This DELICIOUS TONIC especially designed for the use of the MEDICAL PROFESSION and the FAMILY, possesses those intrinsic medicinal properties (Tonic and Diuretic) which belong to an Old and PURE GIN. The business of manufacturing spurious gins, and offering them as beverages, under the titles, "Aromatic,"—"Cordial,"—"Medicated," etc., has become so common, that the public are justly suspicious of nearly everything that is offered under similar forms, and the trade has thus been brought into disrepute. It has remained for our house (established in 1778) to supply the pressing popular need, and to inaugurate a new era in the history of the Trade. We trust that our established reputation - founded upon eighty years of experience - abundantly

Who can say that these excesses are not frequently followed by those direful diseases—INSAN-ITY AND CONSUMPTION? The records of the INSANK ASYLUMS, and the melancholy deaths by CONSUMPTION, bear ample witness to the truth of these assertions. In Lunaite Asylums the most melancholy exhibition appears. Five to sight bottles will cure the worst case of scrofula? A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.—So sure as water will extinguish five, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some piaces quite plentiful; and yet its value has never been known until I discovered it in 1840—second, that it should cure all kinds of humor.
