ST. LOUIS CORRESPONDENCE. ers and Weather-Suicids-Murder of a St. Louis urning of a Steamer-Our Approaching Spring sign-The County Court-Slavery Abolished in Eu-vold Denay" in Louis Sr. Louis, Feb. 21, 1859.

We have had very pleasant weather since our last date and on Saturday it was as mild as in the month of June The ice has nearly all run out of the upper rivers, and teamboats are preparing for the spring trade. Boats are now advertised for the Missouri river, and the Pike's Peal migrants will soon commence moving to the border towns preparatory to their trip across the country. We have have

several heavy rains in the past week, which has caused rise in all the rivers. The Produce market still continues dull for the want receipts. There is no material change in the market. A man by the name of Wm. Buschman, committed suicide in this city a few days since by cutting his throat from ear to ear.

We have received the sad account of the foul muder one of our citizens. Mr. Chas. Kennedy, at Fort Smith, Ark. Mr. K. was employed by Messrs. R. & H. B. Whittemor of this city, in the purchase of furs and skins, and his nurderer a man named Stowe was in the same business employed by some New York house. It appears that Stow circulated a report that the house of Whittemore & Co. was nsolvent, in order to jojure their trade. Mr. Kenned asked an explanation, which Stowe refused to give, the for mer then challenged him, and which Stowe refused to ac ept, but the cowardly assassin procured a shot gun. and as Mr. Kennedy was walking along, Slowe shot him dead n his tracks. Considerabe excitement prevailed, and at ast accounts it was thought that the indignant citiz-us would lynch the murderer. The remains of Kennedy will be brought to this city for interment. He was a man much to their rooms. respected by all who knew him, and leaves a wife and sevral children to mourn his untimely death.

The steamer Quaker City was burned to the water's edge, whilst lying at the port of Nashville. She had just dissharged her cago, and nothing but a small quantity of Cotton and Corn was destroyed with the boat. She was valued at \$6,009, and owned and partially insured in Pittsburg,

No lives were lost. The Italian Opera Troupe closed a most successful week Saturday night at the St Louis Theatre.

It is said that the Peach crop of Illinois, is entirely ruined. There are but a few weeks intervening between this and our mucleipal election. The Democracy are mustering for to think the above treatment would be available in baving the struggle, and will use all fair and honorable means to wrench from the hands of their onemies—the enemies of the city and State-the control of our City Government.- is of itself sufficient to lower and reduce the constitution citizens have felt the force of Black Republicanism of an or during the brief existence of that party in our midst, and no man, who has the interest of our city at heart, can, for a moment, give his sanction to another term of the misrule a moment, give his sanction to another term of the misrule therturing treatment, the constitution gradually failing which has characterized the city and county in the past and giving away, in giving rise to more alarming symptoms an years. The Bisck Republicans placed in power the ; evidently preparing its victim for the shroud, while the County Court, with three Black Republican Judges, and according to the statements of the men who put these Judges to power, three more corrupt men never existed : the cause to some other besides the genuine one, till the in this or any other community and seeing that the people have turned out on masse, and demanded their removal, they, the Black Republicans, have thought it policy to join in with the popular voice, and have actually denounced in no unm asured torms, these pillars of their party-they had to do it for then party's welfare ; thinking it better to lose these men and their friends from their ranks rather han go down with them in one mighty gulph. But we think the people have got enough of their manner of administrating the financial affairs of the city and County, and there is very little talk of them even running another ticket in St Louis A bold scheme, however, is on foot, and which is the consolidation of the Black Republican and Know Nothing parties-the former will be content with the candidate for Mayor, whilst they will give the Know Nothings the balance of the ticket-they know they are not fit for managers of a city government like ourshence their readiness and willingness to reliquish all claim upon the voters; but they do want the Mayor, just to herald it over the country that St. Louis is Black Republican! (1) if they can't accomplish this, Giddings, Seward, Greely & Co, will lynch every one of them, and the young " Randolph of the West" (F. P. Blair, Jr.,) will lose much trength, and probably the proposed rare on the ticket for Fice President in 1860 (!)

