the picture sheets are—but it will contain beautiful Designs and Engravings, when they really illustrate and comment a subject.

The subscriber bascalready engaged a Corps of Contributors, "a Train of Stara," unequalled for genius, brilliancy, and reputation, by those of any other journal now published, no matter what may be its pretensions. It is with no slight gratification that he announces his success in engaging, after much persussion, the able and experienced services of a gentleman, so long and so justly eminent, as Mr. Pank Bennam, so long and so justly eminent, as Mr. Pank Bennam, so long and so justly eminent, as Mr. Pank Bennam, so long and so justly eminent, as Mr. Pank Bennam, so long and so justly eminent, as Mr. Pank Bennam, so long and so justly eminent in his literary enterprises, whether as Editor, Author, or Public Speaker, the name of Mr. Benjamin is an augury of certain good fortune.

The public may rest assured that no means will be untried by the subscriber to secure a grand and brilliant accomplishment of his effort to establish the largest and best Weekly Paper ever published—since nothing will be left undone that can be done by taients, capital, experience, learning and a resolute perseverance.

"The Constellation" will mainly recommend itself to a cordial and generous support from the very best people by its observance of good and avoidance of evil. It will be an unobjectionable and perfect Family Newspaper—giving offence to no sect or party—the favorite alike of both sexes, of young and old. The subscriber, having had nearly a quarter of a century's experience in the publication of daily and weekly journals, and having now connected himself with such well known and invaluable Editorial sid as he has herein announced, flatters himself that his new enterprise will at once achieve a popular favor and success unparalleled in newspaper enterprises.

The terms for "The Constellation" will be Two Dollars per Annum each, when Ten Copies are sent in one envelope to one address; Twenty-Eight C Single Copies, Five Cents. To Newspaper Agents, \$5,00 per 100.

A late Saturday Evening Edition will be published, and left early Sunday Mornings at the residences of City Subscribers by regular Carriers, employed by the Publisher.—Those, who desire to commence with the first number, should send in their subscriptions and orders as early as possible—since, owing to the immense size of the sheet, only such numbers will be printed as may be ordered.

All orders and letters to be addressed to the undersigned. GRORGE ROBEKTS, nov 20 ft 46

A Benevolent Institution established by special Endowment, for the relief of the Sick and Distressed, afflicted with Virulent and Epidemic Diseases.

THE HOWARD ASSOCIATION, in view of the awful destruction of human life caused by Sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a CHARITABLE ACT worthy of their names, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to, give MEDICAL ADVICE GRATIS to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in case of extreme poverty, to FURNISH MEDICINES FREE OF CHARGE. It is needless to add that the Association, in their Annual Report upon the treatment of Sexual Diseases, express the highest satisfaction with the success which has attended the labors of their Surgeons in the cure of Spermatorrhoz, Seminal Weakness, Guoorrhoza, Gleet, Syphilis, the vice of Onanism or Self Abuse, Diseases of the Ridneys and Bladder, &c. and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent efforts have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed Zesi, to this very important and much despised cause. An admirable Report on Spermatorrhoza, or Seminal Weskness, the vice of Onanism, Masturbation, or Self-Abuse, and other diseases of the Sexual organs, by the Consulting Surgeon, will be sent by mail (in a sealed envelope) FREE OF CHARGE, on recept of TWO STAMPS for post-age. ASTROLOGY

The never-failing Mas VANHURN is the beet; she succeeds when all others have failed. All who are in trouble,—all who have been unfortunate, all whose fond hopes have been deserved and trifled with.—all if to be for advice and ablished by false promises and deceit,—all who have been deceived and trifled with.—all if to ber for advice and astisfaction,—all who are in doubts of the affections of those they love, consult her to relieve and estify their minds. In love affairs the never fails. She has the secret of winning the affections of the opposite sex. It is this fact which induces illiterate pretenders to try to imitate her. She shows you the likeness of your future wife, husband, or absent friend; she warrants and guarantees the single a happy marriage, and makes the married happy. Her aid and advice has been solicited in innumerable instances, and the result has always been the means of securing a speedy and happy marriage; she is therefore a sure dependence. She has been the means of brigging many hundred hearts and hande together. Thousands of broken hearts have been healed and made happy by her.

It is well known to the public at large that she was the first, and she js the only person who can show the likeness in reality, and who can give entire satisfaction on all the concerns of life, which can be tested and proved by thousands, both married and single, who daily and eagerly visit her at NO. 1336 LOMBARD STREET, PHILADELPHIA. EXPLANATION.

The term AMBROTYPE, by which these Pictures are designated; is derived from the Greek word Ambrotos, signifying indestructibility, permanency, &c. The Picture is taken upon plate glass, to which another plate of corresponding size is secured with an indestructible cement, by which the-picture will retain its original brilliancy for ages, it will not corrode by acids, nor be injured by water or climate. It is bold in its effect, beautiful in tone, surpasses any thing in the gradations of light and shade, and may be seen in any light. The public are cautioned against imitations made on single plates of glass, with the black variath in immediate contact with the Picture.—Buch are not permanent, as the varnish must crack and destroy the Picture.

ATIONAL POLICE GAZETTE.—This

Great Journal of Crime and Criminals is in its Thirteenth year, and is widely circulated throughout the country. It is the first paper of the kind published in the United States, and is distinctive in its character. It has lately passed into the hands of Geo. W. Matsell & Co., by whom it will hereafter be conducted. Mr. Matsell was formerly Chief of Police of New York City, and he will no doubt render it one of the most interesting papers in the country. Its editorials are forcibly written, and of a character that should command for the paper universal support.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.—So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor. In order to cive some idea of the sudden ries, and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1864, I sold over one thousand bottles per day of it.

Some of the wholesale Druggistas who have been in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general faculty medicine, great and wonderful virtues have been found in it that I nover suspected.
