NEW PROCESS IN DENTISTRY.—DR. L. L. BLANDY, OPERATIVE PROCESS of inserting ARTIFICIAL TEETH, recently patented by Dr. BLANDY, formerly Professor in the Baltimore College of Dental Surgery, is certainly one of the greatest discoveries of the present age and destined to work a great change in Mechanical Dentistry.

The undersigned being the first in the State to introduce this process into practice, and which has been attended with great success, feels no hesitation in recommending it as superior to any other method of mounting Artificial Teeth heretofore known—the casting of the plates having great advantage over the existing system of swaging. The same accuracy in fitting, perfect cleanliness, and durability cannot be obtained by any other process.

The undersigned is alone authorized to dispose of office rights for the counties of Lancaster, Chester, Berks, Dauphin and York.

DENTISTRY.

The undersigned having again resumed the practice of Dentistry, at his old stand, north east corner of North Queen and Orange streets, (Kramph's Buildings,) would respectfully say to his former patrons and friends, and to the public generally, that he embraced the opportunity, while in Baltimore, of attending a full course of lectures in, and receiving a diploma from, the Baltimore College of Dental Surgery.

Having graduated at a period in the history of the profession when all its most approved principles could be thoroughly discussed and fully compared and studied, I feel better qualified than ever before to treat all cases of dental or surgical diseases, strictly upon scientific principles.

As a matriculant of the University of Maryland, I received the benefit of the Surgical lectures of Prof. N. R. Smith, as well as those of Prof. T. E. Bond, of the Dental College, and having for years adopted Surgery as a favorite study, I design taking its general principles into my practice, and will treat all the surgical diseases, of the mouth and face especially, upon the principles laid down and practised so successfully by that eminent and scientific surgeon.

Cleft palates, hare lips, preternatural and morbid growths in the mouth and about the face will receive especial and careful attention.

Artificial Teeth mounted upon four different and approved principles, viz: Gold plate, silver plate, hard rubber process, and the much talked of Cheoplastic process *improved*. Operations upon the natural teeth will be performed with a view to their preservation and beauty, and according to the highest principles of hygiene and artistic skill.

Specimens of plate work and plugging will be shown to all who call.

Dental and surgical advice will be freely given to individuals or families, who may place themselves under my treatment.

DR. WAYLAN'S NEW DRUG STORE.—No. 60 North Queen street. The undersigned respectfully announces that he has opened his NEW DRUG STORE ESTABLISHMENT, with a very extensive and complete stock of Drugs, Medicines, Chemicals, Perfumery and Fancy Articles—all fresh and pure—which will be sold at the lowest market prices.

This stock embraces every article usually kept in a first class Drug Store, and neither labor nor expense has been spared in fitting up the establishment, to insure the preservation of the Drugs in the best condition, so as to secure the convenience and comfort of the customers.

A complete assortment of materials used by the Dental Profession can also be had at the store of the subscriber.

An improved Soda, or Mineral Water Apparatus has been introduced, the fountains of which are made of Iron, with Porcelain lining on their interior surface, freeing them from all liability to taint the water with any metalic poison, which has heretofore been so great an objection to the copper fountains. Those who wish to enjoy these refreshing beverages can do so at this establishment without fear of being poisoned with deleterious matter. The entire establishment has been placed under the superintendence of a most competent and careful Druggist, who has had many years' of experience in the Drug and Prescription business, in first class houses in Philadelphi and Cincinnati.

The undersigned feels confident that he is in every way prepared to give entire satisfaction to his customers, therefore a share of public patronage is solicited.

A LARGE AND BRILLIANT WEEKLY NEWSPAPER.
THE CONSTELLATION.
PARK BENJAMIN, EDITOR.
"A Constellation is but one,
Though 'tis a train of stars."—DARDEN.

The subscriber has great pleasure in announcing that he has made arrangements to issue on SATURDAY, JANUARY 1, 1859, the largest, handsomest, and most complete Weekly Newspaper ever published

It will be a superb Folio Sheet, double the size of the New York Ledger! containing Nine broad Columns on each page, 85 inches in length, and double the quantity of reading matter given by any weekly paper now published—embracing the choicest and freshest matter, selected and original, furnished from abroad and at home. It will be in all respects A LIVING JOURNAL—containing the productions of the most popular writers in liberal quantity—Romances, Stories, Essays, Poems, Anecdotes, Sketches, Editorials, Notices of Amusements and the Arts, &c., &c.—in fine, all things which are new, beautiful, interesting, and attractive. Each Number will contain not only a carefully condensed synopsis of the General News during each week, but all the very latest information and Telegraphic Despatches up to the hour of going to press.

"The Constellation" will not be an Illustrated Paper—as the picture sheets are—but it will contain beautiful Designs and Engravings, when they really illustrate and ornament a subject.

The subscriber has already engaged a Corps of Contributors, "a Train of Stars," unequalled for genius, brilliancy, and reputation, by those of any other journal now published, no matter what may be its pretensions. It is with no slight gratification that he announces his success in engaging, after much persuasion, the able and experienced services of a gentleman, so long and so justly eminent, as Mr. PARK BENJAMIN. Connected for twenty years with the Press of New York City, and always successful in his literary enterprises, whether as Editor, Author, or Public Speaker, the name of Mr. Benjamin is an augury of certain good fortune.

The public may rest assured that no means will be untried by the subscriber to secure a grand and brilliant accomplishment of his effort to establish the largest and best Weekly Paper ever published—since nothing will be left undone that can be done by talents, capital, experience, learning, and a resolute perseverance.

"The Constellation" will mainly recommend itself to a cordial and generous support from the very best people by its observance of good and avoidance of evil. It will be an unobjectionable and perfect Family Newspaper—giving offence to no sect or party—the favorite alike of both sexes, of young and old. The subscriber, having had nearly a quarter of a century's experience in the publication of daily and weekly journals, and having now connected himself with such well known and invaluable Editorial aid as he has herein announced, flatters himself that his new enterprise will at once achieve a popular favor and success unparalleled in newspaper enterprises.

The terms for "The Constellation" will be Two Dollars per Annum each, when Ten Copies are sent in one envelope to one address; Twenty-Eight Copies, to one address, Forty-Nine Dollars; Two Copies, Five Dollars; Five Copies, Twelve Dollars; One Copy, Three Dollars, including postage or delivery. All subscriptions to be invariably in advance. Single Copies, Five Cents. To Newspaper Agents, $3,50 per 100.

A late Saturday Evening Edition will be published, and left early Sunday Mornings at the residences of City Subscribers by regular Carriers, employed by the Publisher.—Those, who desire to commence with the first number, should send in their subscriptions and orders as early as possible—since, owing to the immense size of the sheet, only such numbers *will be* printed as may be ordered.

All orders and letters to be addressed to the undersigned.

12 and 14 Spruce street, New York.