We think, however, that by judicious neasures and com plete organization, the Democratic party will walk over the course in April pext with ease, against the combined oppoition. The party is now organizing in every ward, and if we mistake not, by the day of election, it will be so thorough and complete, as to be entiroly impregnable. There seems just now to be a dispositon, on the part of the Democracy. to completely wipe out Free Niggerism from our city, and it can be done, and it will be done, if the Democratic party does not "split" upon trivial questions? of this, however,

we have no apprehension. The party in now firmly united -many have enlisted in the good cause, since the last August election, and from the accounts of the different

Where will this bile and poisonous substance go to, when it is prevented from taking its na tural exit through the bowels ? It must surge itself back again into the blood, to be infused through the entire frame by the agency of the blood, bringing in its passage disease and suffering, and exhibiting itself by pain, nervous sen sations, and irritation all over the body-producing a bad celing at the stomach, sourness of food, a rush of b od tr the head, catarrh, bronchitis, a short dry cough, dizziness pain in the shoulders, and through or under the shoulders blades, a peevish and irritable temper. annoyed by this backing cough; and then gradually begins the expector ating from the throat of a lightish phiegm, rese

HARRISBURG CORRESPONDENCE IONUMENT T ) THE PENNSYLVANIA VOLUNTEER -TONNAGE TAX- READING BAILROAD MORTGAGES

HABRISBURG, Feb. 25, 1859. Nothing of great importance occured to-day Resolutions were adopted in both the Senate and House providing for an adjournment until Monday, for the purpose of affording members an opportunity to attend the funeral of Mr.

Wood The Appropriation bill has been considered in the House in Committee of the Whole, for several days. The proposition to increase the appropriation for building a monument to the nemory of the Pennsylvania volunteers who fell in the war with Mexico, by the sum of \$24,000, was discussed nearly all the after noon, and afforded some of the young member of the House a capital occasion for delivering

themselves of patriotic declamation. Thi project of building a monument was suggested at the last session, when \$6,000 was appro It was supposed at the time that this sum would be sufficient to erect a plain and sub

stantial structure. The Commissioners ap pointed to receive proposals did not confine themselves within the limits prescribed by the Legislature, but chose to consider the sum designated as a preliminary appropriation, to be increased at this session. a plan was adopted which is elaborate. florid.

and of course costly. It is estimated to cos \$30 000, but the general supposition is that it will require double the money to finish it according to the specifications. If the State is in a condition to foster the fine arts by erecting splendid monuments to her heroes and statesmen, it is well enough

if n t, I can't see upon what principle of justice the herces of the Revolution, and of the war of 1812, should be nermitted to slumber in their graves without any monume erected by the public to their memory, and the volunteers of the Mexican war be honored with this special mark of veneration. A bill was read in place, in the House, by

Mr. Nea', of Philadelphia, entitled "an act to increase the revenues of the Commonwealth. It provides that all tonnage, except the ordinary baggage of passengers, carried on or over any railroad constructed under any law of this Commonwealth, shall be subject to a toll or duty at the rate of two and a half mills per mile for each ton of two thousand pounds The companies are required to make semi annual returns, under oath, to the Auditor

General of the amount of tonnage conveyed by them respectively. This bill looks like a feeler to test the force of the principle of taxation now applied to the Pennsylvania Railroad Company, and its applicability to other cases." If the principle of taxing tonnage is correct, it should be extended to all railroads in the State; if not

correct, then it should not be applied exceptionally and invidiously to one company, the argument made by the advocates of the tonnage tax. A bill proposing to apply this tax to all companies, would at once give this argument practical force and effect, if it is

The principle of taxing tonnage, considered abstractly and without reference to any case, is certainly untenable. As egards the Pennsylvania Railroad Company he question arises whether the circumstance which induced the State to impose the tonnage tax were such as to take it out of the general rule, and whether these circumstances still emain in full force to warrant its continuance? The following bill has passed the Senate and is now pending in the House : That the mortages heretofore executed by the Philadel phia and Reading Railroad Company, upon their estates, roads, tolls, and franchises, be and the same are hereby ratified and declared

to be good and valid in all the provisions thereoi, and the said Company are hereby authorized to sell and dispose of any property real or personal, now owned by them whethe purchased or received in payment of debts, which is not required for the purposes of their

Wards, we are led to believe that a much heavier Demoratic vote will be cast than was at the last election, when the Democratic party were charged with "fraud" and "ballot stuffing." If there ever was a man fairly and hon-estly defeated, that man was Mr. Francis P. Blair ; and i' he thought the Democratic vote was loo large, we do not wonder at it, for he told his friends North, he had "only to come home and count the votes." Is there any wonder

he thought it *ion large1* Some of the leaders of the American or Know Nothing party are protesting against a union with the Free Nigger party, and at a Ward meeting the other night resolved to stand by their colors. But there is no telling what will be

