I was an observer of its effects in a friend of mine, who suffered almost everything from a neuralgic affection which resisted the best medical treatment in Contre county. We applied freely the Galvanic Oil to the painful part, and gave some inwardly, and in 20 minutes the patient was asleep, and when awakened was free from pain, and continued so. This is a positive fact which I am willing to make good at any time. A case of Felon was cured in nearly the same length of time.

I have used the Galvanic Oil prepared by J. D. Stonercad,

recommend it to others, and in every case found it to be
one of the very best medicines for sore and painful diseases. Relieves all pain in a few minutes. Every family
should have it in the house. ALTOONA, Blair county, July 3, 1858.

\*\*Dear Sir—Mr. Wm. Turnbugh has been suffering several years from rheumatism, got so ill that his friends and relatives were summoned to witness his death. I induced his friends to try the virtue of your preparation—they did so, as the last resort; and, to their astoniahment and joy, he began to improve, got better and better, and now, so far as I know, he is a hale and stout man. This is not the only case where the Galvanic Oil has surpassed human expectations. In every case where I have recommended the Oil, it has done what it promises to do. Send us another \$20's worth.

Yours truly.

Who will his patrons nettle
With pointed hints to stir them up,
That they, when riled, may settle. This thing was done to Mr. Dunn,
By dunning him for money;
For to him went with little hope
The Grocer's hopeless sonny.
His name was Bill, and with a bill,
To Dunn he went a Dunning;
When Dunn in fun—he liked a pun—

Then Bill, with bill that long had run,
Went homeward on a canter. His father met him at the door— His son he'd long suspected of "knocking down"—"Give me," said he "In full what you've collected." Bill give his dad a kick, and said—
"That is the full amount, Sir—
As kicks with you are some account,
Put that to Dunn's account, Sir." The son and sire, were sol(e)d and soiled By contact base with leather— For change of pants, they panting sought The Tower Hall together. Though not a dollar was received By Bill in his collecting, He meant to show that he had sense When clothes he was selecting. when ciothes and was selecting.

you from my new place of business (next door to Breneman's fhoe Store,) I sizes the occasion to thank you for the

SALE AT THE CHEAP BOOK STORE.

A RARE OPPORTUNITY FOR THOSE IN WANT OF GOOD BOOKS AT SWALL COST.

Never have Books sold cheaper than at the recent Philadelphia Spring Skall.

The proprietor of the Cheap Book Store has availed himself of the opportunity to purchase a large stock of the most varied assortment of valuable books of every class and description. He now offers to the public the same, at proportionably and unusually low rates.

Those in want of valuable standard works, for the improving of a well selected library, will find it to their great advantage to call and examine the extensive stock on hand. My object and wish is, as it always was, to supply the wants of the community with anything in my line, on the most reasonable terms possible. This we find the better and most advantageous course for all parties.—The Political Econamist tells us "the cheaper an article is, the more universally it can and will bejædd" Then the conclusion is, that when we buy cheapf we must sell cheap, simply allowing ourselves a reasonable profit.

I would call especial attention to my large assortment of Sunday School Schools; and sell all at the Sunday School Union prices. I have the agencies for the publications of the American Sunday School Union, American Tract Society, Methodist Book and Tract Society. Also, the Luthers n. Presbyterian, Episcopal, and other denominations are kept on hand.

Those in want of a neat and cheap Quarto Family Bible, will find it to their advantange to call and examine at the Cheap Book Store, the largest stock on hand, ranging from \$1 to \$25.

This Rake has taken the First Premium at Nine different Exhibitions.

Atter toiling and experimenting for many years, we have finally succeeded in getting up a RAKE that is perfectly adapted to rake both Grain and Grass, each tooth being fastened on a ferrel so as to admit of its raising and lowering to suit uneven surfaces with an independent cleaner. The public are already aware that this RAKE is unrivailed in any market, and is admitted by every person that has seen it work (and who have seen other different machines work) to be the very besf Rake now in use.

The large number sold by use last year, and the efforts of different parties to claim the right to sell, is of itself a most convincing proof of its superiority.

We guarantee to every purchaser our indisputable right to sell the said Rake.
