Sr. Louis, Feb. 28, 1859. A great deal of rain has fallen since our last date; on Thursday night a very heavy storm passed over the city, accompanied with thunder and lightning. The weather is mild and delightfully pleasant. The rivers are all rising and free of ice, and the boatmen are about starting up the different rivers. One or two boats have gone up the Missouri taking some 200 or 300 Pike's Peak emigrants. Business has considerably revived, and our wholesale dealers are expecting to do a land office business in supplying outfits for the Pike's Peakers. We stated in our last that the bill to abolish the St. Louis County Court, had passed the Senate. This bill has since passed the lower House, but on Saturday, the Governor vetoed the bill. The probability is that it will be pas-

The Governor's reason for vetoing this bill, is on the ground of its being unconstitutional and revolutionary in its character. Quite a change has come over the spirit of the dreams of several of the leading men in this matter-they acknowledge that they have been too hasty.

All this excitement and hurran concerning the alleged corruption of the County Court, will take a political turn approaching municipal election. The Democratic party are in no way responsible for the County Courtthat party did not elect the judges, yet it is anti-Demo-cratic to legislate men out of as well as into office. The Democracy are in the field, and ready to fight the enemy singly or combined, and a better organization never existed, than that now in the Democratic party. Another mass meeting of the citizens is called for this

The "opposition" of Kentucky nominated a full state ticket on the 22d inst. The Democracy will carry the State by 20,000 majority.

It is rumored here that Mr. Seward, of New York, for the

sake of the cause, has withdrawn from the contest for 1860! and that Mr. John J. Crittenden is to be the "opposition" candidate of the Black Republicans and Know Nothings officials of the since republicans and allow rounings—
'Mr. Crittenden's friends here say that if he is to be the
Black Republican candidate for the Presidency they want
to know it—he never can get the vote of the Americans of this State whilst running on that ticket. This new move also throws our F. P. Blair overboard, and substitutes Mr Lane of Indiana, consequently the Black Republicans here, Mr. Blair's friends, will never support Crittenden. Truly. the "opposition" is in a bad fix. The census of the city of New Orleans, taken a few days ago, shows the popula-tion of that city to consist of 116,257 whites, 12,774 slaves, and 8,276 free negroes. HARRISBURG CORRESPONDENCE THE SALARIES OF THE SUPREME COURT JUDGES-

PERSONAL LIBERTY BILL. HARRISBURG, March 3. An interesting discussion occurred in the Senate upon the bill to increase the salaries of the Judges. Originally, the bill proposed to increase the salaries of the Philadelphia Law Judges to \$3,000, but it opened up the subject of the compensation of all the Law Judges of the State, including those of the Supreme Court. The amendment to fix the salaries of the latter at \$4,000 per annum, was negatived by a decided vote. They now a fixed salary of \$2,800, together per diem and mileage, which is some nine hundred in addition, making the whole about \$3,700. Had the amendment prevailed, their whole pay would have amounted to nearly

It was then proposed that the salaries of all Law Judges whose compensation does not now exceed \$2,000, shall hereafter be \$2,500. The friends of the Supreme Judges again salaries to \$3,500—and this time with success At this point the matter was dropped for the

abor performed The question of the compensation of Judges has been a cause of contention for some years in the Legislature. Professional gentlemen are generally found favoring the payment of liberal salaries. They contend that in order to secure the best legal talent upon the Bench, the Judges should be put in possession of an income as large as they could make by the practice of their profession. The State, they contend, should not require her Judges to upon retreuchment and reform, and unless some of make a pecuniary sacrifice, when entering into the public service.
On the other hand, the opinion prevails that

The Judiciary Committee of the House have reported a bill entitled "An Act for the better security of personal liberty, to prohibit the use of the jails and prisons of this Common weath in the recapture of fugitive slaves, and to prevent persons holding office under authority of the State from engaging or assisting therein." The title is descriptive of the character of the bill. It is an imitation of the example of Massachusetts and New York, and an attempt to nullify an act of Congress. The House has appointed an evening session next week for its consideration. Nobody would be astonished if the majority of that interesting

and valuable body should pass it. KANSAS COMING RIGHT-DEMOCRACY TRIUMPHANT. From The Wyandott (K. T.) Argus Extra, we learn that the town has most effectually redeemed itself from "Republican" misrule, and elected a Democratic Mayor.

The Democracy of Wyandott have fought a good fight and have prostrated the enemy forever. We send up a shout of victory to gladden the hearts of our friends in the North and South and all over the Union. Wyandott is free from Black "Republican" tyranny, and all classes of the community will henceforth find a welcome reception and just and equal laws for their protection when they land upon our shores. Our election to day has been the first

near that place, exploded last week. No remnant of the structure remains. Over an area of several hundred yards radius was strewn splinters of the almost pulverized lum-ber, and hundreds of broken empty kegs from the warehouse. A tree, some eight or nine inches in diameter, twisted off at the height of perhaps fifteen feet, as one pulls a rose from the bush. Another large tree is said to have disappeared. No trace of trunk, boughs, stump or roots are discoverable. The buildings in the neighborhood (there were none near) were roofs lifted. A school house upon the hill, some forty rods off, was, we are told, pretty much demolished. The machine or wheel mill of the company was unroofed.

