The "second sober thought of the people," except a few aspiring individuals who expect to ride into office on the waves of fanaticism and blood, will soon see the necessity of rallying around the flag of the Union, and with one voice and one common determination forever blot out the foul stain of Black Republicanism which has for the past four years disgraced many of the Northern States. Yet, whilst these " Union" meetings are going on in your midst, the disunionists are holding "John Brown Prayer Meetings" in many of the Northern States-deprecating the carrying many of the symbol constant constant $p_{\rm ext}$ and $p_{\rm ex$ out the Constitution of the United States? Scrofula, or King's Evil.

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may

not destroy. The scrofulous taint is variously caused by mercurial disease, low living, dis-ordered or unhealthy food, impure air, filth

ordered or unhealthy lood, impure air, nith and filthy habits, the depressing vices, and, above all, by the venercal infection. What-ever be its origin, it is hereditary in the con-stitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I

One quarter of all our people are scrofulous; their persons are invaded by this lurking in-fection, and their health is undermined by it. OLD GUARD. THE WONDER OF THE AGE .- The long looked Winan steamer, from Biltimore, Captain Vaughan, arrived here Saturday at 1 o'clock, and took up quarters at Town Point.-Though the weather before and since her arrival has been unpleasant, hundreds of the minutes. citizens of the two cities have visited the

strange looking craft. This steamer is entirely different in appearance from any other afloat, lying in the water like some great black sea monster with head and tail under water, and entirely concealed from view. As she is modeled with a view to attain extraordinary speed, and is designed to pass through and not over the waves, her upper works, engine, &c., are unusually com-pact, occupying but little space. Midway she is of considerable size, tapering off gradually fore and aft, and resembles in a very striking degree a segar. Capt. Vaughan says that the performances

of the steamer with regard to speed and gen-eral movements in the water are satisfactory

and fully meet the expectation of those interested in her. Her length is 235 feet; tonnage, custom house measurement, 203 tons. The cabin, aft, is about 35 by 20 feet, and is quite comforta-ble and pleasant. There is besides a cabin ble and pleasant. There is, besides, a cabin in the fore part of the steamer .- Portsmouth (Va.) Transcript. days

THE QUEEN OF FASHION

BY THE BARD OF TOWER HALL.

I'll sing the world a truthful song Of Fashion's queen, well known, Whose edicts bind so many slaves, As subjects, to her throne. Some millions, here, in Freedom's land Her mandates all obey ; Her mandates all obey; nd those are branded, "Not genteel !" Who do not own her sway.

She draws the patterns for the garbs Our men of fashion wear; She fixes, too, the style of cut For whiskers and for hair; And no moustache can grace a face, To win a lady's smile, Unless 'tis straightened out or curled In Fashion's latest style.

Her lady subjects must on hoops Spread out their crinoline, And sweep the parements, when they walk, With silks or sating fine.

Their waists must be genteel in size, Though stays and strings may kill, Because the fettered lungs with air Are not allowed to fill.

Some ladles' feet, with proper claims, For No. 5's may call; Yet No. 3's or 4's they wear To make their feet look small.

"Tall aches from little toe corns grow,' As they've been made to feel!

But corns don't go against their grain, It they can look genteel.

Their shoes and slippers must be thin, For Fashion as decrees, Though thicker shoes would save their health, And save them doctor's fees.

They sacrifice their health and wealth For foolish pride alone— O, blest the hour when Common Sense Shall Fashiou's queen dethrone!

You ask: "Where'll be the Tower Hall, When Fashion has no sway? And where, oh! where will be the Bard? And where his thrilling lay?" We answer: Tower Hall will loom In fair proportions high; And Bennett's Bard on Pancy wings A loftler flight will try;

For then they'll make at Tower Hall

The CLOTHES we really need, Which we can wear and be all right Until they go to seed;

And then a man will not be judged By coat, or pants, or vest; But, justly, only by the heart Which beats within his breast!

A very superior Winter Flock is now pffered at unhear low prices, at TOWER HALL, 518 MARKET STREET stladelphia. dec 13 Lt 45
