A. M. BININGER & Co. (Established 1778,)

SOLE IMPORTERS, No. 338 Broadway, N. Y.

This DELICIOUS TONIC especially designed for the use of the MEDICAL PROFESSION and the FAMILY, possesses those intrinsic medicinal properties (Tonic and Diuretic) which belong to an Old and PURE GIN The business of manufacturing spurious gins, and offering them as beverages, under the titles, "Aromatic,"—" Cordial,"—" Medicated," etc., has become so common, that the public are justly suspicious of nearly everything that is offered under similar forms, and the trade has thus been brought into disrepute It has remained for our house (established in 1778) to supply the pressing popular need, and to inaugurate a new era in the history of the Trade. We trust that our established reputation — founded upon eighty years of experience - abundantly vindicates our claim to public confidence.

A comparison of "Bininger's Old London Dock Gm with others bearing similar names, will establish its superiority, and make other Cautton unnecessary. Put up in QUART BOTTLES, in Cases o. one and two dozen each, and sold throughout the world by Druggists, Grocers, etc.

"Have you room for a word about Ripley and Data's new Cyclopedia? I have frequent occasion to use one; and I am so delighted with the two volumes we have that I must ask you to allow me the relief of saying very simply, what I find them—that is, the very best Cyclopedia for practical use ever published. I have some knowledge of all in our own language and a few of those of the continent of Europe. The best and largest of these surpass this of Appleton's in the extent to which they carry out special dissertations. But this Cyclopedia is full of the best matter. By skillful selection and compression, and sodulous avoidance of mere show and werblage, room is found for an immense amount of the latest information, put forth clearly, carfully and accurately. The book embodies, and adequately represents, the ability and knowledge available at this day for a work of the kind.

"Its merit and extreme cheapness must place it eventually in every Library. And if a good word from one who has found out its excellence by making use of it, can hasten or extend its diffusion, my purpose in writing this brief notice will be accomplished."

THE GREATEST MEDICAL DISCOV-ERY OF THE AGE.—Dr. KENNEDY, of Roxbury, has discovered, in one of our common pasture weeds, a remedy discovered, in one of our common partner weeds, a remove that curve EFRRTKINDOFHITMOR. from the worst Scroftle down to a common dimple. He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possosion over two hundred certificates of its virtue, all within twenty miles of Boston. Three to four bottles are warranted to cure the salt rheum.

Pive to eight bottles will cure the worst case of scrofula A benefit is siways experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case,—So sure as water will extinguish fire, so sure will this cure humor. I never soid a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor. In order to give some ides of the sudden rise, and great popularity of the discovery, I will state that in April, 1853, I peddled it and soid about aix bottles per day—in April, 1854, I sold over one thousand bottles per day—in April, 1854, I sold over one thousand bottles per day been in the business twenty and thirty years, say that nothing in the annals of natent medicines was ever like it. There is a Some of the wholesale Druggists who have been in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected. Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles.—O, what a morey if it prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

awful malady—there are but lew who have seen more out than I have.

I know of several cuses of Dropsy, all of them agad people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, pain in the side. Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

How could it be otherwise? The record of hor splendid achievements in every known form of disease, stands without a parallel in any other system of medicine ever devised.
