OPPOSITION TACTICS: Look out for all manner of falsehoods, to be circulated to-day, against the Democratic candidate for Mayor.

THE ELECTION -- TO-DAY. The municipal election which comes off today, (Tuesday,) promises to be the most exciting one of the kind that has ever taken place in this City. The Opposition of all grades and hues, in their desperation, are resorting to every possible means, fair and foul, to accomplish the defeat of the Democratic ticket. Falsehoods, slanders, and misrepresentations against the present Mayor seem to be their favorite weapons; and, in addition, they are using money like water, and openly and with unblushing effrontery boasting of their ability to buy over Democrats to their side. In all our experience in Lancaster we have never known any thing like it before. Indeed, one would judge from the excitement in the streets, that we are on the eve of an election which will determine the destinies of the Republic for ages to come.

Our Democratic friends are cool, but active and determined, and will give a good account of themselves to day. We have never wit nessed a better spirit among them. There is no division in our ranks. All feuds and heart burnings, which have heretofore existed and served to estrange Democrats from each other, are obliterated, and they are now moving gallantly forward, as one man, in defence of their time-honored principles and their candidates. The old watch-fires are lighted up and burning brightly, and if our friends continue to do their whole duty until the polls close this evening, at 7 o'clock, there can be no doubt as to the result.

TURN OUT, DEMOCRATS! We hope that every Democratic vote in the City will be cast to-day, and that there will be no scratching on the part of our friends .-Vote the whole ticket in your respective wards, without erasing a single name from any of them. The candidates are all true and tried men, were fairly placed in nomination, and deserve the unanimous support of the Democratic party. Go to the Polls, with the firm resolve to vote "the ticket, the whole ticket. and nothing but the ticket."

VOTE EARLY! The Polls open at 8 o'clock this morning,

and close at 7 in the evening. Let our friends deposit their votes early in the day, before the crowd becomes so great around the win dows, and then they will meet with no interruption. Our active men especially will then be better able to attend to their neighbors. Again we urge our Democratic friends to vote early.

THE COMMITTEES. Let every committee man do his duty faithfully to day. Let the Poil Committees be at their posts all day, and the Block Committees be also active and vigilant in the discharge of their duty. Recollect that every vote counts, and that every Democratic vote must be polled to ensure success. The time for action has arrived. Be determined to win. and success is certain over all the tricks and stratagems, falsehoods and misrepresentations of the Re publican party.

GRUND'S NOMINATION CONFIRMED .- The Senate, on Thursday, in Executive session, spiritedly debated for more than two hours the motion to reconsider the vote by which, some weeks ago, Mr. Francis J. Grund was - rejected as Consul to Havre. The contest was ended by confirming this appointment, the majority being unexpectedly large.

MAYON'S OFFICE,

LANCASTER, Jan. 30, 18:0. }

GENTLEMEN: In reply to your communication of the 28th inst., permit me to say that the continued improvement in the finances of the City of Lancaster, must be a source of gratulation to the tax-payers, whose interests have been faithfully and efficiently managed by all the departments of the Municipal Government. faithfully and efficiently managed by all the departments of the Municipal Government.

During the fiscal year now near its termination, the records show that, with a revenue of some \$5000 lcs than last year, (owing to the reduction of 8 per centum in the valuation made by the County Commissioners, and the reduced rate of taxation of 5 cents in the \$100 made by Councils,) every pecuniary demand has been promptly met upon presentation—besides liquidating bills to the amount of \$601,74, contracted but not presented for payment in the previous year, of which \$496,94 was for Gas, \$68,30 for Hardware for Water Works, and \$36,50 for burying carases; whilst the special and annual appropriations have been all sufficient for their objects, owing to the rigit system of sconney observed, and on several of the latter handsome balances remain unexpended. 

In all, \$3533,70

The aggregate unexpended balance of these three items last year, per Treasurer's Annual Beport, was \$1835,33.

The amount expended on Streets, last year, was \$3569,55 do. do. Water Works do. 3052,40

During the present year the account stands as follows: Amount expended on Streets, \$113,45 do. do. Water Works, \$2154,13,45 do. do. do. Water Works, \$2154,13,45 do. do. do. Water

ess than in the previous year.
The excess of \$543.90 in this year over the disbursements
of last year for Streets, is owing to an increase in the
amount of work done, most of it of a substantial character,
and for the accommodation of the greater portion of the

and for the accommonation of the greater portion of the petitioners for such improvements.

