COATESVILLE, CHESTER COUNT. PA

JAMES E. GIFFIN, A. M., Principal and Proprietor.

This Seminary is located in Coatesville, on the Central

sairy-two from Harrisburg. It is easy of access from any
part of the Union, and is in the midst of a moral and retined population. There could not be a more healthy and
romantic situation. It possesses the advantage of having
a daily mall, a telegraph office and an Adams Express
office. The next extent will open the first day of November. The School is sound and practical in every department. The course of study embraces everything that is
taught in the best Colleges of our country. The School is
organized on the most approved plan of the best institutions in the New England States. Ladies and Gentlemen
are entirely separate, except in recitations: in truth they
have less intercourse than at home. The Teachers or cupy
apartments in the buildings, and there is no association of
the sexes but in the presence of their instructors. The
happy influence, mutually exerted, in their slight association in the recitation room, at the table and in the public
exercises, is to be seen in the cultivation of good habits
and anomers, in ardent devotion to study, and in the attriument of high moral character. These, with many
other valuable r-sults, have established the fact, that the
best plan for a school is, according to the evident design
of Providence in the constitution of society, on the basis other valuable results, have established the fact, that the best plas for a school is, according to the evident dusign of Providence in the constitution of society, on the basis of a well regulated christian family.

"Ladits, equally with the gentlemen, are benefited by this arrangement. The numerous and crowded schools of this kind spreading over the country, fully attest the cor-

this arrangement. The Innervolus in Visites the correctness of this plan."

TESTIMONIALS

COATESTILE, July 29th, 1859.

Having been acquainted with James E. Giffin, Eq., since he has become proprietor of the Coatesville Seminary, I take pleasure in saying that I consider him very competent as a teacher, and very courteons as a gentleman, and most cheerfully recommend him, and the Institution over which he presides, as most benefiting to all persons having children for whom a thorough education is desired. My daughter is at present a student in the institution.

COATESVILLE, July 29th, 1859.

MR. GIFFIN—Dear Sir: I L'IS now mear the close of the seeing your prospects of making Coatesville Seminary second to none in the country. After becoming felly acquainted with your mild, but firm discipline, and close attention to your pupils recitations, as manifested in the improvement of my son, I feel myself under obligations to recommend all my acquaintances and friends to send their sons and daughters to your school.

WM. H. THOMPSON.

COATESVILLE, July 29th, 1859.

I cheerfully commend to the public, and especially to the public, and especially to my friends, the Seminary of James E. Giffin, lorated at this place, as being especially worthy of patronage. My son having been a pupil for the last term of this Institution, I can speak with confidence of the fieldity of the Principal as a teacher—his suavity of manner, yet firmners as a governer, and his entire gentlemanly deportment in all his relatione.

SOLE IMPORTERS, No. 338 Broadway, N. Y.

This DELICIOUS TONIC especially designed for the use of the MEDICAL PROFESSION and the FAMILY, possesses those intrinsic medicinal properties (Tonic and Diuretic) which belong to an Old and PURE GIN. The business of manufacturing spurious gins, and offering them as boverages, under the titles, "Aromatic,"-" Cordial,"-" Medicated," etc., has become so common, that the pullic are justly suspicious of nearly everything that is offered under similar forms, and the trade has thus been brought into disrepute. It has remained for our house (established in 1778) to supply the pressing popular need, and to inaugurate a new era in the history of the Trade. We trust that our established reputation - founded upon eighty years of experience - abundantly

vindicates our claim to public confidence. A comparison of "Bininger's Old London Dock Gin' with others bearing similar names, will establish its superiority, and make other Caution unnecessary.

These symptoms, if allowed to go on—which this medicine invariably removes—soon follows LOSS OF POWER, FATUITY, AND EPILEPTIG FITS—in one of which the patient may expire. Who can say that these excesses are not frequently followed by those direful diseases—INSAN-ITY AND CONSUMPTION? The records of the INSANE ASY LUMS, and the medanchely details by CONSUMPTION, bear ample witness to the truth of these assertions. In Lunaite Asylums the meat melanchely exhibition appears. The countenance is actually sedden and quite destitute—neither Mirth or thrief ever visits it. Should a sound of the voice occur it is rarely articulate.

DISCOVERY OF THE AGE. HIE GREATEST MEDICAL DISCOV-ERY OF THE AGE.—br. KENEDT, of loxbury, has iscovered, in one of our common pasture weeds, a romedy discovered, in one of our common pasture weeks, a fundary that cures $E \top F R F K I N D \cap F HUM \cap R,$ from the worst Scrofals down to a common plupple. He has tried it in ever 1100 cases, and never failed except in two cases, (both thunder humer.) He has now in his possession over two hundred co-tificates of its virtue, all within twenty miles of Besten.

Two bottles are warranted to cure a nursing sore mouth One to three bottles will cure the worst kind of Pimples on the face. one of three bottles will clear the system of Biles.
Two bottles are warranted to cure the worst canker to
mouth or stemach.
Three to five bottles are warranted to cure the worst case.

running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the work cases of ringworm.

Two to three bottles are warranted to cure the most desperate case of ridumatism.

Three to four bettles are warranted to cure the sait rhaum. A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I pedded over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.—So sure as water will extinguish fire, as sure will this cure humer. I never sold a bottle of it, but that sold another, after a trial it always smeaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor. I popularity of the discovery, I will state that in April, 1853, I poddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles pur day—in the business twenty and thirty years, say that nothing in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. Thore is a universal praise of it from all quarters.

In my own practice I always kep?it strictly for humors—but since its introduction as a general family modicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles.—O, what a mercy if it prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspopsia, Asthma, Fever and Ague, pain in the side Discovers of the Spinea and particularly in diseases of the Kidneys, &c., the discovery has done more good than any orderine ever known.

No change of diet ever necessary—eat the best you get and enough of it.
