THE HOWARD ASSOCIATION, in view of the awful destruction of human life caused by Sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by Quarks, several years ago directed their Consulting Surgeon, as a CHARITABLE ACT worthy of their names, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give MEDICAL ADVICE GRATIS to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in case of extreme poverty, to FURNISH MEDICINES FIRE OF CHARGE. It is needless to add that that sacristion commands the highest Medical skill of the age, and will furnish the most approved modern treatment. The Directors of the Association, in their Annual Report upon the treatment of Sexual Diseases, express the highest satisfaction with the success which has attended the labors of their Surgeons in the cure of Spermaterrhea, Seminal Weakness, Gonorrhea, Gleet, Sphilis, the vice of Onanism or Self Abuse, Diseases of the Kidneys and Bladder, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent efforts have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important and much despised cause.

An admirable Report on Spermstortness, or Seminal Weakness, the vice of Onanism, Mastarbation, or Self-Abias, and other diseases of the Sexual organs, by the Consulting Surgeon, will be sent by mail (in a sealed envelope) FIREE OF CHARGE, on receipt of TWO STAMPS for postage. Other Reports and Tracts on the nature and treatment of Sexual diseases, diet, &c., are constantly being published for gratuitous distribution, and will be sent to the afflicted. NICKERBOCKER MAGAZINE.
FIFTY-FIFTH VOLUME.
LUUIS GAYLORD CLARK. DR. JAMES O. NOYES,
EDITORS. LOUIS GAYLORD CLARK DR. JAMES O. NOYES, EDITORS.

The present number closes the fifty-fourth volume of the KNICKERBOCKER, and while we thank our patrons for their past favor, we shall strive to increase their number by redoubled care and effort in every d-partment of the Magazine. We expect in our next number to be able to announce a series of articles on Popular Astronomy, by the most distinguished writer upon that science in the land. 'Stories and Pictures' of the Hudson will be completed during the year, and the two volumes will contain the best sketches, tales, poems, etc., that can be procured for the entertainment of our readers.

PREMIUM FOR 1860.

In order to increase the already large circulation of the KNICKEBOCKER, we publish this mionth a splendid line engraving of Frith's picture of 'Merry-Making in the Olden Time.' which we shall present exclusively to the \$3 subscribers to the Magazine for 1860, whether old or new. The subject represents the pastines of our ancestors, and is eminently of a genial, domestic character. The plate, engraved in England at an expense of 2000 dollars, is entirely new, measures twenty-five by nineteen and a half inches in size, contains thirty-nine figures, and is beyond comparison the finest work of the kind ever offered as a premium in this country.

inches in size, contains thirty-nine figures, and is beyond comparison the finest work of the kind ever offered as a premium in this country.

'The engraving of Frith's picture of Merry-Making in the Olden Time, represents the humors of an English holiday in the country in those good old times when the men wore cocked-hats and knee-breeches, and the women stays and hoops—a custume not essentially differing from the corset and crinoline of the present day. Almost in the centre of the picture and a little to the back-ground is a country dance on the green, with a hard-featured fiddler perched on a high seat, and another musician in a the-wig standing by him, playing with all their might. On the right two bouncing girls are gaily pulling toward the dance a gray-baired man, who seems vanly to remonstrate that his 'dancing days are over.' while a waggish little child pueles him forward from behind, greatly to the amusement of his spouse, who is still sitting at the tea-table, from which he has been dragged. On the left, under a magnificent spreading oak, sit the squire and his wife, whom a countryman with his hat off is respectfully inviting to take part in the dance. To the left of the 'squire is a young couple on the grass, to whom a gipsy with an infant on her shoulders is telling their fortune. Over the shoulders of this couple is seen a group engaged in quoit-playing, and back of the whole is a landscape of central slones and

healther is telling their fortune. Over the shoulders of ins comble is seen a group engaged in quoit-playing, and ack of the whole is a landscape of gentle slopes and opess. The picture has the expression of gayery through ut and the engraving is splendidly executed. It is fresh out the burin of Holl, not having yet been published in brokend? Gy To every \$5 subscriber for 1800, inclosing twelve cents extra in stamps, will be sent, free of postage, a copy of the new and splendid engraving of 'Merry-Making in the Olden Time.' Whoever shall send us the names of five \$3 subscribers, and stamps, (\$15.60.) will receive the Knicketchecker for one year and the Engraving gratis.

These Machines sew from two spools, as purchased from the store, requiring no re-winding of thread; they Hem, Fell, Gather and Stitch in a superior style, finishing each seam by their own operation, without recourse to the hand needle, as is required by other machines. They will do better and cheeper sowing than a scamatress can, even if she works for one cent an hour; and are, unquestionably, the best Machines in the market for family sewing, on account of their shaplicity, darability, ease of management, and adaptation to all varieties of family sewing—executing either heavy or fine work with equal facility, and without special adjustment.

As evidence of the unquestioned superiority of their Machines. the Grover & Baker Sewing Machine Company beg leave to respectfully refer to the following

COATSVILLE, CHESTER COUNTY, PA.

JAMES E. GIFFIN, A. M., Principal and Proprietor.

This Sominary is located in Coatesville, on the Central Raliroad, about thirty-seven miles from Philadelphia, and sixty-two from Harrisburg. It is easy of access from any part of the Union, and is in the midst of a moral and refined population. There could not be a more healthy and romantic situation. It possesses the advantages of having a daily mail, a telegraph office and an Adam' Express office. The next sexions will open the first day of November. The School is sound and practical in every department. The course of study embraces everything that is taught in the best Colleges of our country. The School is organized on the most approved plan of the best institutions in the New England States. Ladies and Gentlemen are entirely separate, except in recitations; in truth, they have less intercourse than at home. The Teachers occupy spartments in the buildings, and there is no association of the sexes but in the presence of their instructors. The happy influence, mutually exerted, in their slight association in the recitation room, at the table and in the public exercises, is to be seen in the cultivation of good habits and manners, in ardent devotion to study, and in the attainment of high moral character. These, with many other valuable results, have established the fact, that the beet plan for a school is, according to the evident design of Providence in the constitution of society, on the basis of a well regulated christian family.

"Ladics, equally with the gentlemen, are benefited by this arrangement. The numerous and crowded schools of this kind spreading over the country, fully attest the correctness of this plan."