During the past two years no Water Pipes have been laid in the City-consequently the appropriations remain untouched in the Treasury.

The Sinking Fund, during the present year, has accumulated \$2100, (which is a virtual reduction of the public \$25,883.7).

lated \$2100, (which is a virtual reduction of the public debt to that extent.) and now reaches the sum of \$35,883.57
—having been increased over \$20,000 in the last four years.
Another similar reduction (5 cents in the \$100) to that made at the commencement of the present flacal year, can safely be made in the assessment of the tax for the ensuing year, should no extraordinary expenses be incurred; but that will be a subject for the deliberation of the new Councils, and is one over which the incumbent of the Mayor's office has no control. Knowing, however, that it can and ought to be done, in order to relieve the tax-payers to that extent, I strongly recommend the reduction.

As the fiscal year has not yet closed, and several warrants will call. to that extent, I strongly recommend the reduction.

As the fiscal year has not yet closed, and several warrants will still be drawn, it is impossible for me to state the exact balance which will remain in the Treasury at the end of the year. I have no hesitation, however, in asserting that the sum will greatly exceed the balance remaining on hand at the close of the previous year.

I have thus been as explicit as possible, Gentlemen, in answer to your request. The finances of the City bave never been in a more healthy condition than they are at this moment, and it should be the earnest determination of every good citizen to require of the corporate authorities a rigid adherance to that system of economy and reform from which such good results have already been realized. I remain, Gentlemen,

I remain, Gentlemen,
Very respectfully, your ob't serv't, &c.,
GEO. SANDERSON.
To Messrs. J. Zimmerman, W. Whitzeide, Dr. P. Cassidt, M. Withers, C. Widmyer, James H. Barnes, John Rankin, John F. Steinman, Em'l Shober, John Semer, H. C. Locher, W. Carpenter, Henry E. Leman, Geo. Musser, Jr., and John Black.

THE STRUGGLE ENDED! On Wednesday last, on the 45th ballot, Hon. WM. PENNINGTON, of New Jersey, was elected Speaker of the U.S. House of Representatives. The vote stood :

Pennington (Rep.) McClernand (Dem.) Scattering Messrs. Bocock and Sherman conducted the Speaker to the Chair, when he made a short

address. Mr. P. is said to be a National man, and disavows any affinity with the sentiments contained in the Helper book. Good feeling appeared to prevail when the result was an will so discharge the high responsibilities of his office, as that peace and harmony will be restored to the councils of the Nation.

COL. FORNEY ELECTED CLERK: On Friday, Col John W. Forney, of Phila-FORNEY 112; ALLEN (Dem.) 77; TAYLOR, of New York, and Riggs, of New Jersey, who had not voted for Mr. Pennington, voted for Col. Forney.

HENRY W. HOFFMAN, (Amer.) of Maryland, was elected Sergeant-at-Arms, when the House adjourned over till Monday.

GUBERNATORIAL.

The Lewistown True Democrat strongly ecommends Hon. ABRAHAM S. WILSON, of that Borough, for the Gubernatorial nomination, at Reading.

The Alleghany delegates to the State Convention are divided in their preferences between Col. WM. HOPKINS, of Washington ette, for Governor. So says the Washington

Examiner. Perry county sends her delegate to the

THANKFUL FOR SMALL FAVORS. CITY AND COUNTY AFFAIRS. The Republicans, says the Harrisburg Patriot, try very hard to appear rejoiced at the result of the contest in the House of Representatives: but the election of Mr. Pennington is not the victory they labored for through eight long weeks. The same result might have been attained in the first or second week of the session, if the Republicans had consented to drop Mr. Sherman. But this they would not do. Sherman or nobody, was their rallying cry; and they would unquestionably have continued to support Sherman, 'till the crack of doom," as Mr. Stevens

pledged himself, had not a sudden panic seized them, and compelled his withdrawal Mr. Pennington does not suit the purposes of the Republican organization as well as Mr. Sherman. He does not represent genuine out and out Republicanism of the Seward stamp. Being an old man of moderate means, he cannot be used with the same facility in the construction of committees for partizan purposes; nor can he be relied upon, from the fact of his Whig antecedents, to support a \$ 500,00 Presidential candidate of the ultra Republican school against one of moderate and conser vative leanings. That he was not the choice of the Republican Congressmen is evident from the fact that they resisted his election during eight weeks, when it was clear that he or some one of the same stamp could be chosen

by a majority.

