MONEY: MONEY !! MONEY !!!

We want, and must have money to mee our engagements. We have debts to pay, and can only discharge them by collecting from our Books. Persons indebted, and there are hundreds of delinquents, will please come forward and pay what they owe us; or, if they cannot call in person, let them send it by a friend, or remit by mail at our risk. We prefer either of these plans to sending out bills by a collector; for our uniform experience has been that, after the collector takes out of the small sum he generally receives twenty five per cent. for his trouble, and forgets to make a return of about twentyfive per cent. more, there is precious little left to hand over to the Printer! If we did not need money, we would not thus address our way," and show who are the really redelinquents. But we have no choice in the matter; we must have money in order to keep our heads above water.

You have often heard, doubtless, and I need OSSAWATTOMIE BROWN, the leader of the Abolition mob at Harper's Ferry, has been convicted on all the counts of the indictment preferred against him, viz : riot treason and murder. His counsel made an effort to set aside the verdict, on the ground that, because he was not a citizen of Virginia, he could not commit treason against the State. But the Court over ruled the objection, and sentenced the prisoner to be hanged on Friday the 2nd of December. BROWN made a short address before the sentence, and when the Judge pronounced his doom he received it with com posure.

The others under arrest will all be tried, and, doubtless, share the same fate. say, i BEECHER, PHILLIPS AND CORWIN. The Plymouth Church, Brooklyn, (Rev. HENRY WARD BEECHER'S,) presented an extraordinary scene on Tuesday night last. WENDELL PHILLIPS, of Boston, was announced to deliver the fourth lecture of the "Plymouth Course," his subject being " Lessons for the Hour." but without at all addressing himself to that subject, he launched into a glowing eulogy of John Brown, the condemned traitor who headed the recent insurrection at Har per's Ferry, and for an hour, amid the applause of such audiences as drink in the teachings of Ward Beecher, portrayed Brown as the Saviour of his Country, a greater than about this. Washington, and himself and his associates patriots and martyrs. He justified every act of John Brown's life, whether in Kansas or at Harper's Ferry, and no matter how bloody ; declared the plot developed at Harper's Ferry a God sanctioned effort against tyranny, and a legitimate fruit of anti-slavery doctrine and teachings. He was proud of the effort Brown had made, and exclaimed, "God be thanked for John Brown. This is a great country to live in now. I expected and do expect insurrec tion. IT IS THE RESULT OF ANTI-SLAVERY TEACHING." So much of the harangue as was not eulogistic of Brown wee devoted to violent denunciation of the Government and the boldest proclamation of the most treasonable sentiments. THOMAS COR-WIN of Ohio, now on a missionary tour to aid the New York Republians, was upon the platform with PHILLIPS. It is mournful to reflect that the temples of God are thus made forums from which to fulminate open treason and praise of bloodshed. Will our neighbor of the Lancaster Union be so kind as to inform the public that Rev HENRY WARD BEECHER, WENDELL PHILLIPS and THOMAS CORWIN, above spoken of, have been for years, and still are, "burning and shining lights" in the great Black Republican household, and will he publish PHILLIPS' lecture justifying the murders and outrages committed by old BROWN and his party, at Harper's Ferry ? PLUG UGLYISM ! One branch of the Opposition party-the Abolitionists-committed the triple crimes of murder, robbery and treason, at Harper's Ferry ;- the other branch-the Know Noth ings,-have placed the city of Baltimore completely at the mercy of cut throats, ruffians and desperadoes of the most abandoned character. The State election in Maryland took place on Wednesday last, and as was to have been expected, although we had faint hopes of better things, another bloody riot, provoked and carried out by the row dies and bullies, the Plug Uglies, and others of that ilk calling themselves Native Americans, took place. Several persons were killed, and many wounded, and the Reformers, finding that a protracted struggle was useless, and that any attempt to vote only imperilled their lives, retired from the contest at an early hour, leaving the polls and the election entirely in the hands of a mob who disgrace the name of American freemen. The police. who are under the control of that ruffian party, made no attempt to preserve order. and no arrests were made. William P. Preston. Democratic candidate for Congress, was badly beaten on the head by the rowdies, and is confined to his bed from the injuries he received. Such is the opposition to the Democratic party in the city of Baltimore ! What is to be the end of these things no mortal can tell. It will soon be a query, if such conduct is tolerated, whether we live in a civilized or barbarous age of the world.

THE PRESIDENCY FOR A PARDON .--- The ex ravagant offer made for a horse at the battle of Bosworth, has been more than overdone in he effort for the pardon of Brown. The Presidency is the offer now made to the Executive of Virginia for an unjustifiable exercise of Executive elemency. The effort is not confined to the Black Re-

iblican journals, but, we regret to see, even the New York Journal of Commerce joins the mistaken ory for clemency, and its reasons imply that a living martyr, at "hard work for is less dangerous than a dead martyrthus : that the penitentiary makes a man more of a

elon than the gallows-and that "misguided people" sympathize more with the forgotten ad than with the suffering, hard working, confined living.

To us it appears that John Brown, at hard abor, would be a continual source of supply for Abolition fanaticism; that his groans would resound from Richmond to Eastport and from the James river to the St. L wrence; that every meeting of the Black Republican and Abolition parties would herald forth resolutions for his liberation; that the stump, in every election, from a Constable to the Presidency, would be redolent with praises of his heroism and curses upon his impriso ment. Not so with John Brown executed. imprison He has forfeited his life, and though pos sessed of many traits of character that were worthy of a better fate, pity and commisera tion are closed against the murderer of Tur ner and Beckham. NATURALIZED CITIZENS.

The Black Republicans, truly remarks the Boston Post, continually misropresent the Democratic sentiment toward naturalized citizens, in order to hide their own intolerant conduct. To show the doctrine upon this point maintained by Mr. Buchanan's administration, we quote again from the official letter of Mr. Cass, our Secretary of State, to

our minister at Berlin, Prussia. It reads The moment a foreigner becomes natural-

ized, his allegiance to his native country is severed forever. He experiences a nev litical birth. A broad and impassible line separates him from his native country. He is no more responsible for any thing he may

say or do, or omit to say or do, after assuming his new character, than if he had been born in the United States. Should he return to his native country, he returns as an American other character. In order citizen, and in n to entitle his original government to punish him for an offence, this must have been com mitted whilst he was a subject, and owed allegiance to that government.