A MAN HANGING HIMSELF TO A CORPSE!-At a late hour last night, we learned the fol lowing details of a most singular affair, which ccurred near Cumminsville, some four or five miles from this city, on Saturday night. It appears that a person, whose name was not given us, entered the burying ground at that lace, and removed a dead body from a grave, which he placed in a sack. In making his exit from the yard, it was necessary to scale a high board fence, which the resurrectionist evidently found difficult in accomplishing with the burden with which he was encumbered. In order, therefore, to give him free use of his hands and arms, he placed the cord attache to the month of the sack, around his shoulders and climbed to the top of the fence, when he must have fallen off, leaving the corpse on the opposite side. The result was, that the cord was drawn up around his neck, and he was found dead yesterday morning, having been choked to death by the weight of the corpse on the opposite side of the fence! The story seems an incredible one, but we are informed that, startling as it is, it is nevertheless true—Cincinnati Gazette, 1st inst.

A BRIDE BURNED TO DEATH. -By passengers from Lebanon we learn of a most distressing affair which occurred near that place yester day. Miss Susan Shuck, daughter of John Shuck, Esq., was to have been married to Mr. John Thomas at twelve o'clock. But a few minutes prior to the time the ceremony was to be performed her dress accidentally caught on fire, and the wedding dress, which was of a thin material, was instantly in a blaze, and the young lady was fatally burned. Her sister, Mrs. Burr Harrison, in her efforts to save her, fired her own dress, and was, perhaps, even more severely burned. There is but little hope of her recovery, it is feared. Mr. Shuck and other members of the family, who also tried to relieve the young lady from her perilous situation, were burned, but not seriously. The scene was terrifying beyond

The bride was badly burnt from the waist up, and the bair burned from her head. After her wounds were dressed, and while she lay upon her couch, suffering the intensest agony, he marriage ceremony was performed. Rooms had been prepared at the National Hotel, in this city, for the bridal party, and they were to leave by the evening train. Louisville Courier.

ARREST FOR FORGERY.—The Hartford Times, Feb. 26, says:—It will be recollected that in the fall of 1856, during the progress of the Fremont electioneering campaign, a forged letter to Catholics, purporting to be written by Father Hughes of this city, was circulated by parties who acted with the "Opposition. This letter was traced directly to one Gaius Fenn, of Plymouth. This same Fenn, it now appears, has just been arrested at New Haven for another forgery. Accompanied by one Edward Weed, yesterday (Friday) afternoon, he went into the New Haven City Bank, and presented for payment a draft for \$350, on the New York City Bank, purporting to be signed by Gaius F. Warner, malleable iron manu facturer. The bank officer to whom the draft was presented, held it up and immediately pronounced the signature a forgery, where upon Fenn snatched at it and tore off both ends, and went out of the door with his com panion who took no part in the transaction Some of the officers of the bank followed him immediately and found one of the ends of the

draft outside of the door.

Fenn and his companion were arrested as the depot, and on the person of Fenn were found several drafts or checks on different banks, signed by himself; among them one for \$25 on the City Bank and one for the same amount on the Tradesmen's. Fenn and Weed were put in jail for examination.

> BLOODY AFFRAY IN KENTUCKY. - A despatch from Louisville, Ky., March 2d, says:

"An old political feud has existed for son time between Thoms S. Low, Hawesville, and Cicero Maxwell, of Hartford, Ky., the prosecuting attorney for that district. Mr. Low had threatened to cowhide Mr. Maxwell on meeting him. To-day, while Maxwell was addressing the Court at Hawesville, he was interrupted by Mr. Low, denouncing him in grossly insulting language. Mr. Maxwell and others then fired several shots at Mr. Low. wounding him in the thigh and arm, cutting off his thumb, and riddling his shirt. A general fire with pistols now ensued, and John Aldridge, a friend of Low's, was killed, and a Mr. Miller shot through the thigh. Mr. Low has been committed to jail for protection from the mob.'

SHOEMAKERS ON A STRIKE. - About thirteen hundred workmen employed in making shoes in Philadelphia, struck a few days since for higher wages. During the panic their pay was reduced 20 per cent. on all kinds of work, and they ask that it now be increased from 6 to 12 per cent., according to the quality of the work. They say that with these prices and twelve to fourteen hours labor per day, they cannot average more than \$6 to \$7 per week. A number of the largest manufacturers have acceded to their demands, and

the strike is expected to end in a few days. COUNTERFEITER ARRESTED. - We learn that, on Sunday last, officers from Ravenna and Akron, Ohio, arrested at Randolph, Portage county, a man named J. Webb, of Salem, Columbians county, who had a large lot of counterfeit money in his possession, consisting of \$1,060 in tens on the Forest City Bank, of Cleveland; \$2,529 on York Bank, of Penn sylvania; \$3,356 in bogus one and two and a-half dollar gold pieces and \$65 in bogue quarters.—Pittsburgh Chronicle.

HEAVY SALE OF REAL ESTATE. -The Railroad and other property of the Dauphin and Susquehanna Coal Company, were sold last Tuesday, at Philadelphia, by M. Thomas & Sons, Auctioneers, for \$370,000, subject to a mortgage of \$97,000, with interest, being equal to about four hundred and seventy-two thousand dollars. The papers do not name the purchasers, but we presume they are some of the creditors of this long since bankrupt corporation.
