ST. LOUIS, Nov. 15, 1858. We have had another week of bad, disagreeable and unsettled weather, with a sprinkle of snow on Tuesday last; it has rained nearly every day since our last report—Saturday was the first day, that might be called clear, but last night it rained again, and indications to-bay are favorable for a clear up. Immense quantities of water have fallen, and the rivers are in fine boating condition, but the roads in the country are so bad, it is next to an impossisility to get produce to the rivers or railroads. Freightare consequently scarce. Receipts at this point are very Hight. Sales on 'Change Saturday were—Hemp from \$95 to \$146 for choice dressed; Tobacco from \$5.50 to \$7,35 per 100 ibs; Flour dull at \$4,30 and \$4,50; Wheat 65 to \$1,15 according to quality and condition; Corn 70 to 75c; Oats 57 to 82c; Barley 65 to 97c; Buckwheat 70c per bushel; Whiskey 20c; Potatoes 60c to \$1; Onions 65 to 70c; Salt G. Our city is over head and ears in debt, and unless we can get the relus of government out of the greads clutches of the Black Republicans, and place Dometrate in their positions, we will long remain in debt, growing deeper and deeper every year. This is another lesson to the Democratic party. When united, defeat is never known. We think the recent elections in the Northern States will greatly strengthen the Democracy in the future; they will see the necessity for union of action but that the unterrified will rally with redoubled strongth and crush Black Republicanism in 1860 as effectually as it did Know Nothingism in days gone by. So long as the Democratic party has a guiporal's guard, the organization will be maintained—which mover can be broken, it matters not how often defeated—and the enemy to the Constitution and the Union year after year will be met at every poll in every State. SIX GENERATIONS .- On Wednesday week, at West Roxbury, Mass., a boy was born who can count probably more living ancestors than any other person in Massachusetts. He has, of course, a mother—but he also possesses the care of the following. A grandmother aged 40; a great grandmother, aged 58; and a great great-grandmother, aged 79; and a great great great grandfather, aged 97. But the most singular of all is, that all but the old gentleman were born in the same house and same room, and he says he himself would have been, had it not been for a visit his parents were making near Boston. Mr. Prescott, the old gentleman referred to, is now looking finely, and says if he lives long enough to see his last little hero married, and a father, he will beat the world and be satisfied.

DIVIDEND DECLARED .- We learn from the Philadelphia Ledger, that the Delaware Division Canal company has declared a dividend at the rate of eight per cent. per annum, for the time the Canal has been in its possession payable on and after the 15th inst, after deducting the current expenses and an amount sufficient to complete the improvements in course of construction. This is very encouraging to the stockholders, and proves what we have always asserted, that this stock is as desirable an investment as that of any corporation in the State. - Sentinel.

A GREAT MISTAKE .- A recent survey of the boundary line between Berks and Schuylkill counties, has established the fact that some eighteen thousand acres of land, heretofore taxed in Schuylkill really belongs to Berks. The tract is along the Blue Mountains.
