A CALM VOICE FROM KANSAS.

We find in the New York Tribune, a letter from Kansas, written by one who has no sympathy with the Democratic party, which for one develops sound views and welcome truths.

"We venture to say that more has been done for the organization of Kansas in the last four months than was accomplished in the four years prior to this, and why? Simply because we have pursued a course of a consistent and logical policy."

"A word as to the future: Our friends at the north are urging, and with good reason, for the future, form a Constitution, and demand immediate admission into the Union."

THE MISSOURI COMPROMISE.—Senator Il. thinks the repeal of this compromise is unnecessary, inasmuch as the North virtually repudiated it, when she refused to extend the Missouri Compromise line westward of the Rocky Mountains.

THE FUTURE POLICY OF THE SOUTH.—Senator Il. considers the question settled, that the South has irretrievably lost her equality in the Union. The North must henceforth, and forever, have the numerical ascendency in both houses of Congress, and the South must look for her safety, to the justice of the North, and the provisions of the Constitution.

SPEECH OF SENATOR HAMMOND, OF SOUTH CAROLINA.

One of the most remarkable political events of the day, is the speech delivered by Senator Hammond, before a large assemblage of his constituents at Barnwell, C. H., S. C., on the 22nd of October.

The subject was well and skillfully treated, and gave rise to a long and animated discussion, in which Messrs. Dimark, Hood, Sanderson, Steinhart, Hayes, Prof. Matthews, Hagood, and Bogart participated.

There was no doubt of the success of his mission. He returned with a large number of converts, and a deep impression was made upon the minds of his hearers.

LYNCH LAW IN KENTUCKY.

A correspondent of the Louisville Journal, writing from Campbellville, Ky., describes the recent lynching of the murderers of Henry Simpson, a wealthy resident of that vicinity.

The mob proceeded to the jail which is built of stone, and very strong, and found the doors locked and the jailer gone. A number of men immediately seized a piece of heavy timber, and with several tremendous blows burst the door open.