One of the most amusing exhibitions in connection with the election of Mr. Penning ton is to witness the Republican organs ascribing "great credit" to the Pennsylvania members in making the first stampede from Sherman last Friday. They are quite fortunate, these self same members, in receiving praise for everything they do. First the Legislature commended their course in adhering with so much fidelity to Sherman .-Then their party friends praised them for unelecting Mr. Smith; and now they receive 'great credit" for voting for Pennington .-Political infidelity must be at a premium among the Opposition of this State, who "dance about, and turn about, and do just so," whenever directed by their official leaders.

Mr. Sherman's speech upon withdrawing his name from the contest was happily described upon the floor of the House as mournful valedictory to his deserting troops. Disguise the disappointment as they may, every genuine Republican feels that Sherman's defeat was a serious repulse. They failed in the main object of the eight week's fight, and were at last compelled to save themselves from utter defeat by taking an Old Line Whig, who is in favor of the fugitive slave law as it | burgh, Pa., which is put up in bottles and sold at 25 cents now stands.

PASSPORTS FOR NEGROES. The Negro Question, besides stopping the wheels of the American Government, disturbing the peace of the country, threatening to dissolve the Union, and creating riots in from the Washington Star, of Thursday Upper Canada, has entered England. The evening: London papers have almost as much to say about it as ours have had. And, besides discussing our affairs, they have an incident themselves. Mr. Dallas, our Minister to London, being called on to viser for the continent, the passport of one S. P. Remond. declined, on the ground that she was a colored woman and not an American citizen nounced. May we not hope that the Speaker | She immediately brought the matter before the English public, through the press, and England has, of course, a few words to say on the subject. It seems hard that colored people from America cannot obtain the common protection of travelers in Europe, and Mr. delphia, was elected Clerk of the House of Dallas may be censured for refusing his visa. He was simply obeying orders.

REVENUE COMMISSIONERS.

The Board of Revenue Commissioners met at Harrisburg last week. The Board is after having voted for the compensation law composed of one member from each Judicial District, who is elected by the President and Associate Judges. Hon. Jos. Konighacher of Ephrata, is the member from this District This Board meets every three years. It is their duty to ascertain and determine the fair and just value of the property in the city of

Philadelphia, and the several counties of this Commonwealth, made taxable by law, adjust ing and equalizing the same as far as possible so as to make all taxes bear as equally as practicable upon all the property in the Commonwealth in proportion to its actual value; and having determined the same, shall make a fair record of the said valuation in duplicate and file one copy thereof, duly attested by the signature of the said revenue commissioners, in the office of the State Treasurer, and one copy thereof in the office of the Auditor General, to be and remain as the valuation of the said property, till the next meeting of the board as herein provided for.

ESTIMATES FOR THE APPROACHING FISCAL YEAR.-A correspondent, writing from Washington, furnishes the annexed statement of the estimate for the expenses of the National Government for the approaching fiscal year. These estimates will be increased in the ap-4 propriations, but the sum total will show a reduction from the expenses of the past few vears, and indicates a return to a sound and healthy economy:

A UNION SPEECH BY THE SPEAKER ELECT. The following interesting incident we clip

Mr. Pennington was waited upon last evening, at Willard's, by numerous friends, who, after exchanging the usual salutations,

and congratulating him on his elevation to brought to their notice immediately among the high and honorable post of Speaker, were invited to accept of that gentleman's hospi tality. At eleven o'clock Withers' Band arrived

and serenaded him, performing in spirited style a number of national airs. Some two hundred or more persons were in a short time assembled, and as soon as the band had concluded, three cheers were given for Mr. Pennington, and then loud calls made for that Mr. Pennington, on being introduced, said

