inches in rise, contains thirty-nine figures, and is beyond comparison the finest work of the kind ever offered as a premium in this country.

'The engrying of Frith's picture of Merry-Making in the Olden Time, represents the humors of an English holiday in the country in those good old times when the men were cocked-hats and knee breeches; and this women stays and hoope—a costume not issentially differing from the corset, and crinciline of the present day. Almost in the centre of the picture and a little to the back-ground is a country dance on the green, with a hard-festured fidder—perched on a high seat, and another musician in a tie-wig standing by him, playing, with all their might. On the right two bouncing girls are gally pulling toward the dance a gray-haired man, who seems wally to remonstrate that his 'dancing days are over,' while a waggish little child pushes him forward from beining greatly to the amusement of his spoince, who is still stiting at the testable, from which he has been dragged. In the left, under a magnificent spreading oak, at the 'squire and his wife, whom a countryman with his hat off is respectfully inviting to take part in the dance. To the left of the 'squire is a young couple on the grass, to whom a gipsy with an infant on her shoulder is talling their fortune. Over the shoulders of this couple in seen a group engaged in quest-playing, and back of the whole is a landscape of gentle slopes and copses. The picture has the expression of gyety throughout and the engreeving is spendidly executed. It is fresh from the burnin of Hotz, not having yet been published in England.'

A MERICAN AND FOREIGN STEREO
E. ANTHONY, 308 BROADWAY, NEW YORK,
After May 1st, 1860, at 501 BROADWAY, two doors from
the St. Nicholas Hotel,
The Stereoscope is the most instructive, interesting, entertaining, amusing, and exciting of modern inventions.
None are too young, none too old, none too intelligent,
none too uneducated, to acknowledge its worth and beauty.
No home is complete without it, and it must and will
penetrate everywhere.
It presents to your view every part of the world, in all
the relief, boldness, perspective, and sharpness of detail,
as if you were on the spot.
Photographers are everywhere exploring Europe, Asia,
Africa, America, in search of the grand and the beautiful,
and the results of their skill are constantly enriching our
stock. MERICAN AND FOREIGN STEREOand the results of their skill are constantly enriching our stock.

We have an immense variety of paper Views of Scenes jin Paris, London, England, Scotland, Ircland, Wales, Erance, Belgium, Holland, Switzerland, Spain, The Rhine, Versailles, St. Cloud, Pontainebleau, Tulleries, Italy, Turkey, Egypt, Athens, the Holy Land, China, India, Crystal Palace, also Groups Historical, amusing, marriage scenes, breakfast scenes, pionics, statuary, &c., &c. An exquisite assortment of Huminated Interiors of Palaces, Churches, and Cathedrals of France, Italy, &c., &c. The effect of these filuminated views is most remarkable.

Every gentleman of wealth and refined taste should have in his drawing-room some of our exquisite views on glass, with a revolving steroscope, showing 12, 25, 50 or are in his drawing-room some of our exquisite views on plass, with a revolving stereoscope, showing 12, 25, 50 or (00 scenes: Nothing can be more facinating, and one can offer no greater treat to a friend fond of the picturesque

Parties who wish to be advised of everything really valuable in the line that comes out, may send us their names to place on record, and we will keep them posted at our own expense.

Men of loisure will find Photography a most fascinating and delightful amusement. We are prepared to fit out amatours with everything necessary for their success together with instructions "How to take Steroescopic Fictures."

E. ANTHONY, Importer and Manufacturerof Photographic Materials, Steroescopes and Steroescopic Photographic Materials, Steroescopes and Steroescopic Otews.

32 Marchants from every section of the country are respectfully luvited to make an examination of our stock, as our discount to the trade will be liberal.

TO Photographers.—First class stereoscopic Negatives wanted.

nted. Send by mail a print unmounted, with price of Negatives 4m 52

ORNAMENTAL BEANGES:* While it is well and proper

the Chrestomathy, Biblia Hebraica, Gesenius' Hebrew Lexicon.

