Mn. GIFFIN—Dear Sir: It is now near the close of your second term of school in this place, and I feel very greatly gratified in seeing your prospects of making Coatesville Seminary second to none in the country. After becoming fully acquainted with your mild, but firm discipline, and close attention to your pupils recitations, as manifested in the improvement of my son, I feel myself under obligations to recommend all my acquaintances and friends to send their sons and daughters to your school.

This is to certify that I made a fair trial of the sample of Super Phosphato of Lime, presented to me by George A. Leinau. I used it in the cultivation of various kinds of Garden Crops and always with the very best results—Its effects upon Cabbage, Beets and Potatoes is particularly striking—by the rich dark green of their tops, as well as the size to which they grow. It is also an excellent top dressing for grass—and I am satisfied when it comes to be well known it will be regarded with great favor as a Fertilizer, and will work its way into general use.

JOHN WATT,

Gardener to the President of the United States.

Farmers read on: Hear what Ka-Governor Snyder's son, of Selin's Grove. Union county, Pennsylvania, says of Leinau's Fertilizer upon his grass lands—the swath was so heavy as to make it a heavy job to mow it, and upon my wheat, top dressed it surpassed any thing used in our county. I have used it for years and recommend it to farmers generally.

Hear what Isaac Reeves, says: I have used Leinau's Fertilizer for years in succession on my 2 farms below Red Bank, New Jersey, and have found it effects superior on a all my crops, to any thing I ever used. My ground has become very rich by its use and I recommend it to Farmers and Truckers.
