THE NEW YORK, LEDGER

THE NEW YORK LEDGER.

AS AN indication of the popularity of the LEDGER, we need only latte the simple fact that its circulation is larger than that of any other TEN literary papers in the country. Its great success is owing to the fact that its recommendation is larger than that of any other TEN literary papers in the country. Its great success is owing to the fact that its reproprietor secures the best writers in the country, and sparses no expenses in getting up the BEST PAMILYTPAPER—spaper of high moral tone. The exalted reputation if its contributors, the practical and invariably pure said healthy character of all its articles, the care which is taken that not even one offensive word shall appear in its columns, and the superiority of its Taics and Skatches, have gained for the NEW YORK LEDGER a position that no literary paper has everthefore reached. We feel and always have felt, since the LEDGER attained its immense circulation, that a heavy responsibility rests upon its, and have endeavored to discharge that responsibility conscientiously, feeling confident that ultimately we should receive thick thanks of thousands and tens of thousands of families.

As to the future, we are at a loss what to say. We prefer to PERFORM rather than to PROMISE. What we have heretofore come is known to our readers; they know what the LEDGER has been and is now, and must therefore judge what it will be hereafter. We can only say that among the contributors to the LEDGER are

PACTS like these carry with them more weight than any comments that could be made, and comments will therefore be disponsed with. As we have already intimated, we shall leave promising to those who prefer to extend their force in that way, and content ourselves with doing what we can to make the LEDGER the most interesting and instructive FAMILY PAPER in the world. must interesting and instructive FAMILY PAPER in the world.

OATESVILLE SEMINARY,

MALEAND FEMALE,

COATESVILLE GHESPER COUNTY, PA

JAMES E. GIFFIN, A. M., Principal and Proprietor.

This Seminary is located in Coatesville, on the Cantral Railroad, about thirty-sever miles from Philadelphia, and sirty-two from Harr-sburg. It is easy of access from any part of the Union, and is in the midst of a moral and remonantic estuation. It possesses the advantages of having a daily mail, a telegraph office and an Adams' Express office. The next session will open the first day of November. The School is sound and practical in every department. The course of study embraces everything that is taught in the best Colleges of our country. The School is organized on the most approved plan of the best institution in the New England States. Ladles and Centlemen are entirely separate, except in recitations in truth, they have less intercourse than al home. The Teachers occupy apartments in the buildings, and there is no association of the sexes but in the presence of their instructors. The happy indusence, mutually exercical, in their slight association in the recitation room, at the table and in the public exercises, is to be seen in the cultivation of a cheerful and animated disposition, in the formation of good habits and manners, in ardent devotion to study, and in the attempt of high moral character. These, with many other valuable results, have established the fact, that the best plan for a school is, according to the evident design of Providence in the constitution of society, on the basis of a well regulated christian family.

"Ladics, equally with the gentlemen, are benefited by this arrangement. The numerous and crowded schools of this kind spreading over the country, fully attest the correctness of this plan."
