PATENTED BY RANDALL FRAITH This Rake has taken the First Premium at Nine different Exhibitions.

After toiling and experimenting for many years, we have finally succeeded in gritting up a RAKE that is perfectly adapted to rake both Grain and Grass, each tooth being fastened on a ferrel so as to admit of its raising and lowering to suit uneron surfaces with an independent cleaner. The public are already aware that this RAKE is unrivalled in any market, and is admitted by every person that have seen it work (and who have seen other different materials).

ing to suit uneren surfaces with an independent canaer. The public are already aware that this RAKE is univalled in any market, and is admitted by every person that has seen it work (and who have seen other different machines work) to be the very best Hake now in use. The large number sold by us last year, and the efforts of different parties to claim the right to sell, is of itself a most convincing proof of its superiority.

We guarantee to every purchaser our indisputable right to sell the said Rake.

PEQUEA TOWNSHIP, Lancaster co., Pa. )
March 29th, 1858. Mr. John S. Erin—Dear Sir:

Mr. John S. Erin—Dear Sir:

After having used the McCormick Resper and Mower for a season, we most unhesitatingly say that it is a very good Mower, and as a Resper, it is not equalled by any other Resper that has come under our observation. Its construction is simple, and it is easily kept in repair: we, therefore, take pleasure in strongly recommending it to the farmers of our county who desire a Mower and Resper combined in one Machine, as the very best that can be obtained. Respectfully Yours.

THE GREATEST

IN EDICAL

DISCOVERY

OF THE AGE

OF THE AGE

THE GREATEST MEDICAL DISCOVERY OF THE AGE.—Dr. KENNEY, of Roxbury, has discovered, in one of our common partner weeds, a remedy that cures EVERY KIND OF HUMOR, FYERY KIND OF HOUSE, from the worst Scrotch down to a common pimple. He has tried it in over 1100 cases, and never failed axest in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth One to three bottles will cure the worst kind of Pimples of the fixes. n the face.
Two to three bottles will clear the system of Biles.
Two bottles are warranted to cure the worst canker in
he mouth or stomach.
Three to fire bottles are warranted to cure the worst case. the Eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and

rour to six working truning closes.
One bottle will cure scaly eruption of the skin.
Two to three bottles are warranted to cure the worst running ulcers.
One bottle will cure scaly eruption of the skin.
Two to three bottles are warranted to cure the worst case of ringworm.
Two to three bottles are warranted to cure the most desperate case of rhemmatism.
Three to four bottles are warranted to cure the most desperate case of the management of the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.—So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it.saways speaks for itself. There are two things about this berb that appear surprising; first, that it grows in our pasternes, in some places quite plentiful, and yet its value has nover been known until I discovered it in 1846—second, that it should cure all kinds of humor. In order to give some idea of the sudden rise, and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thou-and bottles per day—in April, 1854, I sold over one thou-and bottles per day—in April, 1854, I sold over one thou-and bottles per day—in April, 1854, I sold over one thou-and bottles per day of it.

Some of the wholesale Druggists who have been in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I have.

Several cases of epileptic úts—a disease of that a writ maindy—there are but few who have seen more of it that I have.

I know of several cases of Dropsy, all of them are pepele, cured by it. For the various diseases of the Liver, Stek Headache. Dyspepsia, Asthma, Fover and Ague, pain in the side, Diseases of the spine, and particularly in diseases of the Kidneys, &c., the discovery has do

"Have you room for a word about Ripley and Dana's new Cyclopedia?" I have requent occasion to use one; and I am so delighted with the two volumes we have that I must ask you to allow me the relief of saying very simply, what I find them—that is, the very best Cyclopedia for practical use ever published. I have some knowledge of all in our own language and a few of those of the continent of Europe. The best and largest of these surpass this of Appleton's in the extent to which they carry out special dissertations. But this Cyclopedia is full of the best matter. By skillful selection and compression, and sedulous avoldance of mere show and werbiage, room is found for an immense amount of the latest information, put forth clearity, carefully and accurately. The book embodies, and adequately represents, the ability and knowledge available at this day for a work of the kind.
"Its merit and extreme cheapness must place it eventually in every Library. And if a good word from one who has found out its excellence by making use of it, can hasten or extend its diffusion, my purpose in writing this brist notice will be accomplished."
