The undersigned having again resumed the practice of Dentistry, at his old stand, north east corner of North Queen and Orange streets, (Krainph's Buildings), would respectfully say to his former patrons and friends, and to the public generally, that he embraced the opportunity, while in Baltimore, of attending a full course of lectures in, and receiving a diploma from, the Baltimore College of Dental Surgery.

Having graduated at a period in the history of the profession when all its most approved principles could be thoroughly discussed and fully compared and studied, I feel better qualified than ever before to treat all cases of dental or surgical diseases, strictly upon scientific principles.

TOUR OUT! GOOD NEWS FOR ALL!

The never-failing Mas. VaNHORN is the best; she succeeds when, all others have failed. All who are in trouble,—all who that have been unfortunate, all whose fond hopes have been dissponited, creatified and blasted by faile promises and deceit,—all who have been deceived and triffed with,—all if to the for advice and catisfaction;—all who are in doubts of the affections of those they love, consult her to relieve and satisfy their minds. In love affairs the never fails. She has the secret of winning the affections of the opposite sex. It is this fact which induces illiterate pretenders to try to imitate her. She shows you the likeness of your future wife, husband, or absent friend; she warrants and guarantees the single a happy marriage, and makes the married happy. Her aid and advice has been solicited in innumerable instances, and the result has always been the means of securing a speedy and happy marriage; she is therefore a sure dependence. She has been the means of bringing many hundred hearta and hinds together. Thousands of broken hearte have been healed and made happy by her.

It is well known to the public at large that she was the first, and she is the only person who can show the likeness in reality, and who can give entire satisfaction on all the concerns of life, which can be tested and proved by thousands, both married and single, who daily and eagerly visit her at.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.—So sure as water will extinguish fire, so sure will this cure humer. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor. In order to give some idea of the sudden rise, and great he popularity of the discovery, I will state that in April, 1858, I peddled it and sold about sir bottles per day—in April, 1854, I sold over one thousand bottles per day—in April, 1854, I sold over one thousand bottles per day of it. Some of the wholesale Druggists who have been in the business twenty and thirty years, asy that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderfal virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles—O, what a mercy if it prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.