"I am very much indebted to you, my friends, for the pleasing visit that you have When we hear a made to me this night. national air, it always satisfies me that we belong to one country, and I have no belief in can be, that we are to be separated. one people, and I trust in Heaven that we Amer.) 23; and 9 scattering. Messrs. Clark, zens. The censure must fall on those above shall ever remain so. There will always be in a free country like ours diversities of opinion different views, and a great variety of interests Miss Remond, it appears, had a passport which must necessarily prevail; but there is from Secretary Cass, in which she is described a spirit of patriotism that burns in our hearts as an American citizen. But this was probathat will not yet be extinguished. Our land is a land of freemen, our liberties were achieved by great exertions and services of bly obtained by application through a notary, who did not clearly state that the applicant our fathers, and I believe no man in this generation will let this blessed inheritance go to pieces. And if we do wrong at one time, you remember the saying of Mr. Clay, that

old patriot, when he went home to Kentucky, on being addressed by some old man, who said, 'Clay, you have done wrong.' says he, 'my friend, if you were out gunning. and on pulling the trigger your gun didn't go off, what would you do? Would you throw it away, or would you try it over again?''Nay,' said he, 'I would pick the flint and try it over.' Now, if anything is done wrong in this country, a little time will make it right because we have a national feeling and

national honor. When I heard the national air played you came in here to-night, it went to my heart; and I said as long as our national songs remain, this country will be united.— Discordant States! I think no man in his sober senses can agree to any such proposition. I tell you now there never was a greater mistake than to believe that northern men have any bad feeling against Southern men or the body of Southern men against Northern. My friends, it always belongs to republican institutions, that there must be a great variety of public opinion upon all questions; and our only security is to bear and to forbear; and the strength of our institutions depends upon love of country. And if we are not imbued with patriotic feelings, there is no hope for the stability of our country. But my faith

is this, that we all love our country, and that we will abide by her destiny for good or for I thank you for the high compliment which feel you have bestowed upon me by this visit I am glad the House is organized. organization had been effected by the selection any other gentleman, perhaps it would have been better, but be assured I will endeavor to discharge the arduous duties of the high position to which I have just been elevated as best I can, and to preserve this glorious Union intact.

\_\_\_\_ We call the attention of our readers to article advertized in another column, called Dr. Bronson's Blood Food. It is an entirely new discovery, and must not be confounded with any of the numerous patent medicines of the day. It is food for the blood, already prepared for absorption; pleasant to the taste and natural in action, and what one gains he retains. Let all those, then, who are suffering from poverty, impurity, or deficiency of blood, and consequently with some chronic disease or ailment, take of this BLOOD FOOD and be restored to health. We notice that our druggists have received supply of this article, and also of the worldenowned Dr. Eaton's Infantile Cordial, which every mother should have. It is said to contain no paregoric or opiate of any kind vhatever, and of course must be invaluable or all infantile complaints. It is also said that it will allay all pain, and soften the gums in process of teething, and at the same time regulate the bowels. Let all mothers and nurses, who have endured anxious days and sleepless nights, procure a supply and be at once relieved. See advertisement

Another Mail Robber Arrested - United States Deputy Marshal Dougherty arrested a young man named Bartley Thompson, at Huntingdon, on Monday the 23d inst, on a charge of robbing the post office at Millcreek, charge of rooting the post omice as minerees, in Huntingdon county. The post office is kept in a dry goods store, and Thompson, as is alleged, besides carrying off a number of letters, also appropriated to himself some dry goods, which were found in the woods where he was in the habit of loafing. A lock and key belonging to the mail bag in the post office was found on him.

Horace H. Day, of New York, instituted suit against twenty four firms in this city, some time since, for an alleged infringement of Day's India Rubber patents. On Tuesday last the cases came up for a hearing before his Honor Judge Treat, of the United States Circuit Court. After argument, the Court yesterday granted the injunc. tion prayed for, restraining the parties from vending the rubber goods, made with vulcanized rubber, Clarence A. Seward, Esq., of New York, with Jones, Sher nan and Homes, appeared for complainant, and J. R.

Shepley, Esq, for respondent. The Pike's Peak Express Company have decided to run in connection with their line, a Pony Express from Leav enworth to Sacramento, California. The time is fixed at thousand one hundred and ninety eight and ten days, and under the admirable system of this Company there is little doubt that this will be accomplished. The Post Office Department has also ordered the Utah mail service back to its original time, making a weekly tead of a semi-monthly mail.

arrival of the Express yesterday, about \$20,000 is reported as having been brought in by private hand. The statement of the loss of 1,700 head of cattle in Ruby Valley, Utah, belonging to Russell, Majors & Waddell, is discredited, as the private advices of this firm, up to the departure of the mail, make no mention of it. The winter in Salt Lake Valley is reported as having

But whether it be possible for the ultra Abolitionists of the Northern States to unite with the South in the mission of peace and good will, is yet to be seen. Unless a better feeling soon xists between the North and South, you will find that nuch heretofore purchased in the free States by those liv ing in the South, will be bought exclusively in the South. We have already heard of several companies who con facture of Boots and Shoes; another for Domestics, &c. and in a short time these companies will be ready to comnence operations.

