ST. LOUIS CORRESPONDENCE. -Government and other Lands-Accum-Fulling of a House-One Man Killedatic. &c.

8 Torrs, Nov. 1, 1858. We have not had a clear day since the date of our las ort. It has been cloudy, rainy, hazy, muddy, dirty, filthy, and altogether very disagreeable. Several heav rains have fallen, and we believe have prevailed pretty generally throughout the West. The rivers have all been swelling, but freight is scarce, except for the Missouri river The receipts of produce continue light, and sales on 'Change present no new feature. The market generally remains as last reported. We have heard of but very little movement in Hogs. Our packers have not commenced of the week has been light, and with the exception of ou Grocers and Jobbers in clothing little has been done. The fall trade has disappointed many of our merchantshave laid in large and extensive stocks with the anticipa tion of a heavy fall business. These goods will lay upon their shelves whilst their notes are falling due, and some will find "pinching times" during the winter, when navi-

gation is suspended in the upper rivers.

The health of our city remains good—the mortality is

on the decrease.

Money continues to accumulate in our Banks and bank ing institutions-it must soon find an outlet-it won't pay to horde it up. The land mania has subsided, and we may say completely checked. There are but few buyers in the parket for "bit"-(121% cents) land; except with a few Eastern speculators, nothing is doing in government lands. Good farms are offered in all parts of the west, at much reduced prices, but no buyers—unless for a great bargain.

Those who have money are holding on to it like grim death to a "deceased African," and those who have none -their capital all being invested in land-are anxious to dispose of the latter at ruinous rates, that they, too, may put money in their purse." All seem to be in want of the "one thing needful," and the more one has the more he wants. A change must take place, but not before those who felt the effects of the recent panic forget their "wounds" —a burnt child dreads the fire

ocal items are scarce, consequently we have but little of interest to report

A villainous attempt was made a few days since to poison the inmates of a bearding house in this city. After dinner on Wednesday last, twenty-three of the boarders-the number at the table, were attacked with nauses and vom iting. A Physician was summoned, and pronounced the complaint poison. Emetics and other medicines were speedily administered, by which the patients have since partially recovered though some continue unpleasantly affected. An analysis was made of the food on the table and it was f und that the sair was strongly mixed with salt, is yet a mystery. Mr. Muhimann, the proprietor, cannot account for the atrocity, but all seem to agree it

the two side walls pressed out, and the whole fell with a tremendous crash, carrying five workmen with it. One was killed, and the others dangerously wounded, and it is I said two of them cannot possibly recover.

He was in the city but four weeks. Also, of the Chin Capt. John Glenn, aged 42 years, a native of Pittsburg, Pa The New Orleans Picayane of the 10th ult., says:

It is generally believed he landed alive in the marshes with the balloon. We wish to correct an error in regard to the robbing of the

We should think not. Indiana has given about 5000 majority for the Democratic ticket, and she can alway be relied upon. The Legislature is believed to be a tie. No Senator is to be elected in that State, by the present Another overland mail arrived on Saturday.

ARE YOU READY TO ENLIST?-Seward said at Rochester that the North would emanci-pate the slaves of the South—drive slavery sugar plantations of Louisiana. It is, of course, to be done, if at all, by sectional war and by shedding of oceans of blood. He is ready to lead in this crusade against slavery in the States. Will you follow him? "Will," it is States. Will you follow him? "Will," it is asked, 'New York proclaim that by force the the sugar plantations of Louisiana shall be: tilled by free labor alone?" This is the issue, as Mr. Seward puts it; and it carries a brutal and a bloody meaning. It involves a total ult. destruction of all existing things in the Southern States. The bonds of society must be swept away. An inferior and brutal race must be admitted to social and political equality with the superior race, or it must be reproduced in the Southern portions of this Union. The fields must be turned into barren lbs. industry everywhere destroyed, education neglected, churches and schools allowed to fall into decay, the rite of marriage and the observance of family ties abandoned, and a savage barbarism installed where peace, order and social progress now rule. - Troy Budget.

