From the Hon. Theophilus Pursons, LL. D., Law Professor
in Harvard University.

"Have you room for a word about. Ripley and Dana's
new Cyclopædia? I have irequent occasion to use one;
and I am so delighted with the two volumes we have that
I must ask you to allow me the relief of saying very simply, what I find them—that is, the very best Cyclopædia
for practical use ever published. I have some knowledge
of all in our own language and a few of those of the contnent of Europe. The best and largest of these surpass this
of Appleton's in the extent to which they carry out special
dissertations. But this Cyclopædia is full of the best matter. By skillful selection and compression, and sedulous
avoldance of mere show and verbiage, room is found for an
immense amount of the latest information, put forth clearty, carefully and securalely. The book embodies, and adequately represents, the ability and knowledge available at
this day for a work of the kind.

"Its merit and extreme cheapness must place it eventually in every Library. And if a good word from one who
has found out its excellence by making use of it, can hasten or extend its diffusion, my purpose in writing this
brief notice will be accomplished?"

Sworn stalement of David M'Creary, of Napier township, B-dford county:
In April, 1856, as near as I can remember, a small pimple made its appearance on my upper lip, which soon be came enlarged and eore, I used poulties of sorrel, and a wash of bine wiritol, without effect. Finding the sore extending, I called upon Dr. Elv. of Schellsburg, who pronounced it CANCER, and prescribed a wash of sucar of lead and bread poultices. Finding these remedies of no avail, I called upon Dr. Baffer, of Davissville, Somerset county, who also pronounced the disease Caner, and gave me internal and external remedies—the latter count-ling principally of canetic; but all to no purpose, as the disease continued spreading toward the nose. I next culed upon Dr. Staffer, of St. Clairaville, Bedford county, who also pronounced the disease Caner, and applied a salve said to be a mever-failing remedy, but it had no effect whatever in checking the spread of the sore. In December, of the same year, the disease had eaten away a greater part of my upper lip, and had attacked the nase, when I went to Cincinnati, and again placed myself under the charge of Dr. Newton, with when I returned home there were still three discharging ulvers upon my face. Who can say that these excesses are not frequently iollowed by those direful disease—HNSAN-HTY AND CONSUMPTION? THE GREATEST MEDICAL DISCOVered, in one of our common pastnre weeds, a remed

discovered, in one of our common pasture weeds, a remedy that cures

EVERY KIND OF HUMOR,
from the worst Serofula down to a common pimple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunder bumor.) it has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth One to three bottles will cure the worst kind of Pimples on the face.

Two to three bottles are warranted to cure the most desperate case of rheumatism.

perate case of rheumausm.

Three to four bottles are warranted to cure the sait Five to eight hottles will cure the worst case of scronia A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddied over a thousand bottles of this in the vicinity of Boston. I know the effect of it in overy case.—So sure as water will extinguish fire, so sure will this cure humor. I never soid a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that/appear surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor. In order to give some idea of the sudden risa, and great popularity of the discovery, I will state that in April, 1853, I peddied it and sold about six bottles per day—In April, 1854, I sold over one thou and bottles per day—In April, 1854, I sold over one thou and bottles per day—In April, 1854, I sold over one thou and bottles per day of it.

Some of the wholesale Drugstax who have been in the business twenty and thirty years, say that nothing in the annals of pattent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practive I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of oplieptic fits—a disause which was always considered incurable, have been cured by a few bottles.—O, what a mercy if it prove effectual in all cases of that than I have.

I know of several cases of Dropsy, all of them aged_people, cured by it. For the various diseases of the Liver, Sick Hosdiache, Dyspepsia, Asthum, Fever and Agua, pain in the side. Diseases of the Since, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.