For the past few days the morning papers have conta "A card for a " Popular Meeting " to be held on Tuesday evening, 22d inst., where it is expected "that all opposed to party rule and party dictation" will congregate. The object of this meeting is to unite the different parties of the city against the Democracy at cur April election. We think the bantling will die still born. The Missouri Democrat is out against such a movement

for if successful it cannot be claimed as a Black Republican triamph, yet they would "bargs in and sell" with the Know Nothings if they be allowed the candidate for Mayor. Boernstein, the German editor of the Anzeiger, who is looked upon as the great Mogul of Black Republicanism, it is seld refers to support a "nate candidate" which as is said refuses to support a "party candidate," which an-nouncement has greatly dampened the blanket encircling his former party friends.

Taking a calm view of the field at the present time, the Democratic party seems to hold the power. But a bill now before our Legislature for the expulsion of the present County Judges, and many other reforms in the administration of our city and county affairs, and which has passed the Senate by a vote of 21 to 9, may be the cause of distur-bing the present harmony existing in the party, but to what extent, cannot, at this writing, be stated-some are of what cause dissension and division in the party.

The Democratic party will, in the April campaign, rely, as it always has done, upon its merits and the soundness and the former period General Jackson had, in correctness of its principles, and you can rest assured the Democracy will do their duty.

We find the following, under the date of the 8th, in the Lawrence correspondence of the Leavenworth Times (Black Republican):

Republican): Council bill to abolish and prohibit slavery was then taken up, with only two hours to insure the Governor's signature or compel him to return it. An exciting scene occurred. None like it has occurred this ession. The friends of the House bill admitted that Conncil bill was not what they wanted in all respects, but that Dr. Root should not be allowed to carry their bill in his pocket for four weeks as the confidential agent of the Governor. for purpose of defaut. The root persistent efforts were made to prevent final a final vote was taken at 11 P. M., when by a large majority, slavery was abolished and for-ever prohibited in the Territory of Kansas. OBSERVER. . OBSERVER.

From a letter from Tabor, Iowa, we learn that "Old Brown." of Ossawatimie, Kansas, is now at that place in company of twenty men and several slaves. A public meeting was called, and Mr. Brown made a statement of his recant doings in Mi-souri and Kansas-after which a spirited discussion of two hours was had by the citizens, ending in the passage of the following resolution, introduced by Mr. Cummings:

of mr. Commings. Resolucit That while we sympathize with the oppressed and will do all that we consistently can to help them in their efforts for freedom, nevertheless we have no sympathy with those who go to the slave States to entice away slaves, and take property and life when necessary to attain that end. he regaled himself at a safe distance from danger

The current of Black R-publicanism has taken a change, and before the election of 1860 the Democratic party will have regained all, and more, too, of those deceived by abo ition éditors and leaders; for no man who has ever a Democrat can sustain such men as Greely, Seward Gid diggs & Co., in their crusade upon the industrious people of the South and their institutions.

Yours, OLD GUARD.

 Swonn statement of David MCreary, of Nupier town-ship, Bedford county:
 In April, 1850, as near as I can remember, a small pim-ple made its appearance on my upper lip, which soon be-came enlarged and sore. 1 used pullices of sorrel, and a wash of blue virtics, without affect. Finding these remedies of no avail, I called on Dr. Ely, of Schelburg, who pro-nounced it CANOER, and prescribed a wash of sugar of lead and bread pullices. Finding these care, and gave m internal and external remedies—the latter consisting principally of caustic, but all to no purpose, as the dile-ease continued spreading toward the nose. I next used a prepartion of arsonic, in the form of salve. This for a time checked the disease, but the inflammation soon in-creased. I next called upon Dr. Statier, of St. Caliraville, Bedford county, who also pronounced the disease Cancer, and applied a salve said to be a nover-failing remedy, but it had no effect whatever in checking the spread of the sore. In December, of the same year, the disease had eaten away a greater part of my upper lip, and bad at-tacked the nose, when I went to Chainati, where I con-suited Prof. R. 8. Newton, of the Electic Medical College.
 He pronounced the bar enternal remedies. My face healed up, but the inflammation was not thorouchly face healed up, but the inflammation was not thorouchly face he Administrator.
