We have the full and complete returns of the recen election in Nebraska Territory. Strict party lines were drawn, and the Black Republicans had a full ticket in the field—made up of the "opposition" of the odds and ends of all party colors. On the 2nd inst., the Territorial Board sers, consisting of Gov. Black, Chief Justice Hall, and United States District Attorney Bowen, met and canvassed the votes cast in the several counties for Daleabstract of the vote :

The candidates above named, with the highest n of votes, are all Democrats, and it will be seen they have quite a respectable majority. The Nebraskian claims a Democratic majority of 1500 in the Territory, as shown by the vote for Auditor, which that paper claims as a test vote, as both candidates lived north of the Platte, and sectional preferences had no room for play. Numerous frauds were perpetrated by the Republ votes were imported from Kunsas-thus in Dodge county 19 illegal votes were polled for Daily. In Hill county an entire precinct that voted for Eastabrook, were thrown out by German Know Nothings, in the employ of Daily, Thirtythree men came over from Kansas, and voted for Daily in Fals city. In Cedar, Dixon and several other counties gross frauds were committed by the "Irrepressibles," and

the Nebraskian promises to expose them in its next

number. The Democracy have done nobly, and Nebraska

can always be counted on as a Democratic Territory.

Gov. Black, of Nebraska, has set apart the 24th of the present month as a day of Thanksgiving.

The special election in the lamented Maj. Harris' district. in Illinois, took place on the 7th inst., for a member of Congress, and Mr. McClernand, the Democratic candidate, between 4000 and 5000 majority, over Palmer, his Black Republican competitor. At Maj. Harris' first election he had but about 200 majority, and at his second about 2000, and now it has swelled to 5000-McClernand has carried every county in the district. Six years ago this district was about 4000 opposition. What a change has taken place there. This last election in Illinois does not show that the Democracy are "split," as our opponents were striving to make the people of the North believe. You can always count on Illinois in a Presidential fight, It is now pretty generally believed that Gen. Sam Houston will be elected U. S. Senatoraby the Taxas Legislature The election in Kansas for a Delegate to Congress has been very close, but it is supposed that Parrott, has been elected The Learenmorth (Black Republican) Times say

of the election in that city and county: The Republicans are detected one again in Leavenworth. With the best of candidates, and as gailant and spirited a canvassas was ever conducted, this painful result is all that we can chronicle. Our online county ticket is gelested—the only Republican elected being Dr. J. C. Campbell.

We still incline to the belief that Sam Medary will be elected Governor on the 2nd of next month, which closes the elections for the year 1859. The recent election in Louisians, on the 7th Inst., has resulted in the election of the whole Democratic State

ticket, from tovernor down.
You can now put down as a certainty, in the next Presi dential struggle, every Southern or slaveholding State for

the Charleston numinoe, with nor 120 electoral vites.

The Democracy of New York and New Jersey have made a gallant fight, and are deserving the especial plaudits of the Democracy of the country, for the gallant fight they have just made, and, although defeated, they have considerably gained upon their former vote, which shows life and vitality, as well as a prospect of carrying the day in

It has been asserted that Old Brown was avenging the death of his son, who fell in Kausas, by "the hand of a pro-Slavery man". It now turns out that his son was killed by a Black Republican, and by one, too, who has been termed a very great noan in Kansas. There is nothing of importance by the Overland Mail, which arrived here on Saturday night.

HEROISM OF A RAILROAD CONDUCTOR. - Some days ago, as the through freight train on the Pennsylvania Railrond was passing the Barree Forge, near Altoona, coming east, a child two or three years of age was discovered standing upon the track, a short distance ahead of the locomotive. The engineer blew the whistle but could not attract its attention. The engine was reversed, but to no purpose, and all hope of saving it seemed gone, when the conductor, Mr. M'Coy, sprang upon the cow catcher, and at the risk of his own life. as the engine came upon it, reached over and pushed it off the track. It rolled into a ditch six or eight feet deep. The train was immediately stopped, and the train hands on hurrying back were gratified to find it, not only alive, but comparatively little hurt. All honor to the man who thus risked his own life to save that of a little child. The parents | BARTLETT'S CELEBRATED POLAR REFRIGERATOR owe him a debt of gratitude for his heroism

SUFFERING BUNANITY READ THIS:
The undersigned takes this method of informing the public generally that there is no medisine new offered to the public that sequal to DUVALD'S GALVANIC OIL in relieving suffering humanity.

I was an observer of its effects in a friend of mine, who suffered almost everything from a neuralgic affection which resisted the best medical treatment in Centre county. We applied free he Galranic Oil to the painful part, and gave some inwardly, and in 20 minutes the patient was saleep, and when awakened was free from pain, and continued so. This is a positive fact which I am willing to make good at any time. A case of Felon was cured in nearly the same length of time.

BY THE BARD OF TOWER HALL. E'er celectic in our doctrines-Tis for wives of our Republic,
And may load to facts surprising,
In responses made by husbands,
When their wives are catechisting. Thus it runs: My lord and master, Did you really love mo dearly When we wedded; and were vows, Sir, From the heart, or lip-words merely? If the s demn truth made sacred

Are the flowers of love still blooming In your heart, and fondly cherished Or, by unexpected frosts, Sir, Have affection's blossoms perished?

To the March of Love Trlumphant Have you from the bridal altar Travelled on with no misstep, Sir, And with not a thought to talter Have your words been ever tender,
As if love were phrases moulding?
Or have earnest tones of yours, Sir,
Sometimes sounded much like scolding?

Did you in the honey-moon, Sir, Say with love tuned lips, to cheer me, That the evenings of existence You would pass forever near me?

Do you think that constant puffing Of cigars is right and mannish, When their smoke offends the ladies, Though it rise from best of Spanish?

Do you chew the weed narcotic, Called tobacco? Oh! why do it? It is poison! will you not then Promise me you will eschew it! Listen now! for I've some questions
Most important ones of all, Sir-

The scrofulous taint is variously caused by mercurial disease, low living, dis-ordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the con-stitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I

will visit the iniquities of the fathers upon Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; tueerees; in the glands, swellings; and on the surface, eruptions or sores. This foul cor-ruption, which genders in the blood, depresses the energies of life, so that scrofulous constitu-tions not only suffer from scrofulous com-plaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly

in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise Such a medicine we supply in

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Cestiveness, Hearthurn, Headuche arising from disordered Stomach, Namea, Indigestion, Pain in and Morbid Inaction of the Bowels, Fintelney, Loss of Appetite, Januadice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.
