The weather was fair and delightfully pleasant throughout the entire past week, and we are now enjoying " Indian Summer." Business in every department of trade is very dull, and we have heard of two or three failures in this city since the date of our last report. The receipts of produce continue light, and sales on 'Change Saturday. were-Hemp \$105 ; Lead \$5.25 ; Flour from \$4.50 to \$5.75 for double extra; Wheat 83c. to \$1.10 for strictly prime; Corn 90 to 971/2c.; Oats 47 to 50c.; Barley 70c.; Rye 70c.; Whisky 27c. : Potatoes 55 to 70c. : Beans 65c

The health of our city continues good.

The rivers are low and slowly receding, with no freight of any consequence for the few boats still running.

We have again to report the destruction of two more steamboats-one by fire and the other from sinking. The steamer Marengo, bound from Pittsburg to this port, struck a snag on Friday last, 70 miles below this city, in the issippi, and went to the bottom. None of her pass+n gers were lost. She was owned in Pittsburgh, and was valued at \$15,000, with an insurance of \$10,000 in Pitts burgh offices. The freight list was not insured.

The steamer Brunette, moored at Blood Island, opposite this city, was burned to the water's edge on Friday morning. We did not learn her value, but she was insured for \$5:000. The fire was the work of an incendiary

Col. Fountleroy, U. S. A., was met on his way to assum command of the Department of New Mexico. The people of the territory are greatly rejoiced at the news of Col. Fra coming. He will take the most energetic measures for their protection against the depredations of the Indians who have become very troublesome of late.

The Navajo Indians have again been committing seriou depredations on the Pecos villages, and killed two of the inhabitants.

Mr. Jerome Culver was stabled and killed one day las week, by a negro. in Calhoun county, Ky. Three wounds were inflicted with a knife, and Mr. C. died almost instantly. The news soon spread, and the excitement was intense-The negrowas arrested and committed to prison. The crowd gathered around the prison and demanded an immediate trial, and he was forthwith to be taken to the Court House, but as soon as the officers made their appearance with the negro in the street, the infuriated crowd. seized the negro and forcibly rescued him from the officers, and took him a short distance from town and hung him

An attempt has recently been made to burn the town o Lafayette. Ind. Within twenty minutes no less than five fires were kindled in different parts of the city, but all were discovered in good time to prevent a conflagration. The Tobacco crop of Keutucky, is said not only to be unusually large and promising, but is remarkably heavy. A fire broke out in the Amphitheatre at the Fair Grounds, near Independence, Ky, on Sunday morning week, which dostrived the entire structure. Loss about \$5,000. We have just received the intelligence of the death of Gen. John Calhoun, who was for the past three or four ears Surveyor General of Kansas and Nebraska, and who had gained a somewhat prominent notoriety during the ansas difficulty. He was a native of Massachuselts, and died very suddenly from inflammation of the stomach, on Thursday last. He was the President of the Kansas Corvention that formed the Lecompton Constitution, and which created so much noise and confusion.

The returns from Mississippi show heavy gains for the Democracy, and the State is, as it should be, all over Democratic. The Democratic majority for Governor is im-

Democratic. The Democratic indpirity to Governor is in-memse. It was said here, by his friends, that Lincoln, of Illinois, had completely annihilated Judge Douglas in Ohio. Shortly after Mr. Douglas visited bolio and mude several speeches in that State, Mr. Lincoln went over and talked iscanse from the Gourt House, and contains about TH R E E HUND K ED A CRES. also the Moon Farm, now occupied by Peter Coster, same distance from the Gourt House, and contains about TH R E E HUND K ED A CRES. Both these farms are linestone. It is unnecessary to say much, as those desirous of making investments will oubtices examine for themselves. However, they are de-sirable forms - the forms r way buried deep in his political grave. We think figures will show how near the mark they were. In October, 1858, Hamilton county, Ohio, gave a P-publian majority of 1,175. Cincinant is in Hamilton county. Indiana only voted for county officers, and the returns from there are meagre, as the result is of little consequence-

Pennsylvania is better known to yoursell than to us, for we are still in incorance as regards the general result— only a few counties of the opposition were telegraphed here—the lines being under their control—whilst the Black Republican majorities of Ohio came through with lightning speed.
