, and are continually getting out of order. In many parts of the country it is impossible to find good watch repairers, and watch repairing is always uncertain and orgeneive. The introduction of American watches disposes of this difficulty, and scenarizy merchants, as well as watch dealers, can keep watches as part of their miscellaneous stock, and thus supply their customers with a NSW starts, which may be used as any other article. without mystery or humbur.
