the practice of Dentistry, at his old stand, north
east corner of North Queen and Grange streets, (Kramph's
Buildings,) would respectfully say to his former patrons
and friends, and to the public generally, that he embased
the opportunity, while in Baltimore, of attending a full
course of lectures in, and receiving a diploma from, the
Baltimore College of Dental Surgery.

Having graduated at a periodin the history of the profession when all its most approved principles could, be
thoroughly discussed and fully compared and studied, I
feel better qualified than ever before to treat all cases of
dental or surgical diseases, strictly upon scientific principles.

dental or surgical diseases, strictly upon scientific frinciples.

As a metriculent of the University of Meryland, I received the benefit of the Surgical lectures of Prof. N. K. Smith, as well as those of Prof. T. E. Bond, of the Dental College, and having for years adopted Surgery as a favorite study, I design taking its general principles into my practice, and will treat all the surgical diseases, of the mouth and face specially, upon the principles laid down and practised so successfully by that eminent and scientific surgeon.

Cleft paintes, hiere lips, preternatural and morbid growthe in the mouth and about the face will receive especial and careful attention.

Artificial Teeth mounted upon four different and approved principles, via: Gold plate, silver plate, hard rubber process, and the much talked of Cheoplastic process improved. Operations upon the nearest teeth will be performed with a view to their press vation and beauty, and ascording to the highest principles of hygiens and artistic kill. skill. Specimens of plate work and plugging will be shown to all who call.

Dental and surgical advice will be freely given to individuals or families, who may place themselves under my treatment.

OATESVILLE SEMINARY,

MALEAND FEMALE,

COATESVILLE, CHENTER COUNTY. PA

JAMES E GIFFIN, A. M., Principal and Provistor.

This Senioury is located in Coatesville, on the Central Railroad, about thirty-seven miles from Philadelphia, and sixty-two from Harrisburg. It is easy of access from enypart of the Union, and is in the midst of a moral and refined population. There could not be a more healthy and romantic stuation. It possesses the advantages of having a daily mail, a telegraph office and an Adams' Express office. The next sexion will open the first day of November. The School is sound and practical in every department. The course of study embraces everything that is taught in the hest Colleges of our country. The School is organized on the most approved plan of the heat incituding in the New Eugland States. Ladies and Gentlemen are entirely separate, except in recitations: in truth, they have less intercourse than at home. The Teachers o cupy apartments in the buildings, and there is no association of the sexes but in the presence of their instructors. The heapy influence, madually exercile, in their slight sesociation in the recitation room, at the table and in the public exercises, is to be seen in the cultivation of a cheerful and animated disposition, in the formation of good babits and manners, in artent devotion to study, and in the attainment of high moral character. These, with many other valuable results, have established the fact, that the best plan for a school is, according to the evident design of Providence in the constitution of society, on the basis of a well regulated christian family.

"Ladies, equally with the gentlemen, are benefited by this arrangement. The numerous and crowded schools of this kind epreading over the country, fully attest the correctness of this plan."

MR. GIFFIN—Dear Sir: It is now near the close of your second term of school in this place, and I feel very greatly gratified in seeing your prospects of making Coatesville Seminary second to none in the country. After becoming fully acquainted with your mild, but firm discipline, and close attention to your pupils recitations, as manifested in the improvement of my sou, I feel myself under obligations to recommend all my acquaintances and friends to send their sons and daughters to your school.

WM. H. TIQUESON.

THE NEW YORK LEDGER.

AS AN indication of the popularity of the LEDGER, we need only state the simple fact that its circulation is larger than that of any other TEN literary papers in the country. Its great success is owing to the fact that its proprietor secures the best writers in the country, and spares no expense in getting up the BEST FAMILY PAPER—a paper of high moral tone. The exalted reputation of its contributors, the practical and invariably pure and healthy character of all its articles, the care which is taken that not even one offensive word shall appear in its columns, and the superiority of its Tales and Sketches, have gained for the NEW YORK LEDGER a position that no literary paper has ever before reached. We feel, and always have felt, since the LEDGER attained its immense circulation, that a heavy responsibility rests upon us, and have endeavored to discharge, that responsibility conscientionsly, feeling confident that ultimately we should receive the thanks of thousands and tens of thousands of families.

As to the future, we are at a loss what to say. We prefer to PESPORM rather than to PROMISE. What we have herefore done is known to our readers; they know what the LEDGER has been and is now, and must therefore judge what it will be hereafter. We can only say that among the contributors to the LEDGER BEDWARD EVERETT. WM. C. BRYANT,

FACTS like these carry with them more weight than any comments that could be made, and comments will therefore be dispensed with. As we have already intimated, we shall leave promiseing to thous who prefer to expend their force in that way, and content ourselves with doing what we can to make the LEDGER the most interesting and instructive FAMILY PAPER in the world.

THE NEW YORK LEDGER is published every Saturday, and sold at all the news-offices in every city and town throughout the country; and is mailed to subscribers at two dollars per annum; two copies sent for three dollars. SUBSCRIPTION DEPARTMENT.

QUESCRIPTION DEPARTMENT. NEW YORK, Sept. 12th, 1859.

ELIAS BARR & CO.—DEAR SIRS: We have the pleasure of informing you that the Seventh Volume of THE NEW AMERICAN CYCLOP. EDIA will be ready on the 1st October, previous to which time we shall be glad to re-

lat October, previous to which time we sum to year.

As we do not, in any case, send this work on sale we must consider all ordered as actually purchased.

Very respectfully.

D. APPLETON & CO. THE NEW AMERICAN CYCLOP EDIA,

ITS AMERICAN CHARACTER.

The New Cyclopuedla surpasses all others in the spigiven to our own country—its natural features and sources—and to American History and Biography.—Fr. the New Fork Evangetics. ITS PRACTICAL UTILITY.

It is a perfect treasury of knowledge, in all branches of the arts and sciences, in literature, history, biography and geography.—From The Boston Pilot.

ITS IMPARTIALITY.

Pledged to abstain from doctrinal, sectarian, or sectional discussions, it presents, so far as we have examined its articles, both sides of controverted topics with reasonable fulness and strict fairness.—From The National Era. THE NUMBER AND ABILITY OF 1TS CONTRIBUTORS. Several eminent medical and legal authorities, both in New York and Boston, furnish contributions in their respective departments; and from a large catalogue of writers, which we have been permitted to inspect, we are confidently of opinion that such an array of talent and intelligence has never before been combined in a single publication of the American Press.—From The Lancaster Examing.

ITS FRESHNESS.

Its freshuess and general thoroughness give it a decided dvantage over any cyclopadia of its class, hitherto issued n oither side of the Atlantic.—From The New York Times.

on either side of the Atlantic.—From The New York Times.

178 CHEAPNESS.

It will be within the reach of all. Apprentices and merchants' clerks can procure the work as well as anybody, and with less cost to them (if they take it in numbers) than many of them expend nightly for cigars and beer.—From The Jamestoon Journal.

Her aid and advice has been solicited in innumerable instances, and the result has always been the means of securing a speedy and happy marriage; she is therefore a sure dependence. She has been the incans of bringing many hundred hearts and hands together.
