Sworn statement of David M'Creary, of Napier township, Bedford county:

In April, 1856, as near as I can remember, a small pinnle made its appearance on my upper lip, which soon became enlarged and sore. I used poultices of sorrel, and a wash of blue vitriol, without effect. Finding the sore extending, I called upon Dr. Ely, of Schellsburg, who pronounced it CANCER, and prescribed a wash of sugar of lead and bread poultices. Finding these remedies of no avail, I called upon Dr. Shaffer, of Davidsville. Somerset county, who also pronounced the disease Cancer, and gave me internal and acternal remedies—the latter consisting principally of caustic; but all to no purpose, as the disease cantumed spreading toward the nose. I next used a preparation of arsenic, in the form of salve. This for a time checked the disease, but the inflammation soon increased. I next called upon Dr. Staffer, of St. Cisiraville, Bedford county, who also pronounced the disease Cancer, and applied a salve said to be a never-falling remody, but it had no effect whatever in checking the spread of the sore. In December, of the same year, the disease had eaten away a greater part of my upper lip, and had attacked the nose, when I went to Cincinnati, where I consulted Prof. R. S. Newton, of the Ederic Medical College. Hie pronounced the disease a cularneous Cancer, superinduced by an inr dinate use of mercury. He applied mild zinc ointiffant, and gave me internal remedies. My face healed up, but the inflammation was not thoroughly removed. In Rebruary, 1857, he pronounced me cured, and so violent was the pain that I could not rest at night! Late is May I returned to Cincinnati, and again, placed myself under the charge of Dr. Nowton, with whom I remained until September, during which time he used every known remedy, a

HE GREATEST MEDICAL DISCOVERY OF THE AGE.—Dr. KINNEDT, of ROLDITY, has scovered, in one of our common pasture weeds, a remedy

EVERY KIND OF HUMOR,

that cures

EVERY KIND OF HUMOR,
from the worst Scrofula down to a common pimple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottlee are warranted to cure a nursing sore mouth One to three bottlee will cure the worst kind of Pimples on the face.

Two to three bottles will clear the system of Biles.

Two bottles are warranted to cure the worst canker in the mouth or stomach.

Three to five bottles are warranted to cure the worst case of Erysipelas.

One or two bottles are warranted to cure all humor not be Kyes. the Kyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and

running ulcers.
One bottle will cure scaly eruption of the skin.
Two to three bottles are warranted to cure the worst Two to three bottles are warranted to cure the worst ases of ringworm.

Two to three bottles are warranted to cure the most des perate case of rheumatism.

Three to four bottles are warranted to cure the sait

perate case of rheumatism.

Three to four bottles will cure the worst case of scrofula. A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.—So sure as water will extinguish fire, so sure will this cure humor. I never soid a bottle of it, but that sold another; after a trial it siways speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pasteres, in some places quite plentiful, and yell list vatue has never been known until i discovered it in 1846—second, that it should cure all kinds of humor. In order to give some idea of the sudden rise, and creat popularity of the discovery, I will state that in April, 1853, I sold over one thou and bottles per day of it.

Some of the wholesale Druggists who have soen in the business twenty and thirty years, say that nothing in the annals of patient medicines was ever tike it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family in this ince, creat and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic tits—a disc sea who have seen there, what a mercy it it prove effectual in stress of that a wird mahady—there are but few who have seen more of it have. awin' malady—there are but few who have seen more of it that I have.

These symptcus, if allowed to go on—which this medicine invariably removes—soon follows LOSS OF POWER, FATUITY, AND EPILEPTIC FITS—in one of which the patient may expire. Who can say that these excesses are not frequently followed by those direful discusses—INSAN-ITY AND CONSUMPTION? The records of the INSANE ASYLUMS, and the melancholy deaths by CONSUMPTION, bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sodden and quite destitute—neither Mirth or Grief ever visits it. Should a sound of the voice occur it is rarely articulate.
