"BE A WOMAN."

There is so much that is appropriately suggested in the following lines that we cannot resist the temptation to insert them. Although some of our fair friends may turn up their dainty noses in derision. there are many, and by far the larger portion, who will thank us for their publication

Oft I've heard a gentle mother. Ort I've heard a gentle mother, As the twilight hours began, Pleading with a son, on daty, Urging him to be a man. But unto her blue-eyed daughter, Though with love's words quite as ready, Points she out the other daty, "Strive, my dear, to be a lady !"

What's a lady? Is it something Made of hoops, and silks, and airs, Used to decorate the parlor, Like the fancy rugs and chairs? Is it one that wastes on novels Every feeling that is human? If 'tis this to be a lady, 'Tis not this to be a woman.

Mother, then, unto your daughter Mother, then, unto your daughter Speak of something higher far Than to be more fashion's lady— "Woman'' is the brightest star. If ye, in your strong affection, Urge your son to be a true man, Urge your daughters no less strongly To raise up and be a woman.

Yes, a woman-brightest model Of that light and perfect beauty; There the mind, and soul, and body, Blend to work out life's great duty-Be a woman—naught is higher On the gilded list of fame; On the catalogue of virtue There's no brighter, holier name

Be a woman—on to duty, Raise the world from all that's low Raise the world from all that's low, Place high in the social heaven Virtue's fair and radiant bow! Lend thy influence to each effort) That shall raise our nature human; Be not fashion's gilded lady, Be a brave, true, whole-souled woman.

A young lady caught her intended kissing a female friend. He thus apologises. His explanation is decidedly cool :

Your coming in last night, my love, Was somewhat sudden. I was helping Nell To tie the ribbons of her rigolet; She put the crimson of her mouth up-well, I'm flesh and blood-mand then you, singing, came Into the room, and tossed your head for shame.

I saw a sort of maiden northern lights I have a sort of matcon northern rights Shoot up your checks and tremble in your eyes; I like such things. I like to see the wind Drive frightened clouds across tempestuous skies I like the sea, and, when it's easily had, very pretty woman-very mad

like the dangerous and regal air (You bear a queen's name, and a queen you are)
With which you donned your thibst opera cloak, And clasped it with a diamond like a star, 'Twas charming in my mistress, but my life, It would not be so charming in my wife.

I like wild things, as I have said, but then I would not like to own them. Who would be Proprietor of earthquakes, or loose hurricanes, Or comets plunging in celestial sea? Or wed a maid that could, if she should please, Give him a touch of one or all of these?

Not I. Don't let a female thunder storm Brood in your eyes, with every now and then A flash of angry lightning. You have had Your March and April, now be June again; And let your fine cut eyebrows' silken span Be bows of promise to your favorite man!