ORNAMENTAL BRANCHES: While it is well and proper that Young Ladies and Goulemen should be taught Music, Drawing, Painting, &c., it is at the same time highly culpable, to neglect for these Branches, the practical and useful studies, which determine the intellectual status of an individual. Thousands of Young Ladies learn a little French, a little Music, &c., being ignorant of the plainest principles of Grammar and Mathematics. An Education is an injury rather than a beneft, if the mind be not trained in the right way. Acquire first, if possible, the solid Branches, and then the mind will be prepared for the Fine Arts.

Music—Vocal and Instrumental—Plano, Violin, &c.

In the department of Languages, the classes are practised in oral and written exercises; and particular attention is given to the pronunciation of the Language the student may be acquiring.

Ladies can substitute Music for some other branches, if they desire it.

glass, with a revolving steroscope, showing 12, 25, 50 or 100 scenes: Nothing can be more facinating, and one can offer no greater treat to a friend fond of the picturesque and the beautiful.

Anthony's Instantaneous Stereoscope Views are the latest Photographic wonder. They are taken in the fortiest part of a second, and everything no matter how rapidly it may be moving, is depicted as sharply and distinctly as if it had been perfectly at reat. This gives an additional value, for to the beautifs of inaniumate nature it adds the charm of life and motion. The process is a discovery of our own, and being unknown in Europe, we receive from London and Paris large orders for Anthony's Instantaneous Views of America life and scenery.

Among other things we have just published Stereoscopic Illustrations of the Scene of the Pulton Street Prayer Meetings, in which many hearts feel an interest. The particulars of this will be found in our catalogue.

Our Catalogue of subjects and prices will be forwarded to any address on receipt of a stamp. Parties at a distance sending us \$3, \$5, \$10, \$15, \$20, or \$25 can have a good instrument and such pictures as they may request, sent by Ezpress.

Each student will be charged from the time he or she may enter the Institution, until the end of the Session; and no deductions will be made under any circumstances, except in case of protracted sickness.

ADMISSION: All Students from a distance, male and female, are required to beard in the Institution, and be subject to the rules and regulations ordained for the proper management of the School.

SESSIONS: The Collegiate way is divided into two sees

management of the School.

SESSIONS: The Collegiate year is divided into two sessions. The sessions in 1859 and 1860 will commence the first day of November, (Tucsday,) and the first day of May, (Tucsday.)

ROOMS AND CLOTHING: The rooms are furnished with all heavy articles, and comfortable bedding; but the students must bring their own towels, brooms, and basins. Students should be supplied with durable clothing, heavy boots and shoes. All articles of clothing should be carefully marked with the name in full.

DISCIPLINE: The discipline is mild, decided, and impartial. tial.

Religious Worship: Each student is required to attend religious service every Sabbath, in whatever-church he or she may wish, or parents designate. The Bible is read every morning in the school without sectarian comment.

Lectures on Agricultural Chemistry: Lectures will LECTURES ON AGRICULTURAL CHEMISTRY: Lectures will be delivered during each term, on the nature, origin, and characteristics of soils and subsoils; also, on the application of Chemistry to Practical Farming.

MERIT AND DEMEST: A record is kept of each recitation, which is graded from 1 to 10—10 being the highest mark, either for recitation or deportment.

The Manner of Conductive The Rectations: In all the different branches, whichever one the student may be studying, he is required to give a clear demonstration of his subject, and assign a reason for each step as he progresses. All the sciences are taught on the principles of analysis and induction, so far as possible.

TESTIMONIALS.

Coatesville, July 29th, 1859.

Having been acquainted with James E. Glifin, Eaq., since he has become proprietor of the Coatesville Seminary, I take pleasure in saying that I consider him very competent as a teacher, and very courteons as a centleman, and most cheerfully recommend him, and the Institution over which he presides, as most benefiting to all persons having children for whom a thorough education is desired. My daughter is at present a student in the institution.

Coatesville, July 29th, 1859.

children for whom a thorough education is desired. My daughter is at present a student in the institution.

I. O. THOMAS.

Coatestille, July 29th, 1859.