Indeed, your merchants in Philadelphia. New York and oston already feel the effect that Black Republicanism is baving upon their business, and they will yet find the those of previous seasons, and they will year after year will lose every Northern merchant his Southern custom It is hard that the innocent should suffer with the guilty, but it must be so, until "convincing facts" clear their skirts of Black Republicanism. Why, there is capital enough in St. Louis, to commence any and every manufacturing branch required. The same may be said of New Orleans, Memphis, and Louisville. The Northern merchants an compare their Southern sales up to the first of Sepprevious, and we think by the time the November, or residential election, comes on, they can decide whether t is better for them to have a black Republican President nd no trade in the West and South-which comprises four fifths of all their sales-or a good Southern trade and Demogratic President, who will recognize no North, no East, no West, no South, but the entire U tion. We are inclined to think the latter will be the most preferable. impending crisis." The Legislatures of Kentucky and Ind., where they were received with extravagant enthusism. Tuesday evening they visited Louisville, and were

entertained at a "Union Banquet." Several stirring Union neeches were made, and the following are the some of the patriotic regular toasts:

Tennessee—In this national crisis she will cherish in her heart of hearts the noble sontiments of her patriot hero: "The Union, it must be preserved."

Kentucky—If treason to the Union shall prevail in the North or in the South, our noble State will stand between the two sections as stood the people of old between the living and the dead, to stay the progress of the pestilence. (Repended to by the Governor of Kentucky.)

Tennessee and Kentucky—Twin sisters, bound together in an indissoluble embrace by geographical position, identity of interests, of habits, of manners and pursuits, and by a heart-felt devotion to our glorious National Union.

ressible connict of prejutine to should be an analysis and political duty.

(Responded to by Governor Willard, of Indiana.)

The Union-loving Men of the North—We hail with pleasure and reciprocate their manifestations of paternal regard. We honor them for their noble vindication of the Constitutional rights of the South.

(Responded to by a number from Tennessee and one from Kentucky.) From Louisville, they proceeded to Ohio, and were

reeted at every point with loud and enthusiastic cheers The excursion train, numbering seventeen cars, arrived at Cineinnati, from Columbus, on the 27th, containing the Kentucky, Tennessee and Ohio Legislatures, and the military of Springfield, Columbus and Dayton, and was received at the depot by an immense crowd of citizens. A procession was formed and marched through the streets, which were densely thronged, to Pike's Opera House, where the reception took place. The hospitalities of the city were tendered by Mayor Bishop. Speeches were made by Judge Storer, Gov. Magoffin, of Kentucky, Lieut. Gov. prevailed, and the Opera House was througed to its utmost capacity. The crewd in the neighborhood of the Opera House was the greatest ever witnessed in Cincinnati. The force a passage for the procession. It appeared as if the whole city had turned out to welcome the distinguished guests. The enthusiasm was intense. The streets were corated with flags, mottoes, &c. In the evening a grand Banquet came off at the Burn

House, and the next day the entire Fire Department was on parade. This has been a most happy re-union between Cennessee and Kentucky on the one side, and Ohio and Indiana on the other. These States, with Illinois and Iowa are ready and willing to stand by the South, in the hour of trial, for her constitutional rights and privileges Gov. Wickliffe, of Louisiana, in his retiring message t the Legislature, recommends that that State should meet in convention with the other Southern States, to consult together and adopt means of mutual safety. He thinks that the South should adopt retaliatory measures against the North, in self-defense, if it can be done without violation of law. As to the manner of retaliation, the Governor of Louisi ana says that distinguished jurists, men learned in the law have expressed the deliberate opinion that the Legislature of any State can, by a system of licensing, or by specia taxation, inflict such discrimination upon goods, when exposed for sale within their jurisdiction, as will amount to absolute prohibition. On this point he expresses no positive opinion, and only suggests the subject, it having been

favorably mentioned in high quarters.

