Business generally has been dull. Health of the city most excellent.

Locally, nothing of importance has transpired. On Friday, whilst our steam-fire engines were on their way to a fire, several accidents occurred. A horse, attached to a buggy, became frightened ran away and dashed the vehicle to pieces. Another buggy was run into, and also demolished, whilst one of the hose carriages was somewha smashed up, and to cap the climax the saddle horse of one of the steam-fire engines was thrown and run over by the machine, and so badly hart that he had to be killed—he was valued at \$200. The entire smash up and break down cost the city about \$1000. Wm. Carey Jones is now in this city. In Saturday's

papers he published another letter on the Blair libels on Col. Benton. He strikes some heavy blows. The Balloon Race at Cincinnati terminated in a triumph

to Mr. Steiner The fourth overland mail arrived in this city on Saturday evening last. It brings dates of the 27th Septemberweek later than the steamers. Three passengers accompanied the train. Time, a fraction over 26 days.

You are already "posted" in regard to the late elections -sufficiently for all practical purposes. In Indiana the Democrats have elected their State ticket, which settles the matter that under almost any unfavorable circumstances the Democracy of that State can be relied upon.

We think on joint ballot the Democracy will triumph, and thus elect a United States Senator. In Kansas and Nobras of James Buchanan has made hosts of friends by the postponement of the Land Ssles. The contest in Illineis is weeing warmer and warmer as the day of election approaches. The fight between Lincoln and Douglas is dependent and doubt with the fight of the control of sale day of deterope corner. Blair to stump the St tell, behalf of negro equalty and Free Negroes. This same Fred D notes once said that he would welcome the belt, comiest either from Heaven or Heli, that would shiver the Unjon to pieces." He is the same estumniator and slanderer of Heavy City, who heaped more foul abuse upon the illustrious dead than any while man is now poid, so it is said, by the Abelitionists to stump it not cond z to a pretty pass, when the opponents of Democracy call torch negroes to belster up their rotten cause; who is it are essing to be a free white man, that would hire some to to defaine such men as James Buchanan, the lamented Henry Clay, &c., and then stand by and here the foul backwere dree from his month. It is said that Fred, Dongwess is haifed and lendly applauded at every place where he has spoke; by the Black Republicans. The people of this is not to hard up for society if they thus countenance, and form their political opinions from Fred. Douglass. We think better of them and believe that many of the Black Republicians, fith it State will refuse to follow Dr. Leroy, the Nation I Democratic candidate for Con-

gross in the Thir: District, has withdrawn from the race, leaving the field to the Dinglas and B. R., candidates. John C. Reeskissridge, Vice Provident has written a letter to the State Central Committee of Illinois, in reply to an invitation to visit that State and address the people, the Committee having been informed that he desired to do so. Mr Breekinridge says such information is incorrect, but that he will not decline formswer their courtous letter .-The letter is published, but not received hore yet. A dispatch tells us that the letter says the Vice President can. not endorse the course of $\dot{M}r$. To morrow week will determine the fate of our sister State. Seven of the nine Congressmen running on the Douglas ticket, are pledged to support Mr. Buchanan's administration and the Democratic party. These seven men we hope may beat their Black Republican, Abolition com-

Post Master, Mr. John Hogan. Men, who feel themselves aggrieved at his exections in defeating Blair, are now crying for revenge, and raising the fulse cry that Mr. Hogan Is a sympathiser with Mr. Douglas. We take the liberty of saying that Mr. Hogan is not—that he is now, as he always has been, a Lecompton Democrat, opposed to Judge Douglas' desertion of the Democratic party at last session of Congress, and consequently no sympathiser with him at the present time in his wild crusade against Mr. Buchanar and his administration. Mr. H., was always a Buchanan man, but because he has not thought proper to take a part in the Illinois election, they charge him with boing a friend of Douglas. He has not interfered with the election in Illinois, it is true, and we give him credit for itlet Illinois fight her own battles, as we fight ours, and in our next battle at the spring election these men will learn and find out to their hearts' content the position John

Hogan occupies in the National Democratic party.

