I N PRESENTING YOU WITH DR. EATON'S INFANTLE CORDIAL, we desire to state its superiority over every nostrum that nurse or quack has beretofore offend you. First—It is the preparation of a regular physician, who is well qualified from much experience in infantile com-plaints to prescribe for them. Secondly—It is entirely free from paregoric or opiste of aby kind, and consequently releves by removing the suffering of your child, instead of deadening its sensibilities. Thirdly—It is put up with great care, as a comparison of it with any other article for infantile complaints will show; the very roots from which it is distilled being day from the forests under the direc-tion of Dr. Eston, many of them by his own hands.— Fourthly—It is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is its the inert over every other preparation, viz:

tion; also, an extra light slate on hand for rooting on top of shingles. I have enlarged my Store Room, which will give me greater facilities for keeping a larger stock of Agricul-tural Implements and Seeds than ever has been offered to the public before, and hope by giving it my personal at-tention, will receive a share of public patronage. DR. BRONSON HAVING BEEN SO FAR reduced by Consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years practice—as a last resort, conceived the idea of ANALVZING THE BLOOD, and applying the subject of physiology to the more immediate connection, and effect of the state of the blood upon the health and system.— The result has been the production of this "BLOOD FOOD," from the use of which Dr. Bronson was restored to perfect health. Within six months after its introduc-tion, over two thousand consumptives were effectually cured by it. If you have any complaints of a consump-tive tandency, *Chugh Oold*, *Hand Ache*, *Faiplichin of the Hart, Loss of Apptite*, or *Phin in the Side*, loss no time in procuring a bottle of the "BLOOD FOOD." if *You are* suffaring from Nervous Debility, or your sieep is broken and disturbed, if your Spirits are Depressed or your Organs relaxed, you will find in this au unfalling remedy, by commencing with ten drops. THE NUTMEG GRATER

Exec

BY THE BABD OF TOWER HALL. She rose, without the aid of yeast, As rosy as the dawn, And sweetly as the lark she sang A welcome to the morn. A Yankee lad for Bessy sighed, And wished her heart to win-He owned a carriage—'twas a cart, From which he peddled tin. A nutmeg grater he did-give To Bessy, and he said: When you a nutmeg grate on this, Then think of Yankee Jed." Fair Bessy sought the house, and she Her mother did astonnd; She grated up the nutmegs all. Which in the house she found; And, when her mother's little stock She'd grated all away, The last "red cent" she had on earth For nutmegs she did pay. The Yankee called again, to see If Bessy, young and fair, Would take a ring, and, as his wife, The ring forever wear. He asked her fondly if she would, And joy his heart did fill, For Bessy answered, "Yes, siree, I rather guess I will!"

"I reckon, then," said Yankee Jed "We will be spliced this Fall-To Philadelphia I'll send To Philadelphia Fil send And buy at Tower Huil,

A suit of CLOTHES that can't be beat, Unless my pretty wife Should use the broom-stick on her Jed, For 'woman's rights ' in strife."

He bought the suit, and, by a squire Were joined the happy twain— They live and love within a cot, Away "Down East," in Maine. Upon a pleasant, grassy slope Their humble cottage stands: A Jeddy jr in it plays, A grater in his hands.

And Bessy to her baby sings, "My darling you are small, But you will grow, and soon will wear Some clothes from Tower Hall; For as your father made me his, In wedding suit from there, His second self, my little Jed, No other clothes shall wear."

Scrofula, or King's Evil

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, dis-ordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection.