It seems to be the intention of the people of Minnesota to so amend the Constitution of that State-by cutting down all departments of the Government, either in salaries or number of officers; reducing the Legislature one-half-15 Senators and 45 Representatives, and in this and othe ways simplifying the governmental machinery and vermuch reducing expenses. The Nebraska Territorial Legislature adjourned on the

It is said that the peach buds in the vicinity of Bloom ington, Ind., have all been killed by the frost. We have the same information from various parts of Ohio. (not Old Bullion,) Secretary of the Board of Education, is also six feet. Elijah Sells, Secretary of State, makes up in vidth what he lacks in length.

Politically, we have very little of interest to report. There are now some six or eight names suggested as Governor for this State. The different counties are selecting their delegates to the State Convention, which promises to be one of the largest, as well as most important meetings of the Democracy ever held in the Border State. The delegates to the Charleston Convention, we are inclined to think, will go uninstructed, but if instructed will support Daniel S. Dickinson first, John C. Breckinridge next, and the nominee of the National Convention whoever he may be

More Swindling .- The Republican State Treasurer of Michigan has followed in the footsteps of the Rev. Peck, of Maine, and is found to be a defaulter, according to the report of the commissioners appointed to audit his accounts. The following is the conclusion of the report, which contains the whole gist of the matter:- "We therefore find that the said John McKinney has received of the State of Michigan, as State Treasurer, the said six last mentioned sums of one hundred and ten 75 100ths dollars (\$110.198 75) which we do not find to be in the State Treasury, or secured by approved bonds, as required by law."

FRIGHTFUL CATASTROPHES.—The mails and telegraph bring a series of horrors. A tene ment house in New York was burned on Thursday night, by which some thirty or forty lives were lost. An explosion on Friday, in Ames & Molton's hat factory, New York, demolished the building, burying twelve or fifteen workmen in the ruins. The residence of Daniel Early, near Hyde Park, Pa., was burned on Thursday night, three children perishing in the flames. Three fine residenes on Lexington avenue, New York, were also burned on Thursday night. Six cars, freighted with twelve hundred bales of cotton were burned on the South Carolina Railroad on Tuesday.

Nor TRUE.—The story copied into the Republican papers, from the Carlisle Herald, hat Mr. Jacob Dorsheimer, of Mechanicsburg Cumberland county, Pa., who has recently purchased land in Virginia, was compelled to eave the State, a few weeks ago, on suspicion of being concerned in an insurrectionary movement-a load of guano, which he was hauling home, having been mistaken for powder !- turns out, as we suspected at the time, to be a wholesale falsehood and hoax.-Mr. Dorsheimer has authorized the Harrisburg Patriot d: Union to say that there is not a word of truth in the story. molested during his visits to Virginia, and has always been kindly treated by all the Will the Republican that State. papers please "overhaul and make a note of?

THE GAMBLING HELLS OF WASHINGTON .- A correspondent of the Hartford Post thus speaks of the gambling hells of Washington: The gamblers, it is said, have suffered severely by the scarcity of money here, and several well known establishments are reported as nearly bankrupt. There are about forty of these "hells," mostly on Pennsylva nia avenue, in the vicinity of the National Hotel, although Jo. Hall (who succeeded Pendleton) has fitted up a house near Willard's. Supper tables are set nightly at all of them, good fare and choice wines attracting many, who afterwards are tempted to play. Of course, the "bank" has great chances in its favor, or these establishments could not be supported, and this is generally known. But a fascination for the excitement, with a hone of a run of good luck, prompts hundreds hazard more or less.

Strange stories are told of those afflicted doing all in their power to bring about a better recling, but if it cannot be done, the people are ready for the worst of vices.  $\Lambda$  prominent politician now court about ten years since, actually lost his outfit" and first quarter's salary the very day on which he drew it from the Treasury. and had hard work to borrow enough money to leave the country with. A Senator, more lucky, once won over eight thousand dollars in a single night; and similar tales of gain and of loss are told about men who occupy high position in political life. It is to regretted that some legislation cannet be vised by which these foul excrescences on life at the national metropolis can be cut off.

FAST WORK .- Mr. Thomas Rambo, of this city, made in one day last week, of 94 hours' work, 225 horse shoes, of which number 27 were forged in the first hour! This is fast work, and hard to beat, but it was in a manner Washington street, between Fourth and Fifth who turned out 245 herse shoe nails in one hour! Messrs, Rambo and Gehris are decidedly a fast team in the blacksmith line. Can anybody beat them?—Reading Gazette.

The members of the Kentucky and State officers of those States, visited the Legislature of Ohio, at Columbus, week before ast, and were received and treated in a very handsome manner.