We have all kind of news from the Pike's Peak gold mines, but we are inclined to think that the unfavorable overbalance the favorable. We don't think a man would make over a quarter of a dollar a day on an average at the mines, if we multiply and divide the various rumors now

MURDER OF A VIRGINIAN.—Belton, Bell (1)., Texas, October 13th, 1858.—Our usually quiet town was yesterday thrown into great excitement, by the news that young R thert Venable, late of Mecklenburg county, Va., had been killed by a Mexican. The frees are these: young Venable and a Mexican, by the name of Martine, had a difficulty some few days ago, about some stock, when Martine drew a six shooter on Venable; he, being unarmed, average of three dollars per bushel, or an retreated. Yesterday, he went out with his aggregate of over \$10,000. PROVISIONS IN SOUTHWESTERN VIRGINIA. Pork is now selling in Giles county, Va., at \$6 per 100, though buyers are unwilling to make engagements at that—believing it can be bought at a lower figure. Corn is selling at 62; cents, and it is said there is more good, sound corn in the county than there was year.

A Mr. D. G. Rasb, of Ohio county, Indiana, presented a specimen of corn to the late State Fair of that State, with a statement that a field of twenty acres yielded one hundred thirty-six bushels to the acre! The smallest vield of any one acre was one hundred and two bushels, and one acre produced one hundred and sixty bushels! The field was on the Ohio River Bottom.

CHANGES IN THE CARINET -Public rumor is again at work creating difficulties in the Cabinet of the President, and foreshadowing man dare de, and keep his place on American soil. > REMARKABLE CASE. - The Somersworth Advertiser says: "We learn that on the 20th ult., Hiram Edmunds, of Emery's Mill, a boy some 14 years old, fell from a hay mow, and struck the lower part of the left side of his chest upon the upright end of a sharpened slab used as a fixture in the barn. penetrated the chest, and he hung there, some four feet from the floor, whilst his father could go and take him off. > Kansas Emigration .- From all the accounts, Kansas must be steadily filling with emigrants. The Journal of Commerce, of October 1st, published at Kansas city, Missouri, states that over fifty wagons left that town, the day before, for different sections of South Kansas Among them were nineteen families from the States of Wisconsin, Iowa, Illinois and Ohio. It states, also, that the land emigration, for the past two weeks, has been larger than at

other time this year, and adds: Our city is every day crowded with detachments of this immense emigration, and there is one feature about this moving multitude that we cannot fail to admire—it is an emigration of fathers, mothers, sons and daughters, with all their household effects, and their stock and implements of agriculture, to provide for their maintenance through the cultivation and bounties of the soil.'

THE WINE CROP .-- A letter from Marseilles says: The vintage throughout France is pretty well over, and it is now incontestibly proved that the vintage of 1858 proves one of the best ever known. This year's wine will, like that of 1811, be the "comet wine"it will be such in quantity as well as in quality. "Everywhere," we read in the last number of the Vigneron, "Everywhere satisfaction is felt as to the result of the vintage. We have this year both quantity National Intelligencer we get the following and quality. In the Department of the Cher, extract of a letter from the Hon. F. W. Pick, the yield exceeds by one third, the quantity ens. Minister of the United States, in Russin: looked for; and about Chalons the quality is above that of ordinary years. In the Loiret the quantity is at least one fifth more than is realized in general. At Villefranche and at La Rochelle the crop exceeds all expectations, and quality is most excellent. In the Depart ments of the Indre, Lower Loire, and Saone Loire, the vintage has turned out most satisfactorily, and the quality of the wine proves most superior. Equally favorable accounts are being received not only from every part of France, but likewise from Italy, Spain

Portugal, and from the borders of the Rhine. A CLERGYMAN KILLED BY A BULL.-Rev Samuel C. Parker, of Hinckley, Medina coun ty, Ohio, met with a terrible death on the 10th inst. He was seen to go into a field in which he kept a bull, with a pitchfork in his hand, for the purpose, as is supposed, of driving the animal out. About an hour after a person called at his house to invite him to preach a funeral sermon, and was directed by the fam ily to the field where they supposed Mr. Parker to be. On looking for him he was found dead, horns and head of the built were blody, and the the unfortunate man was gored and pitched along by the vicious animal from where the pitchfork was dropped to the fence, and then tossed completly over it.
