Postmasters at offices on or near railroads, but more than eighty rods from a station, will, immediately after the 31st of March next, report their exact distance from the nearest station, and how they are otherwise supplied with the mail, to enable the Postmaster General to direct a mail-messenger supply from the 1st of July next. 19. Bection eighteen of an act of Congress approved March 3, 1845, provides that contracts for the transporta-tion of the mail shall be 1st "in every case to the lowest bidder tendering sufficient guaranties for faithful perfor-mance, without other reference to the mode of such trans-portation than may be necessary to provide for the due celerity, certainty, and security of such transportation."-Under this law, bids that propose to transport the mail with "celerity, certainty, and security" having been de-cided to be the only legal bids, are construed as providing for the entire mail, however large, and whatever may be the mode of convergance necessary to insure it " celerity, certainty, and security." and will have the preference over all others. 20. A modification of a bid in any of its essential terms is tantamount to a new bid, and cannot be received, so as to interfere with a regular competition, after the last hour set for receiving bids. Making a new bid with guaranty and certificate, is the only way to modify a previous bid. 21. Postmasters are to be careful not time the suffi-clency of guarantors or sureties without knowing that they are persons of sufficient responsibility; and all bid-ders, guarantors, and sureties are distinctly notified that on a failure to enter into or perform the contrates for the service proposed for in the accepted bids, their legal liabil-ities will be enforced against them. 22. The IRON being absorbed by the blood, and thus circulating through the whole system, no part of the body can escape their truly wonder-ful influence. The experience of thousands daily proves that no preparation of Iron can for a moment be compared with it. Impurities of the blood, de-pression of vital energy, pale and otherwise sickly complexions indicate its necessity in al-most every conceivable case. In all cases of female debility (fluor albus, chlorosis, etc.), its effects are delightfully renovating. No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good app-tit, com-plete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

As a grand stomachie and general restorative it has no superior and no substitute. THE GREATEST MEDICAL DISCOV-ERY OF THE AGE.-Dr. KENNED, of Roxbury, has discovered, in one of our common pasture weeds, a romedy that cures EVERY KIND OF HUMOR,

EVERY KIND OF HUMAR, from the worst Scrofild down to a common pinple. He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humar). He has, now in his poseession over two hundred certificates of its virtue, all within twanty miles of Boston. Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the diffect of it in overy case.-Bo anre as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known nutil I discovered it in 1846-second, that it should cure all kinds of humor, I order to give some dea of the suddan rise, and great opularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day—in April, 1854, I sold over one thousand bottles per day of it. Some of the wholesale Druggists who have been in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters. I N PRESENTING YOU WITH DR. EATON'S INFANTLE CORDIAL, we desire to attact its superiority over every nostrum that nurse or quack-has heretofore offered you. Secondy--It is entirely relieves by removing the suffering of your child, instead of deadening its ensibilities. Thirdly--It is put up with great care, as a comparison of it with any other article for infantile complaints will show; the very roots from which it is distilled being dug from the forests under the direc-tion of Dr. Raton, many of them by his own hands.--Kourthly--it is perfectly harmless and cannot injure the most addicate infant, and is a certain cure and relief in all the following cases, which is its chief merit over every other preparation, viz: FOR ALL COMPLAINTS ATTENDING TEETHING ; such as DYBENTERY, COLIG, &c.; also, for softening the gums and relieving pain.