Mr. Giffin—Dear Str.: It is now near the close of your second term of school in this place, and I feel very greatly gratified in seeing your prospects of making Coatesville Seminary second to none in the country. After becoming fully acquainted with your mild, but firm discipline, and close attention to your pupils recitations, as manifested in the improvement of my son, I feel myself under obligations to recommend all my acquaintances and friends to send their sons and daughters to your school.

Coatestille, July 29th, 1859.

I cheerfully commend to the public, and especially to my friends, the Seminary of James E. Gffin, located at this place, as being especially worthy of patronage. My son having been a pupil for the last term of this Institution, I can speak with confidence of the fidelity of the Principal as a teache—his suavity of manner, yet firmness as a governer, and his entire gentlemanly deportment in all his relations.

Mr. James Giffin—Sin: We most cordially recommend to public favor your most excellent School. One of the firm having had a son in your Institution, and the other melts, and thorough instruction given in Coatesville Seminary.

THOMAS S. YOUNG & CO.

From my personal knowledge of Mr. Glifin, Principal of Coatesville Seminary and his method of instruction, it gives me pleasure to be able to recommend to parents and guardians this institution as a place where their sons and daughters or wards will receive every attention which their consfort and thorough instruction and supervision of James E. Gffin, Principal. Having had a son under his care for nearly two sessions, I can speak advisedly and would recommend this flourishing Seminary to the consideration and inquiry of parents and guardians.

Language of the difficulties of the second of the first we have in our midst a well-conducted and thorough institution, and er the control and sup

JAS. PEOPLES.

COATESVILIX, August 13, 1859.

I recommend James E. Giffin as in every way competent to discharge the duties of a faithful teacher, and know that the Institution is in a flourishing condition. No parent can send his son or daughter to a better Institution.

CROVER & BAKER'S CELEBRATED

NEW TYLES—PRIOES PROM \$50 TO \$125.

INTERMACHARGE OF \$5 FOR HEMBERS.

730 Chestnut street, Philadelphia. 495 Broadcoy, N. York. Agencies in all principal Cities and Towns in the U. S.

These Machines sew from two spools, as purchased from the store, requiring no re-winding of thread; they Hem, Foll, Gather and Stitch in a superior style, finishing each seam by their own operation, without recourse to the hand needle, as is required by other machines. They will do better and cheaper sewing than a seamstress can, even if she works for one cent as how, and are, unquestionably, the best Machines in the market for family sewing, on account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing, on account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing, on account of their simplicity, and without special adjustment.

As evidence of the unquestioned superiority of their Machines, the Grover & Baker Sewing Machine Company beg leave to respectfully refer to the following

"Having had one of Grover & Baker's Machines in my family for nearly a year and a half, I take pleasure in commending it as every way reliable for the purpose for which it is designed—Family Sewing.—Mrs. Johns Leardit, wife of Rev. Dr. Leavid, Killor of N. Y. Independent.

"I am delighted with your Sewing Machine, which has been in my family for many months. It has always been ready for duty, requiring no adjustment, and is easily adapted to every variety of family sewing, by simply changing the spools of thread."—Mrs. Eliabeth Strickland, wife of Rev. Dr. Strickland, Editor New York Christian Advocate.

"After trying several different good machines, I preferred yours, on account of its simplicity, and the perfect ease with which it is managed, as well as the strength and durability of the easily keyl of family swing."—The Abort Booman, New York.

"Your sewing Machine has been in use in my family the past two years, and hav bined qualities of beauty, strength, and simplicity, are invaluable."—J. W. Morriz, daughter of Gen. Geo. P. Morriz, Editor of the Home Journal.

Extract of a letter from Thos. R. Leavitt, Esq., an American genticum, now resident in New South Wales, dated January 12, 1858:

"I had a tent made in Melbourne, in 1853, in which there were over three thousand yards of sawing done with one of Grover & Baker's Machines, and a ringle seam of that has outstood all the double seams sewed by sailors with a needle and twine."

"If Homer could be called up from his murky hades, he would sing the advent of Grover & Baker as a more benignant miracle of art than was ever Vulcan's smithy. He would concern midight shirt-making as 'the direful spring of wees unnumbered."—Prof. North.

