CYBUS CARMANY
may 11 SIDES & CARMANY. IGHTNING RODS.

I G H T N I N G R O D S

To all who intend protecting their property from LIGHTNING, a few facts may not be unwelcome.

THE ELECTRO MAGNET LIGHTNING ROD has been before the public for twenty years; has been the means of saving a vast deal of property and many lives, and has never in a single instance failed to meet the high-est expectations of its value. Hundreds of our own citizens can testify from their own knowledge of its ability to protect property in safety; who have been eye witnesses where buildings public and private, churches and school houses, have been saved from destruction—the rod receiving and carrying harmless to the ground, strokes which but for them would have caused the total ruin of the building and all within it.

The raperiority of these rods over any others in use, has been testified to by men who have no superiors in general science or in this department. Recommendations to the number of six thousand can be seen at the factory.

The United States Putent Office is protected by my Rods, having been selected from all others in use as the best and most reliable. Considering the character and position of the men who have charge of that institution, no higher testimony could be desired.

Yerooms residing at a distance should be on their guard signing a class of swindlers who by false representations of overly description, seek to mislead the purchaser.

Where my acents are not personally known as such, the only safe plan is to apply, by letter or otherwise, at the Factory.

PRATT'S PATENT STEEL TOOTH
HAY AND GRALN RAKE.
PATENTED BY RANDALL PRATT.
This Rake has taken the First Premium at Nine different
Exhibitions.

After toiling and experimenting for many years, we have
finally succeeded in getting up a RakE that is perfectly
adapted to rake both Grain and Grass, each toolt being
fastened on a ferrel so as to admit of its raising and lowering to suit uneven surfaces with an independent cleaner.
The public are already aware that this RAKE is unrivalled in any market, and is admitted by every person that
has seen it work (and who have seen other different machines work) to be the very best Rake now in use.

The large number sold by us last year, and the efforts of
different parties to claim the right to sell, is of itself a most
convincing proof of its superiority.
We gnearantee to every purchaser our indisputable right
to sell the said Rake.

Pequea Township, Lancaster co., Pa. March 29th, 1858. Mr. John S. Erb.—Dear Sir:

After having used the McCormick Reaper and Mower for a season, we most unbesitatingly say that it is a very good Mower, and as a Reaper, it is not equalled by any other Reaper that has come under one, observation. Its construction is simple, and it is easily kept in repair; we, therefore, take pleasure in strongly recommending it to the farmers of our county who desire a Mower and Reaper combined in one Machine, as the very best that can be obtained. Respectfully Yours, SAMUEL HESS, HENRY HESS,

HENRY HESS, JOHN SENER, BENJAMIN SNAVELY,

BENJAMIN SNAVELY,

I could furnish many testimonials from the most respectable farmers of Lancaster and Lebanon counties, of the superiority of these Machines, but deem it uanecessary, as the Machine will recommend itself.

A LLEN'S IMPROVED MOWER AND

MANUFACTURED AT ERCILDOUM, CHESTER CO.,

PENNSYLVANIA.

These Machines are now offered to the Farmers of Lancaster county. They have been very thoroughly tested during several harvests and are warranted entirely superior to any other machines in use. There are about 500 of these Mowers in use in Chester county alone.

They are made both single and combined. Several of the single machines have been used in this county, as will be seen from the following.

MANOR, LANCASTER CO., PA.

Mr. Caleb Fierce—Dear Sir: I would say to the Farmers that I have purchased an Allen's Mowing Machine, and think it excels any other machine in use, and does the work one third easier for the team. If also purchased the New York Reaping Machine the same season and like it well. I think it is one of the greatest improvements of the age.

BENJ, LANDIS.

C. Pierce:—I used Allen's Mower last Season. I was better pleased with it the more I used it. I was surprised that it required no more power, (my grass was unusually heavy.) my two horses did not worry at all. I would advise my fellow farmers it they want a perfect Mower, to take Allen's Machine.

Manor, Lancaster Co., PA.

Caleb Pierce:—I have been using the New York Reaper

Allen's Machine.

C. B. HERR.

MANOR, LANCASTER CO. PA.

Caleb Pierce:—I have been using the New York Reaper for four years, and like it very well. I would not be without it for double the cost. I also got one of Allen's Patent Mowers and cut all my grass with it. I have cut fine meadow grass, and found it to work well. I recommend this machine to do better work than we can get done with the scythe.

POOKES FROM THE SPRING TRADE

A RARE OPPORTUNITY FOR THOSE IN WANT OF GOOD BOOKS AT SKALL COST.

Never have Books told cheaper than at the recent Philadelphia Spring Sale.

The proprietor of the Cheap Book Store has availed himself of the opportunity to purchase a large stock of the most varied assortment of valuable books of every class and description. He now offers to the public the same, at proportionably and unusually low raiss.

Those in want of valuable standard works, for the improving of a well selected library, will find it to their great advantage to call and examine the extensive stock on hand. My object and wish is, as it always was, to supply the wants of the community with anything in my line, on the most reasonable terms possible. This we find the better and most advantageous course for all parties.—The Political Econamist tells us "the chasper an article is, the more universally it can and will be used." Then the conclusion is, that when we buy cheap, we must sell cheap, simply killowing ourselves a reasonable profit.

I would call especial attention to my large assortment of Sunday School Books on hand, of every variety wanted for the use of Sunday Schools; and sell all at the Sunday School Union prices. I have the agencies for the publications of the American Sunday School Union, American Tract Society, Methodist Book and Tract Society, Also, the Luthers n. Presbyterian, Episcopal, and other denominations are kept on hand.

Those in want of a neat and cheap Quarto Family Bible, will find it to their advantage to call and examine at the Cheap Book Store, the largest stock on hand, ranging from \$1 to \$25.*
