A QUESTION ANSWERED. TO THE TUNE OF YANKEE DOODLE.

BY THE BARD OF TOWER HALL.

We've had a note-" You noisy Bard, Why don't you stop your capers, Displayed in your fantastic tricks Of writing songs for papers?"

We say, because whenever we With pen of steel indite them. We wound some kraze who, writhing, turns And asks us why we write them ? Sometimes, at least, with Humor's spice A prem we can season, While Fact and Fancy, closely linked, Are seen with Rhyme and Reason.

The Journals, strong against a wrong, 'Can fees opposing scatter---"Great Guns" they have, and 'tis our wish To furnish "leaded matter," To shoot at " follies as they fly," For if we rightly sing them, With nerve, and well directed aim, Nine times in ten we'll " wing " them Vice stalks abroad, and well we know Some sinners will be toasted By fires of wrath, if their accounts, Are in the papers posted;

And such, with all the "Jacks and Jills," The hills of folly climbing. We shall to public scorn hold up, In sharp, sarcastic rhyming. We'll take them carnestly in hand Wi.h neither glove nor mitten, And strong in right our lines shall be, Though they are weekly written. On Tower Hall we'll raise our songs, And foes must stand from under, Or fall by lightning flashes sent From verses charged with thunder.

The Clothing made at Tower Hall, We'll have the people buy, sir. By singing songs to make them laugh, Or songe to make them cry, sir. For. if on laughing they grow fat, We'll feast them so with fun, sir, That ev'ry patron's weight shall be At least a half a ton, sir: As in this argument there's weight, The people, lean and small, sir, Will all, of course, say, "Go ahead ! You Bard of Tower Hall, sir,

And let us have the funny things, That we may grow and grow, str. And often to the Tower Hall For change of Raiment go, sir." We thus shall sing, but now and then Shall do a little preaching— Our songs and sermons, both alike, Some useful lesson teaching.

Ayer's Sarsaparilla

A compound remedy, in which we have la-bored to produce the most effectual alterative that can be made. It is a concentrated extract

that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by exper-iment on many of the worst cases to be found of the following complaints :--

of the following complaints: --SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIO AF-FECTIONS, MERCURIAL DISEASE, DEOFSY, NEU-

HE BLOOD. This compound will be found a great pro-

This compound will be found a great pro-moter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the time-ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is ob-structed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live

is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no

hasting health. Sconer or later something must go wrong, and the great machinery of life is disordered or overthrown. Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But

the world has been egregiously decived by preparations of it, partly because the drug alone has not all the virtue that is claimed

for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

or any thing else. During late years the public have been mis-led by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsapa-ille, but often ne curretive unbrown

rilla, but often no curative properties whatev-er. Hence, bitter and painful disappointment

has followed the use of the various extracts of

has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for

believing it has virtues which are irresistible by the ordinary run of the diseases it is intend-

ed to curc. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on