"I take pleasure in saying that the Grover & Baker Sewing Machines have more than sustained my expectation.—After trying and returning others, I have three of them in operation in my different places, and, after four years' trial, have no fault to find."—J. H. Hammond, Scnator of South Carolina.

have no fault to find."—J. H. Hammond, Senator of South Circlina.

"My wife has had one of Grover & Baker's Family Sewing Machines for some time, and I am satisfied it is one of the best labor-saving machines that has been invented. I take much pleasure in recommending it to the public."—I. G. Harris, Governor of Tennessee.

"It is a beautiful thing, and puts everybody into an excitement of good humor. Were I a Catholic, I should insit upon Saints Grover and Baker having an eternal holiday in commemoration of their good deeds for humanity."—Gassius M. Clay. in commemoration of their good deeds for humanity."—Gustius M. Clay.

"I think it by far the best patent in use. This Machincan be adapted from the finest cambric to the heaviest case simere. It sews stronger, faster, and more beautifully than one can imagine. If mine could not be replaced, money could not buy it."—Mrs. J. G. Broom, Nushville, Tenn.

FARMERS' SPECIAL ATTENTION 11:

Washington Citt, D. C.,
March 2nd, 1860.

This is to certify that I made a fair trial of the sample of Super Phosphate of Lime, presented to me by George A. Leinau. I used it in the cultivation of various kinds of Garden Crops, and always with the very best results—
Its effects upon Cabbage, Beets and Potatoes is particularly striking—by the rich dark green of their tops, as well as the size to which they grow. It is also an excellent top dressing for grass—and I am satisfied when it comes to be well known it will be regarded with great favor as a Fertiliser, and will work its way into general use.

Gardener to the President of the United States.

Farmers read on: Hear what Ex-Governor Snyder's son, of Selin's Grove, Union county, Pennsylvania, says of Leinau's Fertilizer upon his grass lands—the swath was so heavy as to make it a heavy job to mow it, and upon my wheat, top dressed it surpassed any thing used in our county. I have used it for years and recommend it to farmers generally.

Hear, what Isaac Reeves, says: I have used Leinau's Fertilizer on is succession on my 2 farms below Red Bank, New Jersey, and have found its effects superior on all my crops, to any thing I ever used. My ground has

THE GREATEST MEDICAL DISCOVERY OF THE AGE.—Dr. KENEND, of Rochury, has discovered, in one of our common pastnre weeds, a remedy that cures

EVERY KIND OF HUMOR, from the worst Scrothild down to a common pimple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.) One to three bottles will cure the worst kind of Pimples on the face. Two bottles are warranted to cure the worst kind of Pimples in the face.

Two bottles are warranted to cure the worst canker in he mouth or stomach.

Three to five bottles are warranted to cure the worst case.

Three to five bottles are warranted to cure the worst case of Erysplelas.

One or two bottles are warranted to cure all humor the Eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.
One bottle will cure scaly eruption of the skin.
Two to three bottles are warranted to cure the worst running ulcers.
One bottle will cure scaly cruption of the skin.
Two to three bottles are warranted to cure the worst cases of ringworm.
Two to three bottles are warranted to cure the most desperate case of ringworm.
Three to four bottles are warranted to cure the sait rheum.
Three to four bottles will cure the worst case of scrofuls!
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.
Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.—So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it, but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor, In order to give some idea of the sudden-rise, and great popularity of the discovery, I will state that in April, 1863. I peddled it and sold about six bottles per day—in April, 1864, I sold over one thousand bottles per day—in April, 1864, I sold over one thousand bottles per day—in April, 1864, I sold over one thousand bottles per day—in the business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epiloptic fits—a disease which was always considered incurable, have been cured by a few bottles.—O, what a mercy if it prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Anthma, Fever and Ague, pain in the side. Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

Ne change of diet ever necessary—eat the best you get and enough of it.

DIRECTIONS FOR UEZ.—Adults one table spoonful per day—Children over ten years dessert spoonful. Children from five to eight years: tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day. Maunfactured by