THE SPANISH EXPEDITION AGAINST MEXICO. Herald, writing under date of October 8, says the Spanish expedition against Mexico is certainly going forward. The estimated expenses of the war-seventy millions of reals-have been ury at Havana. An army and fleet will soon on their way to the Mexican Gulf. though Mexico is completely disorganizedand rent with fraternal feuds and drenched with fraternal blood; and although she appears to be an easy prey for an invader, Spain may have occasion to regret her attack. The sympathies of the American people would be with our unfortunate sister republic, and against that corrupt and selfish monarchy, which, from the time of our Revolution, has been most cold and unfriendly to us in her American policy. Thousands of our adventurous and ardent youth would volunteer their services, with ships and money to back them, to the Mexican government, and the end, per-haps, would be, that Spain would lose Cuba, instead of conquering Mexico. A fear of this consequence will, undoubtedly, notwithstandwill also be kept constantly on hand. ing the loud threats, induce Spain to pause and hesitate a long time before she sends a hostile expedition to Mexico.

The same evening, police officer Rigdon, who was a principal witness in the trial of Campbell, was also shot dead in the Southern part of the city by one of the

VINTAGE IN MISSOURI.-From The Volksblatt, published at the German settlement of Hermann, in Missouri, we learn that this year's vintage in the vicinity of Hermann, in spite of the poor prospects in the early part of the season, has been an average one assertions acid. How the polson found its way into the quantity of wine produced will reach twentyfive thousand gallons, which is highly satis factory in view of the fact that last year's yield was enormous, and that the vines seldom yield two consecutive heavy crops. The yield through whose patriotic influence such names were colroof on a house in coarse of construction on Friday last, per acre of the different vineyards is variable, the two side walls possed out, and the whole foll with a | three and four hundred gallons per acre being secured in some, while others afforded only fifty gallons per acre. On Sunday night last, she snored so loud in her ash-hole bed as to attract the attention of the matron, and after Mr. Thurston, the lost aronaut, has no doubt found a a search she was found and dragged out. THE GREAT CURRE OF CON-UNPTION, WAS for several years so bodily affliced by Dyspepsia, that for a part of the time he was confined to his beat. He was sentually cured by a prescription furnished him by a young clairvoyant girl. This prescription, given him by a mere child, while in a state of trance, has cured everybody who has taken it, never having failed once. It is equally sure in cases of Firs as of Dyspepsia. The incredients may be found in any drug store. I will send this valuable prescription to any person on the receipt of one stamp to pay postage. Address

PRANDRETH'S PILLS PURIFY THE ILOOD.—Continued pain or uneasiness in any organ is generally cu-ed by one or more doses of Brandreth's Pills. Thirty years' personal "xperience by the undersigned fully justify this assertion.

Dr. James Luil, of Postdam, N. Y., Fays:—"I have cured the most deplorable costiveness of the bowels with Brandreth's pills, when every other remedy had failed, and the patient was given up to die. Skin diseases of any invelerate and painful character, such as erysipelas, salt rheum, tetter and summer-heat. I have seen eradicated by their use. I have cured the rheumstic the epileptic, the paralytic and the consumptive with these rexellent pills alone." In jaundice and all affections of the liver, dyspepsia, dysentery and diarrhoea, pleurisy, sudden pains and inflamations, female obstructions; scorbutic and scorfulous, even gouty and neuralgic affections have given way to the use of this medicine, and now, after twenty years' experience, my estimation of Brandreth's Pills continues to increase.

OBSTRUCTION.

A young lady, beautiful and healthy, to-k cold, which caused a serious obstruction for two years; her health was broken down and her beauty departed. At length Brandreth's Pills were tried; eleven doses, of from two to four, were taken in fifteen days preceding the usual period.—Regularity was restored, and her health and good looks recovered.

WORMS.

Brandreth's Pills are the best vermifuge; they are infallible. A little child, six years old, for some weeks was dropping; its mother gave it one of Brandreth's sugar coated pills; the next day there came away a worm sixteen inches long, and as large as a child's finger. The child was well.

inches long, and as large as a child's linger. The child was well.

A gentleman away from home, was taken with pleurisy; the inflamation was terrible; every breath made him writhe with agony. Eight Brandreth's Pilis were swallowed, and warm oil applied locally; the pilis operated, and the pain was relieved; plenty of grue! was taken, and six more pilis, and the second day the patient was cured.

Those statements should have weight, and prevent the use of poisonous drugs, and stop the sad practice of bleeding.

Brandreth's Pilis are sold at the Principal Office, 294 Canal street, Brandreth Buildings, at 25 cents per box; and the same, sngar coated, 13 cents, warranted to keep as well as the plain Sold also by ZAHM & JACKSON, Iancaster,
