CARD FROM DR. JAMES M. JARRETT OF THE NEW YORK LUNG IN-

A JARRETT, OP THE NEW YORK LUNG INHIRMARY.—My connection for the past eight years with
the above Institution, as Chief Physician, and a twelve
year, course of steady describe to the Cure of Pulmonary Consumption and its, highred diseases, together with
my unrivaled opportunities and advantage of pathological
research—mided not a little by a perfect system of Medical
Inhibition—has an shield me to arrive at a decisive, direct,
and successful curse of treatment for the positive and
radical ours of all diseases of the Throat, Lungs and AirPuragez. By lunkalism, the vapor and curative properties
of medicines are directly addressed to the diseased organs and
the integuinent. I do not advise the use of Medical Inhalalation of any kind, to the exclusion of general treatment;
and although I consider it a useful adjurant in the proper
management of those fearful and often fatal diseases, yel I
deem it very necessary that each patient should have the
benefit of both general and local treatment. The success of my
treatment in the above diseases, and the high character of
the Institution over which I have so long had the honor
to preside, are too well known to need any sellogy or comment from me. At the solicitation of many private and
professional friends, through whose philanthropic sid the
above charity has been long and liberally supported, and
after idue consideration, I have concluded to make such
arrangements as will bring the benefits of my experience
and treatment within the reach of all, and not comine myself, as heretofore, to those only who entered the Infirmary,
or who were able to visit me at my office. Hoping, therefore, that the arrangement will give entire satisfaction
both to my professional brethren and the public. I would
respectfully announce in conclusion, that I can now be consuited persually or by letter, on all diseases as above, and
that the medicines, the same as used in the Institution, prepared to suit such individual case, findding Vaporfore, that the arrangement will give

These symptoms, if allowed to go on—which this medicine invariably removes—soon follows LOSS OF POWER, FATUITY, AND EPILEPTIC FITS—in one of which the patient may expire. Who can say that these excesses are not frequently followed by those direful disease—INSAN-ITY AND CONSUMPTION? The records of the INSANE ASYLUMS, and the melancholy deaths by CONSUMPTION, bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sodden and quite destitute—neither Mirth or Orief ever visits it. Should a sound of the vice occur it is rarely articulate.

Resider, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.—So sure as water will extinguish fire, so sure will this cure thumor. I never sold a bottle of it, but that sold another; after a trial it slways speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has nover been known until I discovered it in 1846—second, that it should cure all kinds of humor In order to give some ides of the sudden rise, and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like if. There is a general praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that in ever suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles.—O, what a mercy if it prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, pain in the side, Diseases of the Spine, and particularly in diseases of the Kidneya, &c., the discovery has done more good than any medicine ever known.
